

City Secretary's Office

Monthly Report

April 2022

The City Secretary, or Municipal Clerk, is the oldest public servant role in recorded history. The earliest Clerks appeared around 5,000 B.C. with the invention of writing. Biblical reference to the Town Clerk is found in the Book of Acts chapter 19, verse 35. In ancient Greece, the Town Clerk read official documents publicly at the opening of each meeting and pronounced a curse upon anyone who sought to deceive the people. Although City Secretaries no longer pronounce curses at meetings (well, most of us don't), we are still the Keepers of the Archives as we record, maintain, and safeguard the history of our City government. Every city in Texas is required to have a City Secretary as soon as it is formed. Although the duties are different for every city, there are core duties that all City Secretaries perform, some of which are required by the Texas Local Government Code. These duties include administering elections, managing records, coordinating public information requests, preparing agendas, recording minutes, facilitating City Council meetings, swearing-in municipal officers, and codifying ordinances approved by City Council.

All agreements/contracts are now stored in the City Secretary's Office. City Secretary working with the Parks Department has created a secure room in the Parks Building for City records. City Secretary has created the following process to move the archive files:

Created an online form for each department to inventory and enter their records. Once
they input the information into the online form, it will automatically go to the City
Secretary. At that time, it will be merged into an archive form that will be inserted in a
pocket sleeve attached to the box of records. The new forms will be color-coded by
department and all necessary information will be listed. See example below:
