upon request. When quotes are provided as a different file type, a .pdf version of the quote will also be attached. In the event there are discrepancies between the .pdf quote and other format version, the .pdf quote takes precedence. Use of quotations in another file type is at the customers risk. Always verify other file formats against the .pdf quote. MH is not responsible for discrepancies between the .pdf file and other file types.

2) Customer is responsible for verifying fixture voltage and dimming type and if multiple or remote drivers or ballasts are required. Unless otherwise specified, drivers and ballasts will be 120v and fixtures will be single-level switched.

3) Unless otherwise specified, prices do not include lamps, shipping, spare material, fuses, special finishes, extended warranties, installation, distributor stage & store, or applicable taxes.

4) Unless otherwise specified, prices are firm for thirty days from the date of quotation, and shipment must occur within 180 days of the date of quotation for prices to be valid.

5) Freight allowances are based upon a single release and shipment.

6) All quotations are subject to the manufacturer's standard terms and conditions of sale.

7) Complete package must be taken as shown on quote for pricing to remain valid (No partials).

8) All batteries purchased, whether as a part of a luminaire or an inverter, must be powered up no longer than 90 days after the date of shipment for the warranty to be valid.

9) Product submittals will be provided once requested and are required to be approved prior to order release. All LED luminaires are furnished as a complete assembly, luminaire submittals will include cut sheets with all specific luminaire options called out. Additional submittal information beyond what is included in the luminaire cut sheet for internal luminaire components (including drivers) are not provided as a part of the submittal package.
