APPLICATION OF INTEREST: MASTER DEVELOPMENT PLAN FORUM WORK SESSION

Purpose of the Forum

The Master Development Plan Forum Work Session is being organized to gather input and feedback from community stakeholders, including residents, business owners, and potential redevelopers, on the future direction of development within our Town. This meeting serves as an opportunity to share your ideas, concerns, and vision for what you would like to see included in a comprehensive master plan that will guide the town's growth, infrastructure, land use, and overall community development.

Your voice and participation are essential to ensure the plan reflects the priorities and values of those who live, work, and invest in our community.

**Please Note: The date of the forum meeting is still to be determined.
Selected applicants will be notified once the date is confirmed.**

Brief Statement of Interest

Please use this space to describe your interest in the project. This includes concerns about existing conditions and issues in existing land use, as well as your vision for the future of the town and the need to have a master plan.

I would like to see Juno Beach keep its small town feel as much as possible. This includes concerns about increasing traffic and threats to existing local businesses. My experience in fiscal, economic and planning issues helps to influence my views and the need to base decisions and supportable information.
