Purpose of the Forum

The Master Development Plan Forum Work Session is being organized to gather input and feedback from community stakeholders, including residents, business owners, and potential redevelopers, on the future direction of development within our Town. This meeting serves as an opportunity to share your ideas, concerns, and vision for what you would like to see included in a comprehensive master plan that will guide the town's growth, infrastructure, land use, and overall community development.

Your voice and participation are essential to ensure the plan reflects the priorities and values of those who live, work, and invest in our community.

**Please Note: The date of the forum meeting is still to be determined.
Selected applicants will be notified once the date is confirmed.**
