July 29, 2025

To the Honorable Mayor and Members of the City Council:

In accordance with the Civil Statutes of the State of Texas, I present the following document for the Proposed Annual Budget for the Fiscal Year 2025-26. This proposed budget is designed to provide you with the overall financial plan to provide city services for the upcoming year. In addition, the proposed General Fund budget provides the funding for planned expenditures, contingency appropriations for operating funds that total \$6.109M.

The proposed General Fund budget is balanced and has restored fund balance reserves. Revenues over proposed expenditures are \$162,219 which could be allocated by the council as needed. The budget is based on the proposed tax rate of \$0.689468.

The FY2025-26 Proposed Budget includes the following changes:

- Police Officer position regraded to a Patrol Sergeant position
- Parks Maintenance Worker position regraded to a Parks Crew Leader position
- 3% salary increase for all employees
- TMRS modifications to achieve a more competitive plan

The FY2025-26 Proposed Budget is comprised of the following funds:

**General Fund** is the main operating fund of the City. The fund is used to account for all the financial resources that are not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are counted for in this fund. General operating expenditures, fixed charges, and capital improvement costs that are not paid through other funds are paid from the General Fund. The two primary revenue sources of the General Fund are generated from property taxes and sales taxes. Additional information about these two revenue sources is provided later in this letter.

**Debt Service Fund** is a legally restricted fund utilized to account for revenues recognized to liquidate the debt service requirements of the City's general obligation debt and account for short-term notes payable. Expenditures from this fund are projected to be \$2,026,315 for FY 2025-26. Of that amount, \$210,277

will be covered by excess debt collection fees from FY 2024-25 and \$316,692 will be covered by transfer from the Type B Fund. The remaining debt service of \$1,499,346 is allocated by the debt service revenue in the proposed tax rate.

**Capital Improvement Fund** is used to account for revenues and expenditures associated with the purchase of vehicles, equipment, and facility improvements. The goal of the city is to pursue savings and transfer all savings from fleet maintenance and the sale of any city asset by auction (excluding Facilities) to the Capital Reserve Fund.

**Donation Fund** is used to account for donation revenue and expenditures.

**Economic Development Funds** are funds allocated to finance expanded business enterprises within the City through economic development corporations (EDC's). The EDC's authorize a city to levy sales tax to fund projects approved by the Local Government Code Chapters 501, 504, and 505 and to fund the corporations.

The Type A EDC provides projected revenues of \$750,000, excluding the fund balance. Expenditures budgeted for FY2025-26 include business development and debt service totaling \$585,062. Revenues over expenditures of \$164,938 are projected.

The Type B EDC/Park Board Fund will provide projected revenues of \$754,000, excluding fund balance. Expenditures budgeted for FY 2025-26 include park operations, construction, maintenance, and transfers totaling \$903,324. Revenue under expenditures of \$149,325 are projected.

**Court Technology, Court Building Security and Consolidated Court Security and Technology Funds-** are established by law to assist in funding of expenditures related to purchasing or maintaining technology enhancements for municipal court. The Court Building Security Fund was also established by law to account for expenditures related to security for the municipal court. Legislation occurring in 2025 created a new fund for both court technology and building security. Total revenues for these funds collectively are projected to be \$13,100, with anticipated expenditures of \$16,769.

**Hotel Occupancy Tax Fund-** established by law to assist in funding of expenditures related to tourism and community development. Total revenues for this fund are projected to be \$30,500 with total expenditures of \$240.

### ***Property Taxes***

Property tax revenue is based on estimations by the Tax Assessor's Office and the Johnson County Appraisal District's certified values. "Truth-in-Taxation" requires information to be included in municipal budgets, such as the "No New Revenue" (previously known as the "Effective Rate") and "Voter Approval" (previously known as the "Rollback Rate") tax rates and the "De Minimus" tax rate, which applies to cities with populations less than 30,000.

<b>FY 2025-26 Total Tax Rate</b>	<b>\$</b>	<b>0.689468</b>
<b>FY 2025-26 Tax Revenue</b>	<b>\$</b>	<b>5,315,615</b>

<b>FY 2025-26 “No New Revenue Tax Rate”</b>	<b>\$0.704518</b>
<b>FY 2025-26 “Voter Approval Tax Rate”</b>	<b>\$0.735684</b>
<b>FY 2025-26 “De Minimus” Tax Rate</b>	<b>\$0.793290</b>

The overall year-to-year increase in property tax value reflects the current growth pattern in the region primarily in part to residential development.

As in 2024, it is expected that growth will continue to increase slightly lower than experienced during the last fiscal year. Residential development will remain steady with the development of new subdivisions, additional phases in existing subdivisions. Commercial development in Joshua Station and Downtown continue to increase slightly.

***Sales Taxes***

Revenue generated from sales tax is based on a 0.01 tax rate. Sales tax is the second-largest source of revenue for the General Fund. Sales tax for FY2025-26 is projected to be \$1,400,000, a budgeted increase of \$14,000. (1.0%) from FY 2024-25.

## **SUMMARY AND ACKNOWLEDGMENTS**

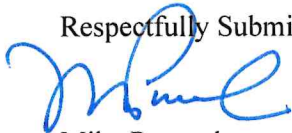

The Proposed Fiscal Year 2025-26 Annual Operating Budget for the City of Joshua has been developed to assure that operating expenses for this budget year are financially sustainable and reflect the priorities established by the City Council. Recurring revenue sources and expenses, as well as projected revenue sources and expenses, have been considered in order to achieve the fundamental purpose of the city, which is to.

- Provide for the safety and security of the community
- Maintain and improve existing infrastructure
- Plan for orderly and responsible growth and sustainability
- Provide responsible fiscal policy

These challenges will be provided by the delivery of high-quality public services efficiently and effectively without increasing tax rates.

In preparing this FY 2025-26 budget, I would like to acknowledge the valuable contribution and teamwork of the department heads and specifically Aaron Maldonado, Brittany Grounds, and Marcie Freelen, who assisted in the preparation of this budget alongside myself, working as a team.

Respectfully Submitted,

Mike Peacock,  
City Manager

**GENERAL INFORMATION:** Tax Code Section 26.04(c) requires an officer or employee designated by the governing body to calculate the no-new-revenue (NNR) tax rate and voter-approval tax rate for the taxing unit. These tax rates are expressed in dollars per \$100 of taxable value calculated. The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

School districts do not use this form, but instead use Comptroller Form 50-859 *Tax Rate Calculation Worksheet, School District without Chapter 313 Agreements* or Comptroller Form 50-884 *Tax Rate Calculation Worksheet, School District with Chapter 313 Agreements*.

Water districts as defined under Water Code Section 49.001(1) do not use this form, but instead use Comptroller Form 50-858 *Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts* or Comptroller Form 50-860 *Developed Water District Voter-Approval Tax Rate Worksheet*.

The Comptroller's office provides this worksheet to assist taxing units in determining tax rates. The information provided in this worksheet is offered as technical assistance and not legal advice. Taxing units should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

### SECTION 1: No-New-Revenue Tax Rate

The NNR tax rate enables the public to evaluate the relationship between taxes for the prior year and for the current year based on a tax rate that would produce the same amount of taxes (no new taxes) if applied to the same properties that are taxed in both years. When appraisal values increase, the NNR tax rate should decrease.

The NNR tax rate for a county is the sum of the NNR tax rates calculated for each type of tax the county levies.

While uncommon, it is possible for a taxing unit to provide an exemption for only maintenance and operations taxes. In this case, the taxing unit will need to calculate the NNR tax rate separately for the maintenance and operations tax and the debt tax, then add the two components together.

## SECTION 2: Voter Approval Tax Rate

The voter-approval tax rate is the highest tax rate that a taxing unit may adopt without holding an election to seek voter approval of the rate. The voter-approval tax rate is split into two separate rates:

- Maintenance and Operations (M&O) Tax Rate:** The M&O portion is the tax rate that is needed to raise the same amount of taxes that the taxing unit levied in the prior year plus the applicable percentage allowed by law. This rate accounts for such things as salaries, utilities and day-to-day operations.
- Debt Rate:** The debt rate includes the debt service necessary to pay the taxing unit's debt payments in the coming year. This rate accounts for principal and interest on bonds and other debt secured by property tax revenue.

The voter-approval tax rate for a county is the sum of the voter-approval tax rates calculated for each type of tax the county levies. In most cases the voter-approval tax rate exceeds the no-new-revenue tax rate, but occasionally decreases in a taxing unit's debt service will cause the NNR tax rate to be higher than the voter-approval tax rate.

### SECTION 5: Voter Approval Tax Rate Adjustment for Unused Increment Rate

The unused increment rate is the rate equal to the sum of the prior 3 years Foregone Revenue Amounts divided by the current taxable value.<sup>42</sup> The Foregone Revenue Amount for each year is equal to that year's adopted tax rate subtracted from that year's voter-approval tax rate adjusted to remove the unused increment rate multiplied by that year's current total value.<sup>43</sup>

The difference between the adopted tax rate and adjusted voter-approval tax rate is considered zero in the following scenarios:

- a tax year in which a taxing unit affected by a disaster declaration calculates the tax rate under Tax Code Section 26.042;<sup>44</sup>
- a tax year in which the municipality is a defunding municipality, as defined by Tax Code Section 26.0501(a);<sup>45</sup> or
- after Jan. 1, 2022, a tax year in which the comptroller determines that the county implemented a budget reduction or reallocation described by Local Government Code Section 120.002(a) without the required voter approval.<sup>46</sup>

**SECTION 6: De Minimis Rate**

The de minimis rate is the rate equal to the sum of the no-new-revenue maintenance and operations rate, the rate that will raise \$500,000, and the current debt rate for a taxing unit.<sup>48</sup>

This section should only be completed by a taxing unit that is a municipality of less than 30,000 or a taxing unit that does not meet the definition of a special taxing unit.<sup>49</sup>

**SECTION 7: Voter Approval Tax Rate Adjustment for Emergency Revenue Rate**

In the tax year after the end of the disaster calculation time period detailed in Tax Code Section 26.042(a), a taxing unit that calculated its voter-approval tax rate in the manner provided for a special taxing unit due to a disaster must calculate its emergency revenue rate and reduce its voter-approval tax rate for that year.<sup>50</sup>

Similarly, if a taxing unit adopted a tax rate that exceeded its voter-approval tax rate, calculated normally, without holding an election to respond to a disaster, as allowed by Tax Code Section 26.042(d), in the prior year, it must also reduce its voter-approval tax rate for the current tax year.<sup>51</sup>

This section will apply to a taxing unit other than a special taxing unit that:

- directed the designated officer or employee to calculate the voter-approval tax rate of the taxing unit in the manner provided for a special taxing unit in the prior year; and
- the current year is the first tax year in which the total taxable value of property taxable by the taxing unit as shown on the appraisal roll for the taxing unit submitted by the assessor for the taxing unit to the governing body exceeds the total taxable value of property taxable by the taxing unit on January 1 of the tax year in which the disaster occurred or the disaster occurred four years ago. This section will apply to a taxing unit in a disaster area that adopted a tax rate greater than its voter-approval tax rate without holding an election in the prior year.

Note: This section does not apply if a taxing unit is continuing to calculate its voter-approval tax rate in the manner provided for a special taxing unit because it is still within the disaster calculation time period detailed in Tax Code Section 26.042(a) because it has not met the conditions in Tax Code Section 26.042(a)(1) or (2).
