SURVEYOR NOTES:

1. The lineal unit of measurement for this survey is U. S. Survey Feet.
2. The Basis of Bearings is the West quarter-section line, bearing South 88°59'45" East (an assumed bearing), and monumented as shown on drawing.
3. For all information regarding easements, right-of-way or title of record, Northern Engineering relied upon Order No. ABD25177100, dated 10/20/2020, prepared by Land Title Guarantee Company.
4. Northern Engineering or the Professional Land Surveyor listed hereon, does not have the expertise to address mineral rights, and recommends the owner retain an expert to address these matters. Northern Engineering or the Professional Land Surveyor listed heron assumes no responsibility for the mineral rights upon the subject property.
5. A copy of the title commitment and the documents contained therein were provided to the owner, client and those entities listed under the surveyor's certification for their use and review.
6. For easements created by separate document and shown hereon refer to record document for specific terms.
7. A prescriptive 60-foot right of way Weld County road 46 1/2 was shown on the subdivision plat of Johnstown Farms Filing No. 3, recorded at reception no. 4568150 with Weld County Clerk and Recorder. Said plat also shows the 60-foot right of way as being attributed to Book 86 Page 283 of the Weld County records. However, the document at Book 86 Page 283 only calls for 60-foot rights of way on section lines, while Weld County road 46 1/2 is along a quarter section line. This survey does not address whether there was a prescriptive 60-foot right of way prior to the platting of Johnstown Farms Filing No. 3.
8. Not all documents listed in title commitment are plottable or definable. Those easements that are definable by their descriptions are shown hereon. Owner, Client and others should refer to the title commitment and those documents listed therein for a true understanding of all rights of way, easements, encumbrances, interests and title of record concerning the subject property.
9. The word "certify" or "certification" as shown and used hereon is an expression of professional opinion regarding the facts of the survey, and does not constitute a warranty or guaranty, expressed or implied. DORA Bylaws and Rules (4 CCR 730-1).
10. Easements and other record documents shown or noted hereon were examined as to location and purpose and were not examined as to restrictions, exclusions, conditions, obligations, terms, or as to the right to grant the same.
11. Adjacent property owner information per the Weld County Property Portal
12. The Professional opinion of the Surveyor is not a determination of law, nor a matter of fact.
13. This bearing appears to have a scrivener's error and should instead read South 30° 51' 09" East, per the plat of Johnstown Farms Filing No. 3 recorded at Reception No. 4568150 by Shaun D. Lee, PLS 38158 for and on behalf of Aztec Consultants Inc., being the same PLS that created this legal description. This survey reflects the aforementioned bearing of South 30° 51' 09" East.
14. A current title commitment was not provided to the surveyor. The surveyor has used the above listed title commitment as the best available evidence to determine rights and encumbrances that may or may not impact the subject property. The surveyor is not responsible for those rights or encumbrances of record or existing not listed in said title commitments. This survey is subject to all easements, rights-of-way, and encumbrances as recorded or existing.
15. A current title commitment will be provided to the surveyor prior to final submittal. This note will be removed prior to finalizing survey.
16. Said described property is located within an area having a Zone Designation AE by the Federal Emergency Management Agency (FEMA), on Flood Insurance Rate Map No. 08069C1410G, Panel 1410, with a date of identification of January 15, 2021, for Community No. 080250, in Town of Johnstown, County of Larimer, State of Colorado, which is the current Flood Insurance Rate Map for the community in which said premises is situated.
17. It is unlawful under Colorado State Statute to knowingly disturb, deface, remove, or destroy a land survey monument.
18. This survey is a draft. Monuments have not been set. Monuments will be set or upgraded prior to finalizing survey. *THIS NOTE WILL BE REMOVED PRIOR TO FINALIZING THE SURVEY*
