AGENDA ITEM DESCRIPTION:

Enclosed for your review and consideration is Ordinance 2021-215 repealing and readopting Article IV of Chapter 7 regarding Waste Collection. The form of this ordinance addresses and proposes some of the following highlighted changes:

1. The requirement that any solid waste hauler operating in the Town acquire a Town business license and carry insurance for their operations.
2. Clarity regarding opt out provisions, specifically related to when the opt out provisions must take place in concert with timing of our utility billing system.
3. Regulations regarding when trash receptacles may be placed in the street for pick up and when they must be brought back to the home/residence.
4. Other services provided by the Town's Contracted Solid Waste Provider shall not be available to customers not enrolled in the Town's solid waste services. – *These services would include those such as the clean up day which we expect to reestablish in 2022. The Town is providing this service in 2021 through a voucher program and the service is available to all.*

With the exception of item 4 which was added since the ordinance draft was presented to Council at the last meeting, the document remains unchanged.
