Greetings Jerome City Council and Town Manager,

We are looking forward to our Art and Music Festival event and have had nothing but great feedback from the residents.

It has come to my understanding that staging was discussed after last night's meeting. To clarify, we are not putting a big concert stage in the park. **It is a 2 foot riser that is 10 by 12 feet**, mainly for security concerns with cords, cases and what not tucked safely under. This is also so people can see the band without crowding around or climbing on anything. This will also protect the grass with equipment on the riser and not on the ground.

There is no tent cover or big production. In my opinion, it would be a safety issue to not have a riser.

Our insurance is covering the event, we have gone through a professional company that will install the riser and we have already paid for this. We will also have our own security and there will be no alcohol sold at the event and it is in the daytime.

Please let me know what the concern is with the riser? It is the same exact size as the riser user for the fireman's ball, without the cover or light show.

Best,

Ginger Mackenzie
