\*\*The Dealer's Inventory Tax charge is intended to reimburse the dealer for ad valorem taxes on its motor vehicle inventory. The charge, which is paid by the Dealer to the county tax assessor-collector, is not a tax imposed on a consumer by the government, and is not required to be charged by the dealer to the consumer.

1. These Terms and Conditions shall govern the sale of motor vehicles ("Purchased Unit(s)") by Dealer to Purchaser. Dealer's performance and prices are expressly conditioned on these terms and conditions. This document shall be the final, complete, and exclusive agreement between the parties and may not be modified, amended, supplemented, explained, or waived by parol evidence, Purchaser's purchase order, a course of dealings, custom or trade usage, prior representations, Dealer's performance or delivery, Dealer's catalogs, circulars or other promotional material, or in any other way except in writing signed by Dealer's Authorized Representative. Dealer's Authorized Representative shall mean Dealer's Vice-President, General Counsel, Chief Financial Officer, or President.

2. Purchaser agrees to complete one of the following, and agrees that despite delivery of the Purchased Unit(s) to Purchaser, title to the Purchased Unit(s) shall remain with Dealer until Purchaser completes one of the following: (1) pay the balance due, as shown on this Order, in cash or (2) execute a Time Sales Agreement (Retail Installment Contract), or (3) execute a Loan Agreement for the purchase price of the Purchased Unit(s) plus additional charges shown herein, or (4) execute a lease agreement, on or before delivery of the Purchased Unit(s). Purchaser and Dealer agree that this Order is not a security agreement and that delivery of the Purchased Unit(s) to the Purchaser pursuant to this Order will not constitute possession of the Purchased Unit(s) by the Purchaser, as a debtor, for the purposes of the purchase money security provisions in any statutes relating to personal property security or its equivalent. Purchaser understands that its rights in connection with this purchase are limited as set forth in this Order.

3. Manufacturer has reserved the right to change the price to Dealer of new motor vehicles without notice. In the event the price to Dealer of new motor vehicles of the series and body type ordered hereunder is changed by Manufacturer prior to delivery of the Purchased Unit(s) ordered hereunder to Purchaser, Dealer reserves the right to change the cash delivered price (or any other pricing) of such motor vehicle to Purchaser accordingly. If such cash delivered price (or any other pricing) is increased by Dealer by five percent (5%) or more, Purchaser's sole remedy is to cancel this Order, in which event if a used motor vehicle has been traded in as a part of the consideration for such new Purchased Unit(s), such used motor vehicle shall be returned to Purchaser upon payment by Purchaser to Dealer of all storage and repair cost incurred or, if such used motor vehicle has been previously sold by Dealer, the amount received for such sale by Dealer, less a selling commission of 15% and any cost or expense incurred in storing, repairing, insuring, conditioning or advertising said used motor vehicle for sale, shall be returned to Purchaser. Purchaser waives all other claims for any damages resulting from a manufacturer's change in pricing and/or a related cancellation.
