VII. OLD BUSINESS

A. Council to discuss FY 2026 Budget.

Mayor Sartor stated, "if we do a millage rate, it needs to be based on the needs of the City's budget." The current proposed budget for FY 26 would require an 11 millage rate.

Councilmember D. Dixon said the current millage rate is at 8.5 mills. The value of the houses is going up tremendously (which comes from the County). He stated he is okay with increasing the millage rate to 9 mills and "to see if the City can work something out in order to keep the budget where we need it, and to help the senior citizens of the City, and pay the minimum amount of taxes as possible."

Mayor Sartor said she asked Ms. Karen Slaton-Dixon to create a budget based on 11 mills which would cover the debt service, elimination of about 12 positions, 2% cost-of-living raise, and \$500,000.00 in contingency. From the \$500,000.00 in contingency, the City would remove the deficient amount of \$200,000.00 which would leave the City with \$300,000.00.

Capital Expenses:

Mayor Sartor shared that the increase in the millage rate is for maintaining a quality of service. She stated, "what i was asking for would help with Capital Expenses such as":

- Public Works Department – Key vehicles that are currently used for service (8 vehicles are out of service).
- There are seven (7) vehicles that are utilized on a daily basis, with ages ranging from 17-32 years old.
- Chipper truck (1993), Bucket Truck, Small Sanitation Truck, Large Sanitation Truck,
- Back-hoe

- Water truck
- A/C Repairs

Parks:

Massingale and Battleground Park – Capital improvements are needed.

Ms. Slaton-Dixon provided the following updated information to Mayor and Council. She stated that she re-did the numbers based on 8.5 mills with nothing in contingency. Debt service would be covered, no funding for the 14 positions that were put on hold. A 2% increase for staff would be included.

- 9 mills with debt service included would give \$112,000.00 extra in the budget.
- 9.5 mills would give an extra \$224,000.00.
- 10 mills would give an extra \$336,000.00.
- 11 mills with leaving everything the same, would give an extra \$560,000.00 (this would allow the city to purchase the bucket truck and fund some of the 14 positions that were put on hold).

Ms. Slaton-Dixon recommended that the City create a Capital Improvement Plan so that the City do not have to go into the reserve.

Councilmember Miller spoke on integrity and how the previous Council had a plan to increase the millage rate incrementally. She also spoke regarding the 14 positions, services provided to the residents, the park, and the proposed budget.

Mayor Sartor asked Council if they had any further discussion, and there were none.

Councilmember D. Dixon suggested that Council review the budget and identify areas for reduction. Mayor Sartor read Sec. 2.27 of the Charter re. The Mayor is to prepare and submit to the council a recommended budget. Mayor Sartor asked Council what they would like to see changed.

Councilmember Miller said she is not comfortable doing under 10 mills. However, she is okay with 11 mills and to go into the reserve so that the City don't over burden the residents; and to keep the appropriate staff needed so services don't decline. The City will still need to go up next year.

Director Heard (Public Works Department) spoke regarding the key things they don't have. He spoke about Community Engagement. The citizens are concerned about quality, and they don't understand that the City doesn't have street sweepers. They need equipment, but the City is at a standstill.

Mayor Sartors asked what cuts Council would like to make. Mayor Pro-Tem Messick asked for more time to review the proposed FY 26 Budget. Councilmember Miller said she respects the fact that Council may need more time, however, to keep in mind that the millage rate must be set by August 25, 2025.

Mayor Sartor asked Councilmember D. Dixon what he would like to cut. He spoke about the City paying 100% of the staff health insurance premium and regarding property insurance and group insurance. Mayor Sartor asked Council if they wanted to cut salaries, positions, travel, uniforms, etc. Council agreed to keep the 2% raise for staff, keep staff at 100% of premium being paid by the City. Councilmember D. Dixon said he would be prepared to provide budget cuts by the next Council meeting.

Mayor Sartor asked Council to come to the Budget Meeting (#3) on August 7, 2025, with specific budget items they believe should be eliminated from the FY 26 proposed budget.

Councilmember Lester agreed. Councilmember Miller confirmed that the only difference from the proposed budget received today, and the one received on July 25, 2025 was the salary cuts and the healthcare offset. Therefore, she doesn't have any items to cut from the proposed budget. Ms. Slaton-Dixon agreed to the changes along with contingency being increased. Councilmember Miller said she can attend phone. Mayor Pro-Tem Messick and Councilmember A. Dixon said they would be present as well.

A motion was made for a Special Called Budget Meeting for Thursday, August 7, 2025 at 6:00 p.m.

RESULT: Approved (Vote was unanimous)

Mayor Sartor asked Councilmember A. Dixon who was going to pay for the park. He stated funding options may include private partnership, grants, and City's budget allocation. Mayor Sartor recommended revisiting this item at a later time. Currently, the City has two other parks that needs renovating and would need Capital money to improve the new one. She is not opposed to revitalizing Key Street Park and will not support an RFP at this time. Lastly, she stated, "need to maintain the parks that we already have and see how the budget looks first."

Councilmember Miller inquired about the cost of fixing Key Street Park. Mayor Sartor said an outline of what is needed to fix the park would be required. However, Mayor and Council would need to come together first, and decide on the vision for the park.

- F. Council to consider approval of the proposed expansion for the Arts and Entertainment District.

Councilmember A. Dixon led the discussion. He stated, "to permit the gas station, include the parcels facing Main Street from Spring Street and Main Street to North Avenue, include the Community Garden, and the Exxon Gas Station that is located on the corner.
