MEMORANDUM

TO: Honorable Mayor and Council Members

FROM: Law Office of Avi S. Rocklin, LLC

DATE: October 5, 2021

RE: Waste Collection Ordinance

Attached for consideration are revised waste collection regulations. Upon further direction of the Town Council, an ordinance will be presented as an agenda item during a subsequent meeting.

The proposed revisions contain the following notable provisions:

- The Town will continue to provide refuse collection services to residents in the Town through a contract with a third party. Unless the Town Manager agrees, the refuse collection services will not be available to multifamily residences containing three or more units or to non-residential customers.
- The Town will provide recycling services through a contract with a third party. The recycling services will be available to any customer receiving the Town refuse collection services.
- Customers may opt-out of the Town-provided refuse collection service and/or the recycling collection service by providing written notice to the Town Finance Director.
- Customers using the Town services must use the waste collection containers provided by the third-party contractor, place the containers in a readily accessible location for pick-up and not overload the containers. Customers not using the Town services should procure their own containers.
- Waste collection containers must be kept off the street, curb, sidewalk and all other public ways, except for the period beginning 6:00 p.m. on the day prior to the day of collection and ending 9:00 p.m. on the day of collection.
- Customers using the Town services will continue to be billed with their monthly water bill.
