MESSAGE FROM THE MAYOR

Two years into the implementation of our visionary ten-year Strategic Plan, I am thrilled to celebrate the incredible progress we've made toward shaping the future of Johnstown - a future built on the dreams and aspirations of every resident. This journey has been marked by collaboration, determination, and a deep respect for what makes our community special.

For those who see growth as an opportunity, our progress is a testament to what can be achieved when we embrace change with bold ambition. We've strengthened partnerships, developed innovative solutions, and made visible advances in our infrastructure, public safety, and community development. These milestones reflect our shared commitment to a thriving, vibrant Johnstown, one that attracts new opportunities while honoring the values that brought us together.

For those who approach growth with caution, we hear you. Protecting the essence of Johnstown - its small-town charm, tight-knit community, and treasured traditions - is central to every decision we make. Growth does not mean losing who we are; instead, it is about ensuring that Johnstown remains a place where families can flourish, seniors can thrive, and neighbors feel connected. Every step forward is taken thoughtfully, with a focus on balancing progress with preservation.

To every resident, whether you are energized by the possibilities of development or grounded in the desire to safeguard our roots, your voice matters. Thank you for your engagement, whether through community forums, project discussions, or simply sharing your perspectives. Your insights guide us, ensuring we stay true to the diverse needs and hopes of Johnstown.

As we move forward, let's continue to work together - united by a shared vision of a community that grows with purpose and integrity. Together, we are shaping a Johnstown that is not only bigger but better, for today and for generations to come.

Creating Positive Outcomes

A well-executed strategic plan serves as a roadmap that enables us to work toward our goals, improve services, and enhance the quality of life for our constituents.

The purpose of a strategic plan:

- Create a Shared Vision Among Stakeholders Within Our Community and Organization: This consensus is critical for alignment and moving forward effectively.
- Increase Efficiency and Effectiveness: By setting clear goals and strategies, we can allocate resources more efficiently and achieve better outcomes.
- Ensure Common Goals: Engaging both internal and external stakeholders ensures that a wide range of perspectives and needs are considered, leading to a more comprehensive and robust plan.
- Identifies Improvement Opportunities: Strategic planning involves a thorough examination of current practices, identifying strengths and weaknesses, and uncovering opportunities for improvement. This data-driven approach helps us make informed decisions.
- Define Identity and Services: Through strategic planning, we can define our identity by clarifying our mission, vision, and values. We can also specify the services we intend to provide.
- Service Delivery: Determining how best to provide services is a critical aspect of strategic planning. This may involve evaluating different service delivery models, considering technology advancements, and optimizing resource allocation.

Mission
