Item Title:	Council to discuss Lee Street Park Water Fountain Update.	
Requested Action: None		
Requirement for Board Action: None		
Is this Item Goal Related? Yes		
Summary and Background: The three water fountains in Lee Street Park have not worked in several years. <u>Fountain #1- Market Area</u> Current Status: The fountain is operational, and individuals are able to access drinking water. However, there is an active leak originating from underneath the fountain structure. <u>Fountain #2- Amphitheater Area</u> Current Status: The fountain is partially functional. The center drinking fountain is operational and provides water access to patrons. The side fountain and pet bowl are not operational. <u>Fountain #3- Basketball and Tennis Courts</u> Current Status: The fountain remains out of service. The fountain is owned by the City, but the water service is confirmed to be owned and controlled by the school. Parts were ordered, this will be an excavation job removing concrete. A leak detection company has made a site visit, and will determine where the leaks are coming from and mark the areas that needs to be excavated. Once the areas are marked, PW will contact the plumber.		
Fiscal Impact: Projected to be less than \$5,000.00, from line item 4300-53-1160 (Park Supplies).
