RE: 844 Oceanside Dr.
Juno Beach, FL 33408
Permit #: 21-9565

Attention: Building Department,

We are requesting an extension on the mentioned permit. The reason for the extension request is the original GC failed to perform work in a timely manner and that ultimately led to the change of contractor. Current job status is flooring is being installed. What is left to be done is kitchen cabinets and quartz installation, Bath and shower tile installation, Glass balcony railings, Elevator installation, Pavers and Landscape. We are hoping to have this all done within the 90 days. Please do not hesitate to contact me if you have any questions.

Thank you,
