

PARKS & REC.

FEBRUARY 2025 REPORT

OTHER NEWS

The ballfields have been aerated and treated with pre-emergent herbicide and fertilizer in preparation for the spring season.

The 2025 field use agreement has been signed, and practices are set to begin in mid-February.

Mowing

Crews have continued mowing and maintenance at City Hall, Fire Station, Police Department, Animal Services, City Park, and the park ballfields.

Park Updates

The playground was delivered on January 17, 2025, with installation starting immediately. The main structures are now in place, and installers estimate it will take approximately two more weeks to complete the border and surfacing. The project remains on schedule, pending favorable weather conditions.

Site Amenities

Parks crews have poured concrete pads for the new park rules signs and plan to install the signs within the next week.

The park crew has pruned trees along the back of the walking trail and removed several dead trees from the park to improve safety and enhance the park's appearance.

25 tons of new infield material has been added to the ballfields to replenish the infields for safety and playability
