Customers without approved Net Terms are required to submit full payment to start all production orders. Once payment is made, production lead times will be communicated. If a design proof is requested or needed to confirm design accuracy, allow 24 to 48 hours for proof delivery. Two design proofs are allowed with your order. All additional proofs will be $25 each. Please note, production lead times start once the design proof is approved. Rush fees will apply if you need your order sooner than the communicated lead time.
