Re: Weld County Congressional Direct Spending (CDS) request for High Plains Boulevard

Dear Senators Bennet and Hickenlooper,

The Town of Johnstown requests your support for the construction of High Plains Boulevard, which is a critical parallel arterial corridor to I-25. Weld County's Congressional Direct Spending (CDS) request for partnership on this very important regional project will support many of our northern Colorado communities including the Town of Mead, Town of Berthoud, Town of Johnstown and Weld and Larimer Counties.

The communities partnered together in 2020 in a robust stakeholder process to develop a collaborative design and access control plan for this parallel arterial corridor from CO 66 to US 34. CDS funding would help leverage the construction of this strategic corridor to ensure there is an effective detour route in place prior to I-25, segment 5 construction activities.

The Town supports this very important construction request and hopes you will partner with northern Colorado to construct this regional parallel arterial corridor. Thank you in advance for your support.

Sincerely,

Matt LeCerf  
Town Manager
