

PUBLIC WORKS DEPARTMENT

AGENDA ITEM REPORT

TO: Mayor and City Council

FROM: Porter Massengill, Director

DATE: January 14, 2026

SUBJECT: Replace Altitude Valve at Industrial Park Tank-Extra Work

BACKGROUND:

- City Council was previously notified of an expenditure of \$28,116.00 for parts and labor to replace the altitude valve at the Industrial Park water tank. This work has been completed.
- Unfortunately, as often happens when blending old plumbing with new, leaks occurred on the old piping after work was completed.

FISCAL IMPACT:

This memo is to notify Council of the need to expend an additional \$12,943 on parts and labor to completely repair said piping.

REQUEST/RECOMMENDATION:

This is notification only, as the project requires no budget amendment, and the extra expense will be paid out of the same budget line (18178).
