

# DOG WASTE BAGS

By Declan Averill and Titus Porter

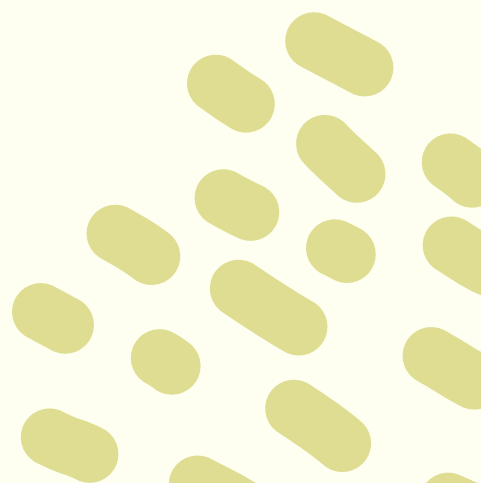

# INTRODUCTION

# The Problem...

In the USA we go through over 415 billion dog waste bags every year.

# THANK YOU ✨

**-Thank you for  
providing dog waste  
bags for the dog-owning  
citizens of Johnstown**

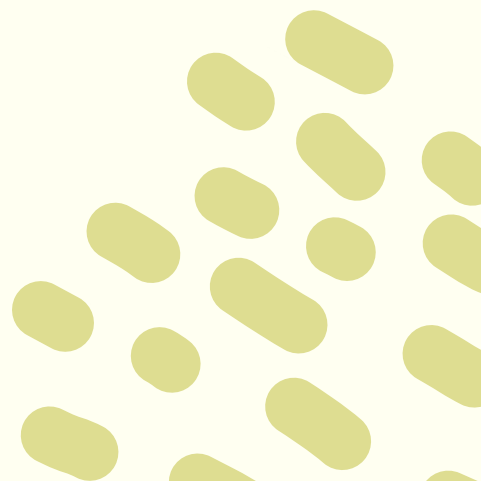

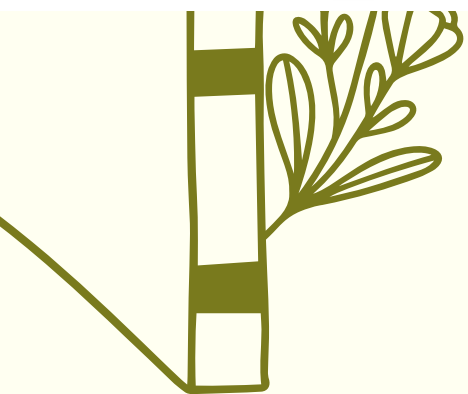

**-Park at PRE**

# FIDO HOUSE

**-Not  
Biodegradable  
- cost about 9  
cents per bag**

# Suggestion 1 ✨

Cost approximately  
4 cents per bag

Our bags are made from  
65% certified post-  
consumer recycled  
plastic. Giving a second  
life to more than 5 million  
pounds of landfill-bound  
plastic each year

# Suggestion 2

## SO PHRESH

1

It is approximately 8 cents per bag which arguably is a great deal considering its biodegradable, comparing to Fido house which is 9 cents

2

- Bags are Earth-Conscious because they contain (38%) USDA certified biobased content
  - Biobased products are derived from plants and other renewable materials
- Biobased materials provide an alternative to conventional petroleum derived products

# THANKS
