I. INTRODUCTION

A. Intent and Purpose.

The Town intends that this Service Plan grant authority to the District to provide for the planning, design, acquisition, construction, installation and financing of Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The Town and the District acknowledge that the District is an independent unit of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law, this Service Plan or an intergovernmental agreement with the Town, the District's activities are subject to review by the Town only insofar as the activities may deviate in a material manner from the requirements of the Service Plan. The District is a residential district.

B. Need for the District.

There are currently no other governmental entities, including the Town, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation and financing of the Public Improvements or the ownership, operation and maintenance of the Public Improvements that are not accepted for ownership, operation and maintenance by the Town or another entity. Formation of the District is therefore necessary in order for the Public Improvements to be provided in the most economic manner possible.

C. Town's Objective.

The Town's objective in approving the Service Plan is to authorize the District to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements from the proceeds of Debt that may be issued by the District and to provide for the ownership, operation and maintenance of any Public Improvement not otherwise accepted for ownership, operation or maintenance by the Town or another entity. Debt is expected to be repaid by an ad valorem property tax no higher than the Maximum Debt Mill Levy and other legally available revenues of the District. Debt issued within these parameters and, as further described in the Financial Plan, is intended to insulate property owners from excessive tax and financial burdens and result in a timely and reasonable repayment. Public Improvements costs that cannot be funded within these parameters are not costs to be paid by the District.

The Town intends to authorize the District to have the ability to plan, design, acquire, construct, install and finance the initial Public Improvements necessary to develop the Project and seeks the timely payment of Debt related to those initial Public Improvements so that the financial burden on End Users is minimized. The District shall be required to obtain authorization of the Town, in the form of an intergovernmental agreement, prior to issuing Debt for redevelopment of an existing Public Improvement.

Unless the District has operational responsibilities for any of the Public Improvements or Covenant Enforcement and Design Review Services, the Town intends that the District dissolve upon payment or defeasance of all Debt incurred or upon a court determination that adequate provision has been made for the payment of all Debt and for continuation of any operations.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 121.16 acres of currently undeveloped land. The current assessed valuation of the Service Area is \$0 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan. The population of the District at build-out is estimated to be approximately one thousand seven hundred (1,700) people.

The Town’s approval of this Service Plan does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the commercial area that may be identified in this Service Plan.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and operation and maintenance of the Public Improvements within and without the boundaries of the District as such power and authority is described in the Special District Act and in other applicable statutes, common law, and the Constitution, subject to the limitations set forth herein.

1. Operations and Maintenance Limitation. The purpose of the District is to provide for the planning, design, acquisition, construction, installation, and financing of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The District shall only operate and maintain those Public Improvements that are not accepted for ownership, operations and maintenance by the Town or other appropriate entity in a manner consistent with the Approved Development Plan and other rules and regulations of the Town and the Town Code.

2. Trails and Amenities. The District may own, operate, and maintain trails and related amenities within the District. All parks and trails shall be open to the general public, including Town residents who do not reside in the District, free of charge. Any fee imposed by the District for access to recreation improvements owned by the District, other than parks and trails, shall not result in Town residents who reside outside the District paying a user fee that is greater than, or otherwise disproportionate to, amounts paid by residents of the District and shall not result in the District’s residents subsidizing the use by non-residents of the District. The District shall be entitled to impose a reasonable administrative fee to cover additional expenses associated with use of District recreational improvements, other than parks and trails, by Town residents who do not reside in the District to ensure that such use is not subsidized by the District’s residents.

3. Fire Protection, Ambulance and Emergency Services Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an

intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision. The District shall not be authorized to provide for ambulance or emergency medical services unless the provision of such service is approved by the Town in an intergovernmental agreement.

4. Television Relay and Translation Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town.

5. Telecommunication Facilities. The District agrees that no telecommunication facilities owned, operated or otherwise allowed by the District shall affect the ability of the Town to expand its public safety telecommunication facilities or impair the Town's existing telecommunication facilities.

6. Solid Waste Collection Limitation. The District shall not provide for collection and transportation of solid waste, other than waste generated by the activities of the District, unless such services are provided pursuant to an intergovernmental agreement with the Town.

7. Transportation Limitation. The District shall not provide transportation services unless such services are provided pursuant to an intergovernmental agreement with the Town; however, nothing in this subsection shall prohibit the District from providing streets and traffic and safety control services.

8. New Powers. If, after the Service Plan is approved, the Colorado General Assembly grants new or broader powers for metropolitan districts, to the extent permitted by law, any or all such powers shall be deemed to be a part hereof and available to be exercised by the District only following written approval by the Town, subject to the Town's sole discretion.

9. Construction Standards Limitation. The District shall ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of other governmental entities having proper jurisdiction, unless otherwise approved in writing by the Town or such other governmental entities. The District shall obtain the Town's approval of civil engineering plans and applicable permits for construction and installation of Public Improvements prior to performing such work.

10. Zoning and Land Use Requirements; Sales and Use Tax. The District shall be subject to all of the Town's zoning, subdivision, building code and other land use requirements. The District shall not exercise any exemption from Town sales or use tax, whether directly or indirectly.

11. Growth Limitations. The District acknowledges that the Town shall not be limited in implementing Town Council or voter approved growth limitations, even though such actions may reduce or delay development within the District and the realization of the District's revenue.

12. Conveyance. The District agrees to convey to the Town, at no expense to the Town and upon written notification from the Town, any real property owned by the District that is necessary, in the Town's sole discretion, for any Town capital improvement projects for streets, transportation, utilities, trails or drainage. The District shall, at no expense to the Town and upon written notification from the Town, transfer to the Town all rights-of-way, fee interests and easements owned by the District that the Town determines are necessary for access to and operation and maintenance of the Public Improvements to be owned, operated and maintained by the Town, consistent with an Approved Development Plan.

13. Privately Placed Debt Limitation. Prior to the issuance of any Privately Placed Debt, including but not limited to any Developer Debt, the District shall obtain the certification of an External Financial Advisor approved by the Town, in form substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

Prior to the issuance of any Privately Placed Debt to a Director of the District or to an entity with respect to which a Director of the District must make disclosure under Section 24-18-109, C.R.S., the District issuing such Privately Placed Debt shall also obtain the certification of an External Financial Advisor in form substantially as follows:

[We are/I am] an External Financial Advisor within the meaning of the District's Service Plan.

[We/I] certify that the interest rate of such debt does not exceed the lesser of (1) the Municipal Market Data "AAA" General Obligation, Thirty-Year Constant Maturity, or successor index if replaced, plus four hundred basis points, as of the seventh business day prior to the date of issuance of such Debt; or (2) the current market interest rate for the debt based on criteria determined by [me/us] including the structure of the debt, the maturities, redemption provisions, the revenue pledged for repayment, and other terms of the debt, considering the financial circumstances of the District.

Within ten (10) days subsequent to the issuance of Privately Placed Debt, the District shall provide the Town with copies of the relevant Debt documents, the External Financial Advisor Certification and the Bond Counsel Opinion addressed to the District regarding the issuance of the Debt.

14. Inclusion Limitation. The District may include all property or a portion of the property with the Inclusion Area Boundaries only after approval by the Town of an Approved Development Plan applicable to the property to be included and shall provide written notice to the Town of all such inclusions concurrently therewith. The District shall not include within its boundaries any property outside the Inclusion Area Boundaries without the prior written consent of the Town. The District shall only include within its boundaries property that has been annexed to the Town and no portion of the District shall ever consist of property not within the Town's corporate boundaries.

15. Debt Limitation. Unless otherwise approved in an intergovernmental agreement with the Town, on or before the effective date of approval by the Town of an Approved Development Plan the District shall not: (a) issue any Debt; (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; or (c) impose and collect any Development Fees.

16. Maximum Debt Authorization. The District shall not issue Debt in excess of Thirty-Nine Million Dollars (\$39,000,000). Refunded Debt, wherein the initial debt issuance counted toward the Maximum Debt Authorization shall not count against the Maximum Debt Authorization set forth herein.

17. Recurring Fee Limitation. The District may impose and collect Recurring Fees for administrative, operations or maintenance expenses related to services, programs or facilities provided by the District. Any Recurring Fees for administrative, operations and maintenance expenses not specifically set forth in the Financial Plan, including a subsequent increase in such Recurring Fees, shall be subject to review and approval by the Town, either administratively or by formal action of Town Council, at the discretion of the Town Manager. Notwithstanding the foregoing, the District may increase Recurring Fees by up to 3% per year to keep pace with rising labor and material costs without the need for additional Town approval. If the Town does not respond to a request for the imposition of the Recurring Fee or an increase in such Recurring Fee within forty-five (45) days of receipt of a written request from the District, the Town shall be deemed to have approved the ability of the District to impose or increase the Recurring Fee as described in the request. Any Recurring Fees imposed or increased for operation and maintenance expenses without approval as set forth herein shall constitute a material departure from the Service Plan. The revenue from a Recurring Fee shall not be used to pay for Debt.

18. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other

funds available from or through governmental or non-profit entities for which the Town is eligible to apply, except pursuant to an intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

19. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town.

20. Public Improvement Fee Limitation. The District shall not collect, receive, spend, or pledge to any Debt or use to pay for operations and maintenance services, any fee, assessment, tax, or charge which is collected by a retailer in the District on the sale of goods or services by such retailer, including without limitation a lodging or use fee, except pursuant to an intergovernmental agreement with the Town.

21. Transfer Fee Limitation. The District shall not be authorized to impose a transfer fee on sale of real property within the District, except pursuant to an intergovernmental agreement with the Town; however, this limitation shall not prevent imposition of a one-time per property Development Fee upon issuance of the initial building permit for the property. No Development Fees shall be assessed for subsequent building permits obtained by End Users, such as for remodeling or addition to an existing structure. This limitation shall not prevent the Districts from imposing a reasonable administrative processing fee to cover the cost of transferring account information in conjunction with a change in ownership for residential units within the Districts.

22. Bankruptcy Limitation. It is expressly intended that all of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Recurring Fees, that have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S.:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent an amendment to the Service Plan; and

(b) Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

The filing of any bankruptcy petition by the District shall constitute, simultaneously with such filing, a material departure of the express terms of this Service Plan, and thus an express violation of the approval of this Service Plan. The District shall immediately notify the Town and propose an amendment to the Service Plan to address the future of the District.

23. Water Rights/Resources Limitation. The District shall not acquire, own, manage, adjudicate or develop water rights or resources except pursuant to an intergovernmental agreement with the Town. Provided however that nothing herein shall prohibit the District from reimbursing the Developer for the costs of raw water dedicated to the Town on the conditions that: (a) all raw water that the District purchases from the Developer or for which the District reimburses the Developer shall be used to meet water dedication requirements for development within the Service Area; (b) the District shall require the Developer to dedicate a sufficient amount of raw water to the Town for each phase of the development of the Project as required by the Town's Municipal Code; and (c) the District's reimbursement to the Developer shall not exceed the amount of the Developer's actual cost for the purchase of the raw water, subject to cost verification report per Section V.A.30. Prior to use of the water for the potable or non-potable needs of the development, the raw water may be leased, subject to any legal limitations.

24. Eminent Domain Limitation. Absent the prior written approval of the Town, the District shall not exercise their statutory power of eminent domain or dominant eminent domain for the purpose of condemning property outside of the Service Area. Additional approval from the Town shall not be required prior to the District's exercise of its statutory power of eminent domain or dominant eminent domain with respect to property within the Service Area, except that, absent approval of the Town, the District may not exercise its statutory power of eminent domain or dominant eminent domain with respect to property in the Inclusion Area Boundaries until such property is included in the District's boundaries. In no event shall the District exercise its statutory power of dominant eminent domain to condemn property owned by the Town.

25. Covenant Enforcement and Design Review Services. The District shall have the power, but not the obligation, to provide Covenant Enforcement and Design Review Services within the District in accordance with the Colorado Revised Statutes as they are amended from time to time. The Town shall not bear any responsibility for Covenant Enforcement and Design Review Services within the boundaries of the District. The Town's architectural control, design review and other zoning, land use, development, design and other controls are separate requirements that must be met in addition to any similar controls or services undertaken by the District.

26. Special Improvement District. The District shall not be entitled to create a special improvement district pursuant to Section 32-1-1101.7, C.R.S., unless otherwise provided pursuant to an intergovernmental agreement with the Town.

27. Reimbursement Agreement with Adjacent Landowners. If the District utilizes reimbursement agreements to obtain reimbursements from adjacent landowners for costs of improvements that benefit the third-party landowners, such agreements shall be in accordance with the Town Code and subject to prior written approval of the Town Council. Any and all resulting reimbursements received for such improvements shall be used to re-pay the cost of the Public Improvement that is the subject of the reimbursement agreement or shall be deposited in the District's debt service fund and used for the purpose of retiring Debt. The District shall maintain an accurate accounting of the funds received and disbursed pursuant to reimbursement agreements.

28. Land Purchase Limitation. Proceeds from the sale of Debt and other revenue of the District may not be used to pay the Developer for the acquisition from the Developer of any real property, easements or other interests required to be dedicated for public use by annexation agreements, Approved Development Plans, the Town Code, or other development requirements, unless otherwise provided pursuant to an intergovernmental agreement with the Town. Examples of ineligible reimbursements include, but are not limited to: the acquisition of rights of way, easements, land for public drainage, parkland, or open space, unless separate consent is given by resolution of the Town Council or approved pursuant to an intergovernmental agreement with the Town.

29. Developer Reimbursement of Public Improvement Related Costs. Prior to the reimbursement to the Developer for costs incurred in the organization of the District, or for funds expended on the District's behalf related to the Public Improvements or for the acquisition of any part of the Public Improvements, the District shall receive the following Cost Verification Reports: a) the report of an engineer retained by the District, independent of the Developer and licensed in Colorado, verifying that, in such engineer's professional opinion, reimbursement for the costs of the Public Improvements that are the subject of the reimbursement or acquisition or the costs of organization of the District, including the construction costs and the soft costs, but excluding accounting and legal fees, are reasonable and related to the provision of the Public Improvements or to the District's organization; and b) the report of an accountant retained by the District, independent of the Developer and licensed in Colorado, verifying that, in such accountant's professional opinion, reimbursement for the accounting and legal fees that are the subject of the reimbursement or acquisition, or the costs of organization of the District, are reasonable and related to the Public Improvements or the District's organization. Upon request, the District shall provide the Cost Verification Reports to the Town.

30. Developer Reimbursement of Administration, Operations and Maintenance Related Costs. Prior to the reimbursement to the Developer for costs incurred or for funds expended on behalf of the District related to the administration of the District or the operation and maintenance of the Public Improvements, the District shall receive the report of an accountant retained by the District, independent of the Developer and licensed in Colorado, verifying that, in such accountant's professional opinion, reimbursement of the funds advanced for such administration, operations or maintenance costs, are receivable and related to the administration, operations or maintenance of the District or the Public Improvements. Upon request, the District shall provide the report to the Town.

31. Board Meetings and Website Limitations. Once an End User owns property in the District, the District's Board meeting(s) shall be conducted within the boundaries of the Town of Johnstown or conducted virtually via internet or telephone platform available for free access by the public. The District shall establish and maintain a public website and shall include the name of the Project or a name that allows property owners and residents of the District to readily locate the District online and shall also include an updated street map for those properties within the District that have constructed streets that are open for public use. In addition, the District shall timely post a copy of all of the following documents on its public website: a) call for nominations, required pursuant to Section 1-13.5-501, C.R.S., b) the transparency notice provided pursuant to 32-1-809, C.R.S, c) recorded declaration of covenants if the District provides Covenant Enforcement and Design Review Services, d) a copy of this Service Plan and all

amendments thereto, e) all approved budgets, audits, meeting minutes, Board orders and resolutions, f) any Rules and Regulations adopted by the Board, g) all meeting agendas, and h) any other requirements pursuant to Section 32-1-104.5(3)(a), C.R.S.

32. Financial Review. The Town shall be permitted to conduct periodic reviews of the financial powers of the District in the Service Plan in the manner and form provided in Section 32-1-1101.5, C.R.S. As provided in the statute, the Town may conduct the first financial review in fifth calendar year after the calendar year in which a special district's ballot issue to incur general obligation indebtedness was approved by its electors. After such fifth calendar year and notwithstanding the provisions of the statute, the Town may conduct the financial review at any time, by providing sixty (60) days written notice to the District, except that the Town may not conduct a financial review within sixty (60) months of the completion of its most recent financial review. The Town's procedures for conducting a financial review under this Paragraph, and the remedies available to the Town as a result of such financial review, shall be identical to those provided for in Section 32-1-1101.5(2), C.R.S. The District shall be responsible for payment of the Town's actual consultant and legal and administrative costs associated with such review, and the Town may require a deposit of the estimated costs thereof.

33. Distribution of Call for Nominations. Unless otherwise waived in writing by the Town Manager, at such time as there are residential End Users within the District, the District shall include the Call for Self-Nominations for director elections as a prominent part of a newsletter, annual report, billing insert, billing statement, letter, voter information card or other notice of election, or other informational mailing mailed by each District to the eligible electors of the District, in the timeframe required by statute for providing the notice, in addition to complying with any other notice requirements of the Special District Act and the Colorado Local Government Election Code.

B. Service Plan Amendment Requirement.

This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in this Service Plan shall be deemed to be material modifications to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the District, including the remedy of enjoining the issuance of additional authorized but unissued debt, until such material modification is remedied.

C. Capital Plan.

The District shall have authority to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements within and without the boundaries of the District. A Capital Plan, attached hereto as **Exhibit E**, includes: (1) a list of the Public Improvements to be developed by the District, supported by an engineering or architectural survey; (2) a good faith estimate of the cost of the Public Improvements; and (3) a pro forma capital expenditure plan correlating expenditures with development. The Public Improvements described in the Capital Plan may be modified in an Approved Development Plan or an intergovernmental agreement with the Town, and may differ from the Capital Plan without

constituting a material modification of this Service Plan. To the extent that the Capital Plan sets forth the timing of the construction of the Public Improvements, such timing may also deviate from the Capital Plan without constituting a material modification of this Service Plan. As shown in the Capital Plan, the estimated cost of the Public Improvements is approximately Thirty-Three Million Four Hundred Thirty-Two Thousand Eight Hundred Eighty-Five Dollars and Forty-Six Cents (\$33,432,885.46). Costs of required Public Improvements that cannot be financed by the District within the parameters of this Service Plan and the financial capability of the District are expected to be financed by the Developer of the Project.

VI. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the District. The Financial Plan for the District shall be to issue such Debt as the District is reasonably able to pay from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the District shall be permitted to issue shall not exceed the Maximum Debt Authorization, Thirty-Nine Million Dollars (\$39,000,000), and shall be permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Debt issued by the District may be payable from any and all legally available revenues of the District, as set forth in this Service Plan, including ad valorem property taxes or Development Fees.

The Financial Plan, prepared by Piper Sandler & Co., and attached hereto as **Exhibit F**, sets forth (i) how the Public Improvements are to be financed; (ii) how Debt may be incurred; and (iii) the estimated operating revenue and debt service revenue derived from property taxes for the District. The Maximum Debt Authorization is supported by the Financial Plan.

For commercial projects wherein the Town is sharing revenue with, or providing economic incentives to, the Developer, unless otherwise waived by the Town Manager in writing, the District shall submit to the Town the then-current financial forecasts and feasibility reports for such proposed issuance at least thirty (30) days prior to the issuance of any Debt. In its discretion, the Town may require additional financial forecasts and feasibility reports to evaluate the Financial Plan. The Town may elect to waive such thirty (30) day period by a writing signed by the Town Manager.

B. Maximum Voted Interest Rate, Maximum Underwriting Discount, Maximum Interest Rate on Developer Debt.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not to exceed eighteen percent (18%). The proposed maximum underwriting discount shall be four percent (4%). Debt, when issued, shall comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities. Failure to observe the

requirements established in this paragraph shall constitute a material modification under the Service Plan.

The interest rate on Developer Debt shall not exceed the lesser of the current Bond Buyer 20-Bond GO index plus four percent (4%) or twelve percent (12%). Developer Debt shall be subordinate to other Debt of the District and shall be subject to the Developer Debt Mill Levy Imposition Term provided in Section VI.D below.

C. Mill Levies.

1. Maximum Debt Mill Levy. The Maximum Debt Mill Levy shall be forty (40) mills subject to an Assessment Rate Adjustment, if applicable. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy if a majority of the Board of the District are End Users, and such District Board authorizes such a Maximum Mill Levy "roll-off" through the issuance of Debt or refunding thereof, and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

2. Maximum Operations and Maintenance Mill Levy. The maximum Operations and Maintenance Mill Levy shall be a mill levy the District is permitted to impose for payment of the District's administrative, operations and maintenance costs, which shall include, but not be limited to, the funding of operating reserves and sufficient ending fund balances to assure sufficient cash flow to fund expenses as they come due. The maximum Operations and Maintenance Mill Levy of the District shall be ten (10) mills subject to an Assessment Rate Adjustment, if applicable, and shall at all times not exceed the maximum mill levy necessary to pay those expenses. If a majority of the Board of Directors of a District are End Users, such Board may eliminate the maximum Operations and Maintenance Mill Levy upon written notice and approval of the Town, which shall not be unreasonably withheld.

3. Subdistricts. To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to each District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition. The District shall notify the Town prior to establishing any such subdistricts and shall provide the Town with details regarding the purpose, location, and relationship of the subdistricts.

D. Mill Levy Imposition Term.

1. Developer Debt Mill Levy Imposition Term. Developer Debt shall expire and be forgiven twenty (20) years after the date of the initial imposition by the District of an ad valorem property tax to pay any Debt, unless otherwise provided pursuant to an intergovernmental agreement with the Town. Refunding Bonds shall not be subject to this Developer Debt Mill Levy Imposition Term so long as such Refunding Bonds are not owned by the Developer or by a

party related, directly or indirectly, to the Developer. Developer Debt shall not have any call protection.

2. Maximum Debt Mill Levy Imposition Term: In addition to the Developer Debt Mill Levy Imposition Term, the District shall not impose a levy for repayment of any Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses more than forty (40) years from the year of the initial imposition of such mill levy unless a majority of the Board of the District imposing the mill levy are End Users and have voted in favor of a refunding of a part or all of the Debt for a term exceeding the Maximum Debt Mill Levy Imposition Term and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S., et seq.

E. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt, the District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the Resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, the Developer of property within the boundaries of the District.

F. Notice of Debt to Town.

Within ten (10) business days subsequent to the issuance of Debt, the District shall provide the following to the Town: (i) the marketing documents that have been published; (ii) the Bond Counsel Opinion addressed to the District regarding the issuance of the Debt; (iii) the resolution of the Board approving the Debt; and (iv) a certification of the Board of the District that the Debt is in compliance with the Service Plan (if such certification is not already contained in the resolution approving the Debt).

G. Security for Debt.

The District shall not pledge any revenue or property of the Town as security for the indebtedness set forth in this Service Plan. The Town's approval of this Service Plan shall not be construed as a guarantee by the Town of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the Town in the event of default by the District in the payment of any such obligation.

H. District Organizational and Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated cost of the District's organization and initial operations, are anticipated to be One Hundred Fifty Thousand Dollars (\$150,000.00), which will be eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and to plan and cause the Public Improvements to be constructed and maintained. The first year's operating budget is estimated to be Fifty Thousand Dollars (\$50,000) for the District, which is anticipated to be derived from operations and maintenance mill levy and other revenues.

VII. ANNUAL REPORT

A. General.

The District shall be responsible for submitting an annual report to the Town no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued (the "report year"). The Town reserves the right, pursuant to Section 32-1-207(3)(c), C.R.S., to request annual reports from the District beyond five years after the District's organization.

B. Reporting of Significant Events.

Dissolution shall not occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

To the extent permitted by law, the District hereby waives the provisions of C.R.S. § 32-1-207(3)(b) with respect to the Town and agree not to rely on such provisions as a bar to the enforcement by the Town of any provisions of this Service Plan.

SERVICE PLAN FOR *HIGH PLAINS ESTATES METROPOLITAN DISTRICT*

Intergovernmental Agreement between the District and Johnstown

INTERGOVERNMENTAL AGREEMENT BETWEEN
THE TOWN OF JOHNSTOWN, COLORADO
AND
HIGH PLAINS ESTATES METROPOLITAN DISTRICT

THIS INTERGOVERNMENTAL AGREEMENT (“Agreement”) is made and entered into as of this ___ day of _____, 2023, by and between the TOWN OF JOHNSTOWN, a municipal corporation of the State of Colorado (“Town”), and HIGH PLAINS ESTATES METROPOLITAN DISTRICT, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”). The Town and the District are collectively referred to as the “Parties.”

RECITALS

WHEREAS, the District was organized to provide those services and to exercise powers as are more specifically set forth in the District’s Service Plan approved by the Town on _____, 2023 (“Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the District; and

WHEREAS, the Town and the District have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Intergovernmental Agreement (“Agreement”).

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

COVENANTS AND AGREEMENTS

1. Operations and Maintenance Limitation. The District shall only operate and maintain those Public Improvements that are not accepted for ownership, operations and maintenance by the Town or other appropriate entity in a manner consistent with the Approved Development Plan and other rules and regulations of the Town and the Town Code.
2. Trails and Amenities. The District may own, operate, and maintain trails and related amenities within the District. All parks and trails shall be open to the general public, including Town residents who do not reside in the District, free of charge. Any fee imposed by the District for access to recreation improvements owned by the District, other than parks and trails, shall not result in Town residents who reside outside the District paying a user fee that is greater than, or otherwise disproportionate to, amounts paid by residents of the District and shall not result in the District’s residents subsidizing the use by non-residents of the District. The District shall be entitled to impose a reasonable administrative fee to cover additional expenses associated with use of District recreational improvements,

other than parks and trails, by Town residents who do not reside in the District to ensure that such use is not subsidized by the District's residents.

3. Fire Protection, Ambulance and Emergency Services Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision. The District shall not be authorized to provide for ambulance or emergency medical services, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

4. Television Relay and Translation Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

5. Telecommunication Facilities. The District agrees that no telecommunication facilities owned, operated or otherwise allowed by the District shall affect the ability of the Town to expand its public safety telecommunication facilities or impair the Town's existing telecommunication facilities.

6. Solid Waste Collection Limitation. The District shall not provide for collection and transportation of solid waste, other than waste generated by the activities of the District, unless such services are provided pursuant to an intergovernmental agreement with the Town.

7. Transportation Limitation. The District shall not provide transportation services unless such services are provided pursuant to an intergovernmental agreement with the Town; however, nothing in this subsection shall prohibit the District from providing streets and traffic and safety control services.

8. New Powers. If, after the Service Plan is approved, the Colorado General Assembly grants new or broader powers for metropolitan districts, to the extent permitted by law, any or all such powers shall be deemed to be a part hereof and available to be exercised by the District only following written approval by the Town, subject to the Town's sole discretion

9. Construction Standards Limitation. The District shall ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of other governmental entities having proper jurisdiction, unless otherwise approved by the Town or such other governmental entities. The District shall obtain the Town's approval of civil engineering plans

and applicable permits for construction and installation of Public Improvements prior to performing such work.

10. Zoning and Land Use Requirements; Sales and Use Tax. The District shall be subject to all of the Town's zoning, subdivision, building code and other land use requirements. The District shall not exercise any exemption from Town sales or use tax, whether directly or indirectly.

11. Growth Limitations. The District agrees that the Town shall not be limited in implementing Town Council or voter approved growth limitations, even though such actions may reduce or delay development within the District and the realization of the District's revenue.

12. Conveyance. The District agree to convey to the Town, at no expense to the Town and upon written notification from the Town, any real property owned by the District that is necessary, in the Town's sole discretion, for any Town capital improvement projects for transportation, utilities or drainage. The District shall, at no expense to the Town and upon written notification from the Town, transfer to the Town all rights-of-way, fee interests and easements owned by the District that the Town determines are necessary for access to and operation and maintenance of the Public Improvements to be owned, operated and maintained by the Town, consistent with an Approved Development Plan.

13. Privately Placed Debt Limitation. Prior to the issuance of any Privately Placed Debt, including but not limited to any Developer Debt, the District shall obtain the certification of an External Financial Advisor approved by the Town, in form substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

Prior to the issuance of any Privately Placed Debt to a Director of the District or to an entity with respect to which a Director of the District must make disclosure under Section 24-18-109, C.R.S., the District issuing such Privately Placed Debt shall also obtain the certification of an External Financial Advisor in form substantially as follows:

[We are/I am] an External Financial Advisor within the meaning of the District's Service Plan.

[We/I] certify that the interest rate of such debt does not exceed the lesser of (1) the Municipal Market Data "AAA" General Obligation, Thirty-Year Constant Maturity, or successor index if replaced, plus four hundred basis points, as of the seventh business day prior to the date of issuance of such Debt; or (2) the current market interest rate for the debt based on criteria determined by [me/us] including the structure of the debt, the maturities, redemption provisions, the revenue pledged for repayment, and other terms of the debt, considering the financial circumstances of the District.

Within ten (10) days subsequent to the issuance of Privately Placed Debt, the District shall provide the Town with copies of the relevant Debt documents, the External Financial Advisor Certification and the Bond Counsel Opinion addressed to the District and the Town regarding the issuance of the Debt.

14. Inclusion Limitation. The District may include all or a portion of the property with the Inclusion Area Boundaries only after approval by the Town of an Approved Development Plan applicable to the property to be included and shall provide written notice to the Town of all such inclusions concurrently therewith. The District shall not include within its boundaries any property outside the Inclusion Area Boundaries without the prior approval of Town Council. The District shall only include within its boundaries property that has been annexed to the Town and no portion of the District shall ever consist of property not within the Town's corporate boundaries.

15. Debt Limitation. Unless otherwise approved by separate intergovernmental agreement or an amendment to this Agreement, on or before the effective date of approval by the Town Council of an Approved Development Plan, the District shall not: (a) issue any Debt; (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; or (c) impose and collect any Development Fees, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

16. Maximum Debt Authorization. The District shall not issue Debt in excess of Thirty-Nine Million Dollars (\$39,000,000). Refunded Debt, wherein the initial debt issuance counted toward the Maximum Debt Authorization, and Debt in the form of an intergovernmental agreement between one or more of the District shall not count against the Maximum Debt Authorization set forth herein.

17. Recurring Fee Limitation. The District may impose and collect Recurring Fees for administrative, operations and maintenance expenses related to services, programs or facilities furnished by the District. Any Recurring Fees for administrative, operations and maintenance expenses not specifically set forth in the Financial Plan, including a subsequent increase in such Recurring Fees, shall be subject to review and approval by the Town, either administratively or by formal action of Town Council, at the discretion of the Town Manager. Notwithstanding the foregoing, the Districts may increase Recurring Fees by up to 3% per year to keep pace with rising labor and material costs without the need for additional Town

approval. If the Town does not respond to a request for the imposition of the Recurring Fee or an increase in such Recurring Fee within forty-five (45) days of receipt of a written request from the District, the Town shall be deemed to have approved the ability of the District to impose or increase the Recurring Fee as described in the request. Any Recurring Fees imposed or increased for operation and maintenance expenses without approval as set forth herein shall constitute a material departure from the Service Plan. The revenue from a Recurring Fee shall not be used to pay for Debt.

18. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

19. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior approval of Town Council.

20. Public Improvement Fee Limitation. The District shall not collect, receive, spend, or pledge to any Debt or use to pay for operations and maintenance services, any fee, assessment, tax, or charge which is collected by a retailer in the District on the sale of goods or services by such retailer and which is measured by the sales price of such goods or services, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

21. Bankruptcy Limitation. It is expressly intended that all of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Recurring Fees, that have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S.:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent an amendment to the Service Plan; and

(b) Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

The filing of any bankruptcy petition by the District shall constitute, simultaneously with such filing, a material departure of the express terms of this Service Plan, and thus an express violation of the approval of this Service Plan.

22. Water Rights/Resources Limitation. The District shall not acquire, own, manage, adjudicate or develop water rights or resources, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town. Provided however that nothing herein shall prohibit the District from reimbursing the Developer for the costs of raw water dedicated to the Town on the conditions that: (a) all raw water that the District purchases from the Developer or for which the District reimburses the Developer shall be used to meet water dedication requirements for development within the Service Area; (b) the District shall require the Developer to dedicate a sufficient amount of raw water to the Town for each phase of the development of the Project as required by the Town's Municipal Code; and (c) the District's reimbursement to the Developer shall not exceed the amount of the Developer's actual cost for the purchase of the raw water, subject to cost verification report per Section V.A.30. Prior to use of the water for the potable or non-potable needs of the development, the raw water may be leased, subject to any legal limitations.

23. Eminent Domain Limitation. Absent the prior written approval of the Town, the District shall not exercise their statutory power of eminent domain or dominant eminent domain for the purpose of condemning property outside of the Service Area. Additional approval from the Town shall not be required prior to the District's exercise of its statutory power of eminent domain or dominant eminent domain with respect to property within the Service Area, except that, absent approval of the Town, the District may not exercise their statutory power of eminent domain or dominant eminent domain with respect to property in the Inclusion Area Boundaries until such property is included in the District's boundaries. In no event shall the District exercise their statutory power of dominant eminent domain to condemn property owned by the Town.

24. Covenant Enforcement and Design Review Services. The District shall have the power, but not the obligation, to provide Covenant Enforcement and Design Review Services within the District in accordance with the Colorado Statutes as they are amended from time to time. The Town shall not bear any responsibility for Covenant Enforcement and Design Review Services within the boundaries of the District. The Town's architectural control, design review and other zoning, land use, development, design and other controls are separate requirements that must be met in addition to any similar controls or services undertaken by the District.

25. Special Improvement Districts. The District shall not be entitled to create a special improvement district pursuant to Section 32-1-1101.7, C.R.S., except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

26. Reimbursement Agreement with Adjacent Landowners. If the District utilize reimbursement agreements to obtain reimbursements from adjacent landowners for costs of improvements that benefit the third-party landowners, such agreements shall be in accordance with the Town Code and subject to prior written

approval of the Town Council. Any and all resulting reimbursements received for such improvement shall be used to re-pay the cost of the Public Improvement that is the subject of the reimbursement agreement or shall be deposited in the District's debt service fund and used for the purpose of retiring Debt. The District shall maintain an accurate accounting of the funds received and disbursed pursuant to reimbursement agreements.

27. Land Purchase Limitation. Proceeds from the sale of Debt and other revenue of the District shall not be used to pay the Developer for the acquisition from the Developer of any real property, easements or other interests required to be dedicated for public use by annexation agreements, Approved Development Plans, the Town Code or other development requirements, except pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town. Examples of ineligible reimbursements include, but are not limited to: the acquisition of rights of way, easements, land for public drainage, parkland, or open space, unless separate consent is given by resolution of the Town Council or pursuant to an amendment to this Agreement or a subsequent intergovernmental agreement with the Town.

28. Developer Reimbursement of Public Improvement Related Costs. Prior to the reimbursement to the Developer for costs incurred in the organization of the District, or for funds expended on the District behalf related to the Public Improvements or for the acquisition of any part of the Public Improvements, the District shall receive: a) the report of an engineer retained by the District, independent of the Developer and licensed in Colorado, verifying that, in such engineer's professional opinion, reimbursement for the costs of the Public Improvements that are the subject of the reimbursement or acquisition, including the construction costs and the soft costs, but excluding the accounting and legal fees, are reasonable and are related to the provision of the Public Improvements or are related to the District's organization; and b) the report of an accountant retained by the District, independent of the Developer and licensed in Colorado, verifying that, in such accountant's professional opinion, reimbursement for the accounting and legal fees that are the subject of the reimbursement or acquisition, are reasonable and related to the Public Improvements or the District's organization. Upon request, the District shall provide the Cost Verification Reports to the Town.

29. Developer Reimbursement of Administration, Operations and Maintenance Related Costs. Prior to the reimbursement to the Developer for costs incurred or for funds expended on behalf of the District related to the administration of the District or the operation and maintenance of the Public Improvements, the District shall receive the report of an accountant retained by the District, independent of the Developer and licensed in Colorado, verifying that, in such accountant's professional opinion, reimbursement of the funds advanced for such administration, operations or maintenance costs, are receivable and related to the administration, operations or maintenance of the District or the Public Improvements. Upon request, the District shall provide the report to the Town.

30. Board Meetings and Website Limitations. Once an End User owns property in the District, the District's Board meeting(s) shall be conducted within the boundaries of the Town of Johnstown. The District shall establish and maintain a public website and the District's website shall include the name of the Project or a name that allows residents of the community and the District to readily locate the District online and shall also include an updated street map for those properties within the District that have constructed streets that are open for public use. In addition, the District shall post a copy of each call for nominations, required pursuant to Section 1-13.5-501, C.R.S., on the District's website.

31. Financial Review. The Town shall be permitted to conduct periodic reviews of the financial powers of the District in the Service Plan in the manner and form provided in Section 32-1-1101.5, C.R.S. As provided in the statute, the Town may conduct the first financial review in fifth calendar year after the calendar year in which a special district's ballot issue to incur general obligation indebtedness was approved by its electors. After such fifth calendar year and notwithstanding the provisions of the statute, the Town may conduct the financial review at any time, by providing sixty (60) days written notice to the District, except that the Town may not conduct a financial review within sixty (60) months of the completion of its most recent financial review. The Town's procedures for conducting a financial review under this Paragraph, and the remedies available to the Town as a result of such financial review, shall be identical to those provided for in Section 32-1-1101.5(2), C.R.S. The District shall be responsible for payment of the Town's actual consultant and legal and administrative costs associated with such review, and the Town may require a deposit of the estimated costs thereof.

32. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in this Service Plan shall be deemed to be material modifications to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the District, including the remedy of enjoining the issuance of additional authorized but unissued debt, until such material modification is remedied.

33. Maximum Debt Mill Levy. The Maximum Debt Mill Levy shall be forty (40) mills subject to an Assessment Rate Adjustment, if applicable. For the portion of any aggregate Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy if a majority of the Board of the District are End Users, and such District Board authorizes such a Maximum Mill Levy "roll-off" through the issuance of Debt or refunding thereof, and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

34. Maximum Operations and Maintenance Mill Levy. The maximum Operations and Maintenance Mill Levy shall be a mill levy the District is permitted to impose for payment of the District's administrative, operations and maintenance

costs, which shall include, but not be limited to, the funding of operating reserves and sufficient ending fund balances to assure sufficient cash flow to fund expenses as they come due. The maximum Operations and Maintenance Mill Levy of a District shall be ten (10) mills and shall at all times not exceed the maximum mill levy necessary to pay those expenses. If a majority of the Board of Directors of a District are End Users, such Board may eliminate the maximum Operations and Maintenance Mill Levy upon written notice and approval of the Town, which shall not be unreasonably withheld.

35. Subdistricts. To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term “District” as used herein shall be deemed to refer to each District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

36. Mill Levy Imposition Term.

(a) Developer Debt shall expire and be forgiven twenty (20) years after the date of the initial imposition by the District of an ad valorem property tax to pay any Debt, except as otherwise provided in an amendment of this Agreement or subsequent intergovernmental agreement with the Town approved by resolution of the Town Council. Refunding Bonds shall not be subject to this Developer Debt Mill Levy Imposition Term so long as such Refunding Bonds are not owned by the Developer or by a party related, directly or indirectly, to the Developer. Developer Debt shall not have any call protection.

(b) Maximum Debt Mill Levy Imposition Term: In addition to the Developer Debt Mill Levy Imposition Term, the District shall not impose a levy for repayment of any Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses after forty (40) years from the year of the initial imposition of such mill levy unless a majority of the Directors on the Board of the District imposing the mill levy are End Users and have voted in favor of a refunding of a part or all of the Debt for a term exceeding the Maximum Debt Mill Levy Imposition Term and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S., et seq.

37. Dissolution. Upon a determination of the Town Council that the purposes for which the District was created have been accomplished, the District agrees to file petitions in the District Court for dissolution, pursuant to the applicable State statutes. Dissolution shall not occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

46. Severability. If any covenant, term, condition, or provision under this Agreement shall, for any reason, be held to be invalid or unenforceable, the invalidity or unenforceability of such covenant, term, condition, or provision shall not affect any other provision contained herein, the intention being that such provisions are severable.

47. Counterparts. This Agreement may be executed in one or more counterparts, each of which shall constitute an original and all of which shall constitute one and the same document.

48. No Liability of Town. The Town has no obligation whatsoever to construct any improvements that the District are required to construct, or pay any debt or liability of the District, including any Bonds.

49. Paragraph Headings. Paragraph headings are inserted for convenience of reference only.

RE: High Plains Estates Metropolitan District

We have analyzed the bonding capacity for the proposed High Plains Estates Metropolitan District (the “District”). The analysis presented summarizes and presents information provided by View Homes (the “Developer”) and does not include independently verifying the accuracy of the information or assumptions.

Assumptions

The following assumptions have been provided by the Developer and form the basis of the analysis. All prices below reflect 2023 market values.

1. The development is planned for single family residential uses as outlined below. In all cases, it is assumed home prices will increase at a rate of 2% per annum through build-out.
 - a. 130 25’ alley-loaded homes, which are projected to be completed at a pace of 48 homes per year beginning in the 4th quarter of 2025 through 2028. The average price is modeled at \$475,000.
 - b. 72 40’ single-family detached homes, which are projected to be completed at a pace ranging from 9 to 36 homes per year from 2025 through 2027. The average price is modeled at \$560,000.
 - c. 128 30’ single-family detached homes, which are projected to be completed at a pace ranging from 48 homes per year beginning in the 4th quarter of 2026 through 2029. The average price is modeled at \$510,000.
 - d. 81 50’ single-family detached homes, which are projected to be completed at a pace ranging from 36 homes per year beginning in the 4th quarter of 2026 through 2028. The average price is modeled at \$605,000.
2. The residential debt service mill levy target is 40 mills (with a cap of 40 mills) beginning in tax collection year 2025.
3. The District is anticipated to impose and collect a Development Fee not to exceed \$3,000, not subject to annual inflation, per residential unit, which will be paid by the vertical builder at the time a building permit is issued.
4. The District is anticipated to impose and collect a Water Resource Fee not to exceed \$24,500, subject to 3.00% annual inflation, per residential unit, which will be paid by the vertical builder at the time a building permit is issued.

5. The District is modeled to issue senior bonds in December 2024 with a par of \$21,735,000. An interest rate of 5.00% was modeled based upon an initial 30-year term. At issuance, it is projected that the District will fund \$684,700 in costs of issuance for the 2024 Bonds with bond proceeds. It is estimated that an additional \$497,815 will be deposited into a capitalized interest fund and \$1,574,000 will be deposited into a debt service reserve fund. The remaining \$18,978,485 is projected to be deposited to the District's project fund to reimburse the District for eligible expenses.
6. The 2024 Bonds are modeled with pledged revenues inclusive of the debt service mill levy, the specific ownership taxes, the Development Fee, and the Water Resource Fee; however, it is the intent of the District to issue a series of revenue bonds with pledge revenues coming solely from the Water Resource Fee. It is anticipated that the Water Resource Fees will be paid at building permit, at which time, it is estimated that the revenues will be applied to the outstanding bonds until paid in full.
7. The District is modeled to refinance the Series 2024 Bonds with another issuance in December 2034 with a par of \$23,080,000 and funds on hand of \$1,597,000. An interest rate of 3.00% was modeled based upon an initial 30-year term. At issuance, it is projected that the District will fund \$315,400 in costs of issuance for the 2034 Bonds with bond proceeds. It is estimated that \$12,340,000 will be used to refund the Series 2024 Bonds, \$1,478,000 will be deposited into the debt service reserve fund and the remaining \$10,543,600 is projected to be deposited to the District's project fund to reimburse the District for eligible expenses.
8. Specific Ownership Tax revenues have been calculated based on applying a factor of 6.00% to annual property tax revenues.
9. It is projected that there will be a 6.00% biennial inflation rate on residential assessments. The bonding capacity could be higher if the rate of assessment inflation is greater, or conversely lower if the inflation rate is below 6.00%.

Estimate of Potential Bonding Capacity

Total bonding capacity based on the assumptions outlined, is projected to be approximately \$34,072,000 across the projected senior issuances.

Based upon the development assumptions provided and the financial assumptions contained in the attached projected Financing Plan for the proposed High Plains Estates Metropolitan District, the projected revenue is sufficient to retire all Debt referenced in the Financing Plan within the restrictions set forth in the Districts' Service Plan, including but not limited to the maximum debt mill levies and mill levy imposition terms permitted.

The assumptions disclosed in the Financial Plan are those of the Developer and have not been independently reviewed by Piper Sandler. Those assumptions identified are believed to be the significant factors in determining financial feasibility; however, they are likely not to be all-inclusive. There will usually be differences between forecasted and actual results, because events and circumstances frequently do not occur as projected, and those differences may be material. Key assumptions, including those relating to market values of real property improvements and the build out schedule of such property, are particularly sensitive in terms of the timing necessary to create the tax base for the Districts. A small variation in these variables, and to their timing, can have a large effect on the forecasted results. There is a high probability that the forecasted results will differ from realized future tax base factors and such

variations can be material. Additionally, other key assumptions relating to inflation, assessment ratios, interest rates, and infrastructure, administrative, and operating costs may, and likely will, vary from those projected.

Because Piper Sandler has not independently evaluated or reviewed the assumptions that the financial model is based upon, we do not vouch for the achievability (and disclaim any opinion) of the information provided. Furthermore, because of the inherent nature of future events, which are subject to change and variation as events and circumstances change, the actual results may vary materially from the results presented here. Piper Sandler has no responsibility or obligation to update this information or this financial model for events occurring after the date of this report.
