VARIANCE REQUEST

Section 86-38. of the Jonesboro Zoning Ordinance allows for the issuance of an Administrative variances. An administrative variance may be granted up to ten percent of the standards of the above referenced chapter. In addition to the Variance Request, please provide a Letter of Intent to include each needed variance and the section of the City's code that pertains to each variance.

Please contact the Jonesboro City Hall (770) 478-3800 and speak with the City Clerk for further information.

Property Information:

Address: undeveloped land - no current address

Parcel Identification Number: combination of: 06032A B002; 06032AB002Z; 06032A B006;

Size: 9.095 acres

Owner: Casey VI Real Estate Holdings, LLC

Note: if applicant is not the owner, the applicant must provide written permission from the owner – notarized, and owner's contact information. See Jonesboro City Hall staff to obtain permissible document.

Applicant Information:

Applicant Name: Max Kovtoun

Mailing Address: 3715 Northside PKWY Bldg. 200 Ste. 175, Atlanta, GA 30327

Email Address: mkovoun@prestwickcompanies.com Telephone: 470.925.0270

PROJECT INFORMATION:

Section of Ordinance in which variance is needed: Sec 86-118 (o.) Sidewalks

Requesting Variance from: remove 2-foot-wide landscape strip between curb and sidewalk to: to 0 feet

Reason for Variance Request: *The goal is to maximize planting on the property where land is available. However, due to the size, shape, wetlands and stream bisecting the property, the 2-foot-wide landscape strip between curbs and sidewalks is not feasible.*

VARIANCE REQUEST

1. What are the extraordinary and exceptional conditions pertaining to the particular piece of property in question because of its size, shape or topography that are not applicable to other lands or structures in the same district.

The buildings are being developed on the difficult site with extreme topography, wetlands, and stream buffers.

2. List one or more unique characteristics that are generally not applicable to similarly situated properties.

This property will offer reduced rents as a part of LIHTC program administered by DCA.

3. Provide a literal interpretation of the provisions of above referenced chapter and/or section that would deprive the applicant of rights commonly enjoyed by other properties of the district in which the property is located.

The zoning code requires 2-foot-wide landscape strip between sidewalks and curbs. However, adding 2-foot-wide landscape strips as required would make it impossible to avoid encroachments into setbacks and wetland buffers.

4. Demonstrate how a variance prevents reasonable use of the property.

The parcel's irregular shape, compounded by the wetland boundaries, renders it essentially undevelopable, particularly since multi-family building typology is the most adaptable, aside from single-family residential.

5. Please explain the reasoning for the variance and state whether it is a result of the applicant.

The site and its setback along with wetland buffers are the result of the variance request.

6. Demonstrate how the variance is the only result to allow reasonable use of the property.

The additional width required to for the landscape strip will render this site undevelopable, since the multi-family buildings are by nature more compact that retail, institutional, or cultural buildings.

7. Will the granting of the requested variance be injurious to the public health, safety or welfare?

The reduction of the landscape strip will not adversely affect public health, safety, or welfare, nor significantly alter the project's compliance with the overall zoning intent.

8. Will the requested variance be in harmony with the purpose and intent of the above referenced chapter and/or section?

We are requesting the removal of the 2-foot-wide landscape strip. The community will have access to exterior amenities such as, pavilion, and exterior gathering area designated to out door activities and grilling.
