Requested Action: Requesting Approval		
Requirement for Mayor & Council Action: Requesting Approval		
Is this Item Goal Related? Yes.		
Summary and Background: The Jonesboro Youth City Government (JYCG) enters its fourth year of service with the swearing-in of its Fourth Administration following the successful completion of the 2026 Summer Leadership Institute. Over five intensive leadership sessions, thirteen scholars participated in civic education, leadership development, community service, team-building, public speaking, and local government immersion. The institute concluded with a democratic election process where students campaigned, voted, and selected their peers to serve in leadership positions for the coming year. Through this experience, scholars developed a deeper understanding of servant leadership, civic responsibility, and the expectations of public service. They are prepared to begin their term as the Fourth Administration of the Jonesboro Youth City Government and continue building the next generation of leaders for our community.		
Fiscal Impact: None
