I. INTRODUCTION

A. Intent and Purpose.

The Town intends that this Service Plan grant authority to the District to provide for the planning, design, acquisition, construction, installation and financing of Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The Town and the District acknowledge that the District is an independent unit of local government, separate and distinct from the Town, and, except as may otherwise be provided for by State or local law, this Service Plan or an intergovernmental agreement with the Town, the District's activities are subject to review by the Town only insofar as the activities may deviate in a material manner from the requirements of the Service Plan. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District may also provide ongoing operations and maintenance services as set forth in this Service Plan.

B. Need for the District.

There are currently no other governmental entities, including the Town, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction, installation, and financing of the Public Improvements or the ownership, operation and maintenance by the Town or another entity. Formation of the District is therefore necessary in order for the Public Improvements to be provided in the most economic manner possible.

C. Town's Objective Regarding the District's Service Plan.

The Town's objective in approving the Service Plan is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, financing, repair, replacement and operations and maintenance of the Public Improvements from the proceeds of Debt that may be issued by the District and to provide for the ownership, operation or maintenance by the Town or District where appropriate. Debt is expected to be repaid by an ad valorem property tax no higher than the Maximum Debt Mill Levy. Debt issued within these parameters and, as further described in the Financial Plan, is intended to insulate property owners from excessive tax and financial burdens and result in a timely and reasonable repayment. Generally, the cost of Public Improvements that cannot be funded within these parameters and the financing capacity of the District are not costs to be paid by the District.

The Town intends to authorize the District to have the ability to plan, design, acquire, construct, install and finance the initial Public Improvements necessary to develop the Project and seeks the timely payment of Debt related to those initial Public Improvements so that the financial burden on End Users is minimized. The District shall not be entitled to issue any Debt until it has received approval of a Service Plan Amendment in the form of an Amended and Restated Service Plan and shall be required to obtain authorization of the Town, in the form of an intergovernmental agreement, prior to issuing Debt for the redevelopment of an existing Public Improvement.

The Town prefers that all property classified as “residential” shall be located solely within the boundaries of a residential district and that all property classified as “commercial” shall be located solely within the boundaries of a commercial district. For purposes of this distinction “commercial property” shall mean all property other than “residential real property” as that term is defined in Article X, Section 3(1)(b) of the Colorado Constitution. The distinction facilitates two goals: (1) to have similarly situated properties governed by common interests, and (2) to apply a lower maximum tax burden on residential owners. The foregoing shall not prohibit residential and commercial Districts from sharing the costs of Public Improvements in compliance with the provisions of this Service Plan and applicable law, provided, however, that no fees derived from retail sales shall be used to pay the costs of the Public Improvements.

Unless the District has operational responsibilities for any of the Public Improvements or Covenant Enforcement and Design Review Services, the Town intends that the District dissolve upon payment or defeasance of all Debt incurred or upon a court determination that adequate provision has been made for the payment of all Debt and for continuation of any operations.

II. DEFINITIONS

In this Service Plan, the following terms shall have the meanings indicated below, unless the context hereof clearly requires otherwise:

The proposed Service Area of the District includes approximately 61.336 acres of residential single-family development. Legal descriptions of the District Boundaries are attached hereto as **Exhibit A**. A vicinity map is attached hereto as **Exhibit B**. A map of the District Boundaries is attached hereto as **Exhibit C**. Proofs of Ownership and consents of the owners to organization of the District for all properties within the District Boundaries are attached hereto as **Exhibit C-2**. The District's boundaries may change from time to time as the District undergoes inclusions and exclusions pursuant to the Special District Act, subject to the limitations set forth in Section V below and as authorized by the Town.

IV. PROPOSED LAND USE / POPULATION PROJECTIONS / ASSESSED VALUATION

The Service Area, upon full build-out, will consist of approximately 50.773 acres of residential property. The current assessed valuation of the Service Area is assumed to be \$0 for purposes of this Service Plan and, at build-out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan.

At build-out, the residential building area is estimated to include approximately 175 single-family units.

The Town's approval of this Service Plan does not imply approval of the development of a specific area within the District, nor does it imply approval of the total number of residential lots or residential units which may be identified in this Service Plan. The total number of residential lots or residential units will be determined at the time of approval of a plat by the Town.

Approval of this Service Plan by the Town in no way releases or relieves the Developer of the Project, or the landowner or any subdivider of any portion of the Project property, or any of their respective successors or assigns, of obligations to construct Public Improvements for the Project or of obligations to provide to the Town such financial guarantees as may be required by the Town to ensure the completion of the Public Improvements, or of any other obligations to the Town under the Town Code or any applicable annexation agreement, subdivision agreement, or other agreements affecting the Project property or development thereof.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and operations and maintenance within and without the boundaries of the District as such power and authority is described in the Special District Act and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein.

1. Operations and Maintenance Limitation. The purpose of the District is to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The District shall only operate and maintain those Public Improvements that are not accepted for ownership, operations and maintenance by the Town or other appropriate entity in a manner consistent with Approved Development Plans and other rules and regulations of the Town and the Town Code.

2. Trails and Amenities. The District may own, operate, and maintain trails and related amenities within the District. All parks and trails shall be open to the general public, including Town residents who do not reside in the District, free of charge. Any fee imposed by the District for access to recreation improvements owned by the District, other than parks and trails, shall not result in Town residents who reside outside the District paying a user fee that is greater than, or otherwise disproportionate to, amounts paid by owners or tenants of the District and shall not result in the District's owners or tenants subsidizing the use by non-District's residents. The District shall be entitled to impose a reasonable administrative fee to cover additional expenses associated with use of District recreational improvements, other than parks and trails, by Town residents who do not reside in the District to ensure that such use is not subsidized by the District's owners or tenants.

3. Fire Protection, Ambulance and Emergency Services Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related

improvements installed as part of the water system shall not be limited by this provision. The District shall not be authorized to provide for ambulance or emergency medical services unless the provision of such service is approved by the Town in an intergovernmental agreement.

4. Television Relay and Translation Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town.

5. Telecommunication Facilities. The District agrees that no telecommunication facilities owned, operated or otherwise allowed by the District shall affect the ability of the Town to expand its public safety telecommunication facilities or impair the Town's existing telecommunication facilities.

6. Construction Standards Limitation. The District shall ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of other governmental entities having proper jurisdiction. The District shall obtain the Town's approval of civil engineering plans and applicable permits for construction and installation of Public Improvements prior to performing such work.

7. Zoning and Land Use Requirements; Sales and Use Tax. The District shall be subject to all of the Town's zoning, subdivision, building code and other land use requirements. The District shall not exercise any exemption from Town sales or use tax, whether directly or indirectly.

8. Growth Limitations. The District acknowledges that the Town shall not be limited in implementing Town Council or voter approved growth limitations, even though such actions may reduce or delay development within the District and the realization of District's revenue.

9. Conveyance. The District agrees to convey to the Town, at no expense to the Town and upon written notification from the Town, any real property owned by the District that is necessary, in the Town's sole discretion, for any Town capital improvement projects for transportation, utilities, drainage, streets or trails. The District shall, at no expense to the Town and upon written notification from the Town, transfer to the Town all rights-of-way, fee interests and easements owned by the District that the Town determines are necessary for access to and operation and maintenance of the Public Improvements to be owned, operated and maintained by the Town, consistent with an Approved Development Plan.

10. Privately Placed Debt Limitation. Prior to the issuance of any Privately Placed Debt, including but not limited to any Developer Debt, the District shall obtain the certification of an External Financial Advisor approved by the Town, in the form substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District and all Districts pledging revenue to the repayment of the Debt.

The District shall submit written notice to the Town Manager of the name of the proposed External Financial Advisor prior to the engagement of the External Financial Advisor, which shall either be approved or objected to by the Town within twenty (20) days of the submittal of such written notice to the Town Manager. If the Town Manager does not object to such selection within the twenty (20) day period, the Town Manager's approval shall be deemed to have been given to the District retaining the External Financial Advisor named in the written notice.

Within ten (10) days subsequent to the issuance of Privately Placed Debt, the District shall provide the Town with copies of the relevant Debt documents, the External Financial Advisor Certification and the Bond Counsel Opinion addressed to the District and the Town regarding the issuance of the Debt.

11. Inclusion Limitation. The District shall not include within its boundaries any property outside the District Boundaries without the prior written consent of the Town. The District shall only include within its boundaries property that has been annexed to the Town, and no portion of any of the District shall ever consist of property not within the Town's corporate boundaries.

12. Overlap Limitation. The boundaries of the District shall not overlap with another metropolitan district without the prior written consent of the Town.

13. Debt Limitation. Until the Development and Reimbursement Agreement is approved and executed between the Town and the District and until an Amended and Restated Service Plan is approved by Town Council, the District shall not: (a) issue any Debt; or (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds.

14. Maximum Debt Authorization. The District shall not issue Debt in excess of Three Million, Nine Hundred Thousand (\$3,900,000) except that the District shall not issue any Debt absent approval of an Amended and Restated Service Plan by the Town Council. Refunded Debt, wherein the initial debt issuance counted toward the Maximum Debt Authorization shall not count against the Maximum Debt Authorization set forth herein.

15. Recurring Fee Limitation. The District may impose and collect Recurring Fees for administrative, operations and maintenance expenses and for services, programs or facilities furnished by the District. Any Recurring Fees for administrative, operations and maintenance expenses not specifically set forth in the Financial Plan, including a subsequent increase in such Recurring Fees, shall be subject to review and approval by the Town. At the

discretion of the Town Manager, Town review and approval shall be provided by the Town Manager in writing or referred by the Town Manager to Town Council. If the Town does not respond to a request for the imposition of the Recurring Fee or an increase in such Recurring Fee within forty-five (45) days of receipt of a written request from the District, the Town shall be deemed to have approved the ability of the District to impose or increase the Recurring Fee as described in the request. Any Recurring Fees imposed or increased for operation and maintenance expenses without approval as set forth herein shall constitute a material departure from the Service Plan. The revenue from a Recurring Fee shall not be used to pay for Debt.

16. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply, except pursuant to an intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes, which shall be distributed to and a revenue source for the District without any limitation.

17. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town.

18. Bankruptcy Limitation. It is expressly intended that all of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Limitation Term, Developer Debt Mill Levy Imposition Term, and the Recurring Fees, that have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S.:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent an amendment to the Service Plan; and

(b) Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

The filing of any bankruptcy petition by the District shall constitute, simultaneously with such filing, a material departure of the express terms of this Service Plan, and thus an express violation of the approval of this Service Plan.

19. Water Rights/Resources Limitation. Water to satisfy the needs of the Project shall be dedicated by the Developer to the Town. The District shall not acquire, own, manage, adjudicate or develop water rights or resources except pursuant to an intergovernmental agreement with the Town. If the District provides a non-potable irrigation system, which would be owned, operated and maintained by the District, the District would be permitted to manage the raw water for the District irrigation water system in the manner set forth in a subsequently executed intergovernmental agreement with the Town.

20. Eminent Domain Limitation. Absent the prior written approval of the Town, the District shall not exercise its statutory power of eminent domain or dominant eminent domain for the purpose of condemning property outside of the Service Area. Additional approval from the Town shall not be required prior to the District's exercise of its statutory power of eminent domain or dominant eminent domain with respect to property within the Service Area. In no event shall the District exercise its statutory power of dominant eminent domain to condemn property owned by the Town.

21. Covenant Enforcement and Design Review Services. The District shall have the power, but not the obligation, to provide Covenant Enforcement and Design Review Services within the District in accordance with the Colorado Statutes as they are amended from time to time. The Town shall not bear any responsibility for Covenant Enforcement and Design Review Services within the boundaries of the District. The Town's architectural control, design review and other zoning, land use, development, design and other controls are separate requirements that must be met in addition to any similar controls or services undertaken by the District.

22. Reimbursement Agreement with Adjacent Landowners. If the District utilizes reimbursement agreements to obtain reimbursements from adjacent landowners for costs of improvements that benefit the third-party landowners, such agreements shall be done in accordance with Town Code. Any and all resulting reimbursements received for such improvement shall be used to re-pay the cost of the Public Improvement that is the subject of the reimbursement agreement or shall be deposited in the District's debt service fund and used for the purpose of retiring Debt. The District shall maintain an accurate accounting of the funds received and disbursed pursuant to reimbursement agreements.

23. Land Purchase Limitation. Proceeds from the sale of Debt and other revenue of the District may be used to pay the Developer for the acquisition from the Developer of any real property, easements or other interests not required to be dedicated for public use by annexation agreements, pursuant to Approved Development Plans, the Town Code or other development requirements. Examples of ineligible reimbursements include, but are not limited to: the acquisition of rights of way, easements, land for public drainage, parkland, or open space, unless separate consent is given by resolution of the Town Council.

24. Reimbursement of Public Improvement Related Costs. Prior to the reimbursement to the Developer for costs incurred in the organization of the District, for funds expended on the District's behalf related to the Public Improvements, for the payment by the District for an invoice related to a Public Improvement cost, or for the acquisition of any part of the Public Improvements, the District shall receive: a) the report of an engineer retained by the District, independent of the Developer and licensed in Colorado verifying that, in such engineer's professional opinion, the reimbursement for the costs of the Public Improvements that are the subject of the reimbursement or acquisition, including the construction costs and the soft costs, but excluding the accounting and legal fees, are, in such engineer's opinion, reasonable and are related to the provision of the Public Improvements or are related to the District's organization; and b) the report of an accountant retained by the District, independent of the Developer and licensed in Colorado verifying that, in such accountant's professional opinion, the reimbursement for the accounting and legal fees that are the subject of the reimbursement or acquisition, are, in such

accountants' opinion, reasonable and related to the Public Improvements or the District's organization. Upon request, the District shall provide the reports to the Town.

25. Developer Reimbursement of Administration, Operations and Maintenance Related Costs. Prior to the reimbursement to the Developer for costs incurred or for funds expended on behalf of the District related to the administration of the District or the operation and maintenance of the Public Improvements, the District shall receive the report of an accountant retained by the District, who is independent of the Developer and licensed in Colorado, verifying that, in such accountant's professional opinion, the reimbursement of the funds advanced for such administration, operations or maintenance costs, are, in such accountant's opinion, receivable and related to the administration, operations or maintenance of the District or the Public Improvements. Upon request, the District shall provide the report to the Town.

26. Board Meetings and Website Limitations. Once an End User owns property in the Service Area, the District's Board meeting(s) shall be conducted within the boundaries of the Town of Johnstown or conducted virtually via internet or telephone platform available for free access by the public. The District shall establish and maintain a public website and shall include the name of the Project or a name that allows property owners and residents of the District to readily locate the District online and shall also include an updated street map for those properties within the Service Area that have constructed streets that are open for public use. In addition, the District shall timely post a copy of all of the following documents on its public website: (a) each call for nominations, required pursuant to Section 1-13.5-501, C.R.S., (b) the transparency notices provided pursuant to 32-1-809, C.R.S, (c) each recorded declaration of covenants if the District provides Covenant Enforcement and Design Review Services, (d) a copy of this Service Plan and all amendments thereto, (e) all approved budgets, audits, meeting minutes, Board orders and resolutions, (f) any Rules and Regulations adopted by the Board, and (g) all meeting agendas and meeting packets.

27. Financial Review. The Town shall be permitted to conduct periodic reviews of the financial powers of the District in the Service Plan in the manner and form provided in Section 32-1-1101.5, C.R.S. As provided in the statute, the Town may conduct the first financial review in the fifth calendar year after the calendar year in which a special district's ballot issue to incur general obligation indebtedness was approved by its electors. After such fifth calendar year and notwithstanding the provisions of the statute, the Town may conduct the financial review at any time, by providing sixty (60) days written notice to the District, except that the Town may not conduct a financial review within sixty (60) months of the completion of its most recent financial review. The Town's procedures for conducting a financial review under this Paragraph, and the remedies available to the Town as a result of such financial review, shall be identical to those provided for in Section 32-1-1101.5(2), C.R.S. The District shall be responsible for payment of the Town consultant and legal and administrative costs associated with such review, and the Town may require a deposit of the estimated costs thereof.

28. Use of Proceeds and Revenues Limitations. Proceeds from the sale of Debt instruments and other revenue of the District may be used to pay landowners within the District for any real property, easements or other interests not required to be dedicated for public use by annexation agreements or the Town's land use codes or development requirements and for the cost of any capital improvements, costs of issuance of any debt or other facilities, services and

improvements authorized by the Service Plan. Additionally, if the Developer constructs the public infrastructure and conveys it to the District in return for a reimbursement obligation from the District, prior to making such reimbursement for such amounts, the District must receive the report of an independent engineer or accountant licensed in Colorado confirming that in such engineer's or accountant's professional opinion, the amount of the reimbursement is reasonable (a "Cost Verification Report").

29. Transfer Fee Limitation. The District shall not be authorized to collect or spend revenue from a transfer fee on the sale of real property within the District, except pursuant to an intergovernmental agreement with the Town.

30. Miscellaneous Powers. The District shall have the power to provide any facility, service, or program allowed by C.R.S. § 32-1-1004(1).

31. New Powers. If, after the Service Plan is approved, the Colorado General Assembly grants new or broader powers for metropolitan districts, to the extent permitted by law, any or all such powers shall be deemed to be a part hereof and available to be exercised by the District only following written approval by the Town, subject to the Town's sole discretion.

B. Service Plan Amendment Requirement.

This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Provided, however, the District shall not have the authority to issue Debt until it has received approval of an amendment to this Service Plan in the form of an Amended and Restated Service Plan. Actions of the District which violate the limitations set forth in this Service Plan shall be deemed to be material modifications to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the District, including the remedy of enjoining the issuance of additional authorized but unissued Debt, until such material modification is remedied.

C. Capital Plan.

The District shall have authority to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements within and without the boundaries of the District to the extent necessary to improve or construct Public Improvements, as more specifically defined in this Service Plan, the Special District Act and Approved Development Plan(s) for the Project. A Capital Plan, attached hereto as **Exhibit E**, includes: (1) a list of the Public Improvements to be developed by the District, supported by an engineering or architectural survey; (2) a good faith estimate of the cost of the Public Improvements; and (3) a pro forma capital expenditure plan correlating expenditures with development. The Public Improvements described in the Capital Plan may be modified in an Approved Development Plan or an intergovernmental agreement with the Town, and may differ from the Capital Plan without constituting a material modification of this Service Plan. To the extent that the Capital Plan sets forth the timing of the construction of the Public Improvements, such timing may also deviate from the Capital Plan without constituting a material modification of this Service Plan. As shown in the Capital Plan, the estimated cost of the Public Improvements for the District boundaries (of approximately 61.336

acres) is approximately Six Million, Eight Hundred Ninety-Nine Thousand, Four Hundred Twenty Eight Dollars (\$6,899,428). Costs of required Public Improvements that cannot be financed by the District within the parameters of this Service Plan and the financial capability of the District are expected to be financed by the Developer of the Project or through private financing.

The District shall be permitted to allocate costs between such categories of the Public Improvements as deemed necessary in its discretion.

All of the Public Improvements described herein shall be designed in such a way as to assure that the Public Improvements are constructed in accordance with Town standards and with the requirements of Approved Development Plans related to the project. All descriptions of the Public Improvements to be constructed, and their related costs, are estimates only and are subject to modification as engineering, development plans, economics, the Town's requirements, and construction scheduling may require. Upon approval of this Service Plan, the District shall continue to develop and refine the Capital Plan and the Map Depicting Public Improvements, as necessary, and prepare for issuance of Debt. All cost estimates will be adjusted to reflect then-current dollars at the time of the issuance of Debt and construction. All construction cost estimates contained in **Exhibit E** assume construction to applicable standards and specifications of the Town and state or federal requirements.

VI. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by the District. The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The District may only rely on specific ownership taxes, advances from the Developer and grants, subject to the limitations of this Service Plan.

The total Debt that the District shall be permitted to issue shall not exceed the Maximum Debt Authorization of \$3,900,000, which is estimated to be the amount necessary to net approximately \$1,997,567 in proceeds or reimbursements or any combination thereof from available District revenues for Public Improvements serving the District, as well as the traditional transactional and financing costs. Debt of the District shall be permitted to be issued on a schedule and in such year or years as the District determines to meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. This Maximum Debt Authorization of \$3,900,000 allows for approximately 120% coverage of the estimated financial plan and pro-forma projections to provide an additional contingency for changes in actual construction, increases in assessed valuation and unforeseen changes and contingencies.

(1) The Financial Plan, prepared by Piper Sandler & Co., attached hereto as **Exhibit F**, sets forth (i) how the Public Improvements are to be financed; (ii) the proposed indebtedness with a schedule indicating the years in which the Debt is scheduled to be issued; and (iii) the estimated revenue for both debt and operating revenue derived from property taxes and

other legally available revenues for the District. The Maximum Debt Authorization is supported by the Financial Plan.

(2) In addition to the other requirements of this Service Plan, at least forty-five (45) days prior to the issuance of any Debt, the District shall submit to the Town the then-current financial forecasts and feasibility reports for such proposed issuance, together with a current certification, of the Board(s) issuing such Debt, dated within sixty (60) days of such submittal, that such proposed Debt is in compliance with the Service Plan.

(3) At least ten (10) business days prior to the issuance of Publicly-Marketed Debt, the District shall provide the Town with the marketing documents that have been or shall be published. Within ten (10) days subsequent to the issuance of Publicly-Marketed Debt, the District shall provide the Town with the Bond Counsel Opinion addressed to the District and the Town regarding the issuance of the Debt and copies of the relevant Debt documents.

B. Maximum Voted Interest Rate, Maximum Underwriting Discount, Maximum Interest Rate on Developer Debt.

The interest rate on any Debt is limited to the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not to exceed eight percent (8%) simple interest. The proposed maximum underwriting discount will be four percent (4%). Debt, when issued, shall comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

The interest rate on Developer Debt shall not exceed the lesser of the current Bond Buyer 20-Bond GO index plus four percent (4%) or eight percent (8%) simple interest. Developer Debt shall be subordinate to other Debt of the District and shall be subject to the debt limitation term provided in Section VI.D below.

C. Mill Levies.

1. Maximum Debt Mill Levy. The Maximum Debt Mill Levy shall be forty (40) mills subject to an Assessment Ratio Adjustment.

2. Operations and Maintenance Mill Levy. The Operations and Maintenance Mill Levy shall be a mill levy the District is permitted to impose for payment of the District's administrative, operations and maintenance costs, which shall include, but not be limited to, the funding of operating reserves and sufficient ending fund balances to assure sufficient cash flow to fund expenses as they come due. Prior to the imposition of a mill levy for payment of Debt, the District may impose a maximum Operations and Maintenance Mill Levy of fifty (50) mills. After the imposition of a mill levy for the payment of Debt, the District shall not impose an Operations and Mill Levy that exceeds ten (10) mills, subject to an Assessment Ratio Adjustment, and shall at all times not exceed the maximum mill levy necessary to pay those expenses.

D. Mill Levy Imposition Term.

1. Developer Debt Mill Levy Imposition Term. Developer Debt shall expire and be forgiven twenty (20) years after the date of the initial imposition by the District of an ad

valorem property tax to pay any Debt, unless such term is otherwise extended pursuant to an intergovernmental agreement with the Town. Refunding Bonds shall not be subject to this Developer Debt Mill Levy Imposition Term so long as such Refunding Bonds are not owned by the Developer or by a person or party related to the Developer. Developer Debt shall not have any call protection.

2. Maximum Debt Mill Levy Imposition Term: In addition to the Developer Debt Mill Levy Imposition Term, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds forty (40) years after the year of the initial imposition of such mill levy unless a majority of the Board of the District imposing the mill levy are End Users residing in such District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, et seq., C.R.S.

E. Debt Repayment Sources.

Debt may be repaid through gifts, grants, ad valorem taxes, and any source of payment permitted by law, this Service Plan or other agreement with the Town.

F. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt, the District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the Town as security for any District indebtedness set forth in this Service Plan. The Town's approval of this Service Plan shall not be construed as a guarantee by the Town of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the Town in the event of default by the District in the payment of any such obligation.

H. District's Operating Costs.

The estimated cost of engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, are

anticipated to be Fifty Thousand Dollars (\$50,000) which will be eligible for reimbursement from Debt proceeds as provided in this Service Plan.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and to plan and cause the Public Improvements to be constructed and maintained. The first year's operating budget is estimated to be Fifty Thousand Dollars (\$50,000), which is anticipated to be derived from property taxes and other revenues.

VII. ANNUAL REPORT

A. General.

The District shall submit the executed Intergovernmental Agreement to the Town within ten (10) days of the District's organizational meeting.

At the Town Manager's discretion, the Town Manager shall decide if (1) he or she may provide the written Town approval, if approval is warranted; (2) the matter should be referred to the Town Council for consideration and, if appropriate, approval by Resolution; (3) the matter requires consideration for approval in the form of an agreement with the Town; or (4) the matter requires an amendment to the Service Plan.

INTERGOVERNMENTAL AGREEMENT BETWEEN
THE TOWN OF JOHNSTOWN, COLORADO
AND
LEDGE ROCK CENTER RESIDENTIAL METROPOLITAN DISTRICT NO. 2

THIS AGREEMENT is made and entered into as of this ___ day of _____, _____, by and between the TOWN OF JOHNSTOWN, a home-rule municipal corporation of the State of Colorado (“Town”), and LEDGE ROCK CENTER RESIDENTIAL METROPOLITAN DISTRICT NO. 2, a quasi-municipal corporation and political subdivision of the State of Colorado (the “District”). The Town and the District are collectively referred to as the “Parties.”

RECITALS

WHEREAS, the District was organized to provide those services and to exercise powers as are more specifically set forth in the District’s Service Plan approved by the Town on _____ (“Service Plan”); and

WHEREAS, the Service Plan makes reference to the execution of an intergovernmental agreement between the Town and the District; and

WHEREAS, the Town and the District have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Intergovernmental Agreement (“Agreement”).

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

COVENANTS AND AGREEMENTS

1. Operations and Maintenance Limitation. The purpose of the District is to provide for the planning, design, acquisition, construction, installation and financing of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The District shall only operate and maintain those Public Improvements that are not accepted for ownership, operations and maintenance by the Town or other appropriate entity in a manner consistent with Approved Development Plans and other rules and regulations of the Town and the Town Code.

2. Trails and Amenities. The District may own, operate, and maintain trails and related amenities within the District. All parks and trails shall be open to the general public, including Town residents who do not reside in the District, free of charge. Any fee imposed by the District for access to recreation improvements owned by the District, other than parks and trails, shall not result in Town residents who reside outside the District paying a user fee that is greater than, or otherwise disproportionate to, amounts paid by owners or tenants of the District and shall not result in the District’s owners or tenants subsidizing the use by non-District’s residents. The District shall be entitled to impose a reasonable administrative fee to cover additional expenses

associated with use of District recreational improvements, other than parks and trails, by Town residents who do not reside in the District to ensure that such use is not subsidized by the District's owners or tenants.

3. Fire Protection, Ambulance and Emergency Services Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision. The District shall not be authorized to provide for ambulance or emergency medical services unless the provision of such service is approved by the Town in an intergovernmental agreement.

4. Television Relay and Translation Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the Town.

5. Telecommunication Facilities. The District agrees that no telecommunication facilities owned, operated or otherwise allowed by the District shall affect the ability of the Town to expand its public safety telecommunication facilities or impair the Town's existing telecommunication facilities.

6. Construction Standards Limitation. The District shall ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the Town and of other governmental entities having proper jurisdiction. The District shall obtain the Town's approval of civil engineering plans and applicable permits for construction and installation of Public Improvements prior to performing such work.

7. Zoning and Land Use Requirements; Sales and Use Tax. The District shall be subject to all of the Town's zoning, subdivision, building code and other land use requirements. The District shall not exercise any exemption from Town sales or use tax, whether directly or indirectly.

8. Growth Limitations. The District acknowledges that the Town shall not be limited in implementing Town Council or voter approved growth limitations, even though such actions may reduce or delay development within the District and the realization of District's revenue.

9. Conveyance. The District agrees to convey to the Town, at no expense to the Town and upon written notification from the Town, any real property owned by the District that is necessary, in the Town's sole discretion, for any Town capital improvement projects for transportation, utilities, drainage, streets or trails. The District shall, at no expense to the Town and upon written notification from the Town, transfer to the Town all rights-of-way, fee interests and easements owned by the District that the Town determines are necessary for access to and

operation and maintenance of the Public Improvements to be owned, operated and maintained by the Town, consistent with an Approved Development Plan.

10. Privately Placed Debt Limitation. Prior to the issuance of any Privately Placed Debt, including but not limited to any Developer Debt, the District shall obtain the certification of an External Financial Advisor approved by the Town, in the form substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District and all Districts pledging revenue to the repayment of the Debt.

The District shall submit written notice to the Town Manager of the name of the proposed External Financial Advisor prior to the engagement of the External Financial Advisor which shall either be approved or objected to by the Town within twenty (20) days of the submittal of such written notice to the Town Manager. If the Town Manager does not object to such selection within the twenty (20) day period, the Town Manager's approval shall be deemed to have been given to the District retaining the External Financial Advisor named in the written notice.

Within ten (10) days subsequent to the issuance of Privately Placed Debt, the District shall provide the Town with copies of the relevant Debt documents, the External Financial Advisor Certification and the Bond Counsel Opinion addressed to the District and the Town regarding the issuance of the Debt.

11. Inclusion Limitation. The District shall not include within its boundaries any property outside the District Boundaries without the prior written consent of the Town. The District shall only include within its boundaries property that has been annexed to the Town and no portion of any of the District shall ever consist of property not within the Town's corporate boundaries.

12. Overlap Limitation. The boundaries of the District shall not overlap with another metropolitan district without the prior written consent of the Town.

13. Debt Limitation. Until the Development and Reimbursement Agreement is approved and executed by the Town and until an Amended and Restated Service Plan is approved by Town Council, the District shall not: (a) issue any Debt; or (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds.

14. Maximum Debt Authorization. The District shall not issue Debt in excess of Three Million, Nine Hundred Thousand Dollars (\$3,900,000), except that the District shall not issue any Debt absent the approval of an Amended and Restated Service Plan by the Town Council. Refunded Debt, wherein the initial debt issuance counted toward the Maximum Debt Authorization shall not count against the Maximum Debt Authorization set forth herein.

15. Execution of Development and Reimbursement Agreement Among The Developer, The Town and The Ledge Rock Center Commercial Metropolitan District; Dissolution Requirement. Pursuant to the Memorandum of Understanding between the Developer and the Town dated May 5, 2021, the Developer, the Town and the Ledge Rock Center Commercial Metropolitan District, a quasi-municipal corporation and political subdivision of the State of Colorado (“Commercial District”), anticipate the negotiation and execution of a Development and Reimbursement Agreement, as that term is defined in the Service Plan for the Commercial District, providing for, among other matters, terms and conditions relating to the financing of public improvements for the Commercial District. If the Developer, the Town and the Commercial District do not execute such Development and Reimbursement Agreement by February 1, 2022, the District shall promptly file a petition in the District Court for dissolution of the District, unless such deadline is extended in writing by the Town.

16. Recurring Fee Limitation. The District may impose and collect Recurring Fees for administrative, operations and maintenance expenses and for services, programs or facilities furnished by the District. Any Recurring Fees for administrative, operations and maintenance expenses not specifically set forth in the Financial Plan, including a subsequent increase in such Recurring Fees, shall be subject to review and approval by the Town. At the discretion of the Town Manager, Town review and approval shall be provided by the Town Manager in writing or referred by the Town Manager to the Town Council. If the Town does not respond to a request for the imposition of the Recurring Fee or an increase in such Recurring Fee within forty-five (45) days of receipt of a written request from the District, the Town shall be deemed to have approved the ability of the District to impose or increase the Recurring Fee as described in the request. Any Recurring Fees imposed or increased for operation and maintenance expenses without approval as set forth herein shall constitute a material departure from the Service Plan. The revenue from a Recurring Fee shall not be used to pay for Debt.

17. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds or other funds available from or through governmental or non-profit entities for which the Town is eligible to apply, except pursuant to an intergovernmental agreement with the Town. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

18. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the Town.

19. Bankruptcy Limitation. It is expressly intended that all of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Limitation Term, Developer Debt Mill Levy Imposition

Term, and the Recurring Fees, that have been established under the authority of the Town to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S.:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent an amendment to the Service Plan; and

(b) Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

The filing of any bankruptcy petition by the District shall constitute, simultaneously with such filing, a material departure of the express terms of this Service Plan, and thus an express violation of the approval of this Service Plan.

20. Water Rights/Resources Limitation. Water to satisfy the needs of the Project shall be dedicated by the Developer to the Town. The District shall not acquire, own, manage, adjudicate or develop water rights or resources except pursuant to an intergovernmental agreement with the Town. If the District provides a non-potable irrigation system, which would be owned, operated and maintained by the District, the District would be permitted to manage the raw water for the District irrigation water system in the manner set forth in a subsequently executed intergovernmental agreement with the Town.

21. Eminent Domain Limitation. Absent the prior written approval of the Town, the District shall not exercise its statutory power of eminent domain or dominant eminent domain for the purpose of condemning property outside of the Service Area. Additional approval from the Town shall not be required prior to the District’s exercise of its statutory power of eminent domain or dominant eminent domain with respect to property within the Service Area. In no event shall the District exercise its statutory power of dominant eminent domain to condemn property owned by the Town.

22. Covenant Enforcement and Design Review Services. The District shall have the power, but not the obligation, to provide Covenant Enforcement and Design Review Services within the District in accordance with the Colorado Statutes as they are amended from time to time. The Town shall not bear any responsibility for Covenant Enforcement and Design Review Services within the boundaries of the District. The Town’s architectural control, design review and other zoning, land use, development, design and other controls are separate requirements that must be met in addition to any similar controls or services undertaken by the District.

23. Special Improvement District. The District shall not be entitled to create a special improvement district pursuant to Section 32-1-1101.7, C.R.S., unless otherwise provided pursuant to an intergovernmental agreement with the Town.

24. Reimbursement Agreement with Adjacent Landowners. If the District utilizes reimbursement agreements to obtain reimbursements from adjacent landowners for costs of improvements that benefit the third-party landowners, such agreements shall be done in

accordance with Town Code. Any and all resulting reimbursements received for such improvement shall be used to re-pay the cost of the Public Improvement that is the subject of the reimbursement agreement or shall be deposited in the District's debt service fund and used for the purpose of retiring Debt. The District shall maintain an accurate accounting of the funds received and disbursed pursuant to reimbursement agreements.

25. Land Purchase Limitation. Proceeds from the sale of Debt and other revenue of the District may be used to pay the Developer for the acquisition from the Developer of any real property, easements or other interests not required to be dedicated for public use by annexation agreements pursuant to Approved Development Plans, the Town Code or other development requirements. Examples of ineligible reimbursements include, but are not limited to: the acquisition of rights of way, easements, land for public drainage, parkland, or open space, unless separate consent is given by resolution of the Town Council. If the Developer seeks reimbursement for the items described herein from the District, prior to providing reimbursement for such amounts, the District shall receive the report of an independent engineer or accountant licensed in Colorado confirming that in such engineer's or accountant's professional opinion, the amount of the reimbursement is reasonable.

26. Reimbursement of Public Improvement Related Costs. Prior to the reimbursement to the Developer for costs incurred in the organization of the District, for funds expended on the District behalf related to the Public Improvements, for the payment by the District for an invoice related to a Public Improvement cost, or for the acquisition of any part of the Public Improvements, the District shall receive: a) the report of an engineer retained by the District, independent of the Developer and licensed in Colorado verifying that, in such engineer's professional opinion, the reimbursement for the costs of the Public Improvements that are the subject of the reimbursement or acquisition, including the construction costs and the soft costs, but excluding the accounting and legal fees, are, in such engineer's opinion, reasonable and are related to the provision of the Public Improvements or are related to the District's organization; and b) the report of an accountant retained by the District, independent of the Developer and licensed in Colorado verifying that, in such accountant's professional opinion, the reimbursement for the accounting and legal fees that are the subject of the reimbursement or acquisition, are, in such accountants opinion, reasonable and related to the Public Improvements or the District's organization. Upon request, the District shall provide the reports to the Town.

27. Developer Reimbursement of Administration, Operations and Maintenance Related Costs. Prior to the reimbursement to the Developer for costs incurred or for funds expended on behalf of the District related to the administration of the District or the operation and maintenance of the Public Improvements, the District shall receive the report of an accountant retained by the District, who is independent of the Developer and licensed in Colorado, verifying that, in such accountant's professional opinion, the reimbursement of the funds advanced for such administration, operations or maintenance costs, are, in such accountant's opinion, receivable and related to the administration, operations or maintenance of the District or the Public Improvements. Upon request, the District shall provide the report to the Town.

28. Board Meetings and Website Limitations. Once an End User owns property in the Service Area, the District's Board meeting(s) shall be conducted within the boundaries of the Town of Johnstown or conducted virtually via internet or telephone platform available for free

access by the public. The District shall establish and maintain a public website and shall include the name of the Project or a name that allows property owners and residents of the District to readily locate the District online and shall also include an updated street map for those properties within the Service Area that have constructed streets that are open for public use. In addition, the District shall timely post a copy of all of the following documents on its public website: (a) each call for nominations, required pursuant to Section 1-13.5-501, C.R.S., (b) the transparency notices provided pursuant to 32-1-809, C.R.S, (c) each recorded declaration of covenants if the District provides Covenant Enforcement and Design Review Services, (d) a copy of this Service Plan and all amendments thereto, (e) all approved budgets, audits, meeting minutes, Board orders and resolutions, (f) any Rules and Regulations adopted by the Board, and (g) all meeting agendas and meeting packets.

29. Financial Review. The Town shall be permitted to conduct periodic reviews of the financial powers of the District in the Service Plan in the manner and form provided in Section 32-1-1101.5, C.R.S. As provided in the statute, the Town may conduct the first financial review in the fifth calendar year after the calendar year in which a special district's ballot issue to incur general obligation indebtedness was approved by its electors. After such fifth calendar year and notwithstanding the provisions of the statute, the Town may conduct the financial review at any time, by providing sixty (60) days written notice to the District, except that the Town may not conduct a financial review within sixty (60) months of the completion of its most recent financial review. The Town's procedures for conducting a financial review under this Paragraph, and the remedies available to the Town as a result of such financial review, shall be identical to those provided for in Section 32-1-1101.5(2), C.R.S. The District shall be responsible for payment of the Town consultant and legal and administrative costs associated with such review, and the Town may require a deposit of the estimated costs thereof.

30. Use of Proceeds and Revenues Limitations. Proceeds from the sale of Debt instruments and other revenue of the District may be used to pay landowners within the District for any real property, easements or other interests not required to be dedicated for public use by annexation agreements or the Town's land use codes or development requirements and for the cost of any capital improvements, costs of issuance of any debt or other facilities, services and improvements authorized by the Service Plan. Additionally, if the landowner/developer constructs the public infrastructure and conveys it to the District in return for a reimbursement obligation from the District, prior to making such reimbursement for such amounts, the District must receive a Cost Verification Report.

31. Transfer Fee Limitation. The District shall not be authorized to collect or spend revenue from a transfer fee on the sale of real property within the District, except pursuant to an intergovernmental agreement with the Town.

32. Miscellaneous Powers. The District shall have the power to provide any facility, service, or program allowed by C.R.S. § 32-1-1004(1).

33. New Powers. If, after the Service Plan is approved, the Colorado General Assembly grants new or broader powers for metropolitan districts, to the extent permitted by law, any or all such powers shall be deemed to be a part hereof and available to be exercised by the District only following written approval by the Town, subject to the Town's sole discretion.

34. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in this Service Plan shall be deemed to be material modifications to this Service Plan and the Town shall be entitled to all remedies available under State and local law to enjoin such actions of the District, including the remedy of enjoining the issuance of additional authorized but unissued debt, until such material modification is remedied.

35. Maximum Residential Debt Mill Levy. The Maximum Residential Debt Mill Levy shall be forty (40) mills subject to an Assessment Ratio Adjustment.

36. Operations and Maintenance Mill Levy. The Operations and Maintenance Mill Levy shall be a mill levy the District is permitted to impose for payment of the District's administrative, operations and maintenance costs, which shall include, but not be limited to, the funding of operating reserves and sufficient ending fund balances to assure sufficient cash flow to fund expenses as they come due. Prior to the imposition of a mill levy for payment of Debt, the District may impose a maximum Operations and Maintenance Mill Levy of fifty (50) mills. After the imposition of a mill levy for the payment of Debt, the District shall not impose an Operations and Mill Levy that exceeds ten (10) mills, subject to an Assessment Ratio Adjustment, and shall at all times not exceed the maximum mill levy necessary to pay those expenses.

37. Mill Levy Imposition Term.

(a) Developer Debt Mill Levy Imposition Term. Developer Debt shall expire and be forgiven twenty (20) years after the date of the initial imposition by the District of an ad valorem property tax to pay any Debt, unless such term is otherwise extended pursuant to an intergovernmental agreement with the Town. Refunding Bonds shall not be subject to this Developer Debt Mill Levy Imposition Term so long as such Refunding Bonds are not owned by the Developer or by a person or party related to the Developer. Developer Debt shall not have any call protection.

(b) Maximum Debt Mill Levy Imposition Term: In addition to the Developer Debt Mill Levy Imposition Term, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds forty (40) years after the year of the initial imposition of such mill levy unless a majority of the Board of the District imposing the mill levy are End Users residing in such District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in 11-56-101, et seq., C.R.S.

38. Debt Repayment Sources. Debt may be repaid from gifts, grants, ad valorem taxes, and any source of payment permitted by law, this Service Plan or other agreement with the Town.

39. Dissolution. Upon a determination of the Town Council that the purposes for which the District was created have been accomplished or as set forth in Paragraph 15 above, the District shall file a petition in the District Court for dissolution, pursuant to the applicable State statutes. Except as provided in Paragraph 15 above, dissolution shall not occur until the District has provided for the payment or discharge of all of its outstanding indebtedness and other financial

obligations as required pursuant to State statutes. Except as otherwise required in the Intergovernmental Agreement or in the Development and Reimbursement Agreement, dissolution shall not be required if the District is responsible for ongoing operations and maintenance.

METROPOLITAN DISTRICT NO. 2
PROPERTY TAX ILLUSTRATION**

The following is a sample calculation of the property taxes that will be imposed by and paid solely to the District. This calculation does not include the property taxes that will be due and owing to other public taxing entities, such as to the Town of Johnstown, the Weld County Reorganized School District RE-5J or the Thompson School District R2-J and the Thompson Rivers Parks and Recreation District.

Sample Calculation of Property Tax for a Residential Property based on the Residential Mill Levy Cap:

Assumptions:

Market value of residence is \$400,000

Mill levy cap is 50 mills *

Calculation:

$\$400,000 \times .0715 = \$28,600$ (Assessed Valuation)

$\$28,600 \times .050$ mills = **\$1,440 per year in taxes owed solely to the District**

* Per the Service Plan, the District is entitled to adjust the mill levy cap under certain circumstances, without a corresponding increase in the amount of taxes due and owing. For example, if the assessed valuation ratio for residential property is reduced below .0715, the District is entitled to increase the mill levy to recover the same amount of taxes that would have been paid based on the assessed valuation ratio on the date of approval of the Service Plan.
