### USING THE AARP LIVABILITY INDEX PLATFORM

The AARP Livability Index<sup>™</sup> platform promotes livability for everyone, regardless of factors such as income, ability level, and background, in all neighborhoods across the country. All communities have room to improve in one or more aspects of livability so that everyone has access to features, amenities, and services that create a safe and healthy environment in which to live. The platform should not be used to violate fair housing laws or discriminate in any way.
