Hey Di- Nadine offered her name during our last meeting and had the support of everyone in attendance.

Thanks,

Hello Trenton and Dallas,
I have received an application from Nadine Lefebvre for the Personnel Board – labor board seat it would appear. If the CLC approves of this application, and you are able to send me an email confirmation of that by 4pm today, I will include Nadine’s and Cindy’s in the Assembly Human Resources Agenda Packet for this coming Monday 3/20 meeting. If you need more time I’ll hold the applications and add them to the April HRC meeting.

Thanks

Di

Dallas- The CLC’s next meeting is 3/14/23, does that work for providing another applicant? Cindy does have the full endorsement of the group.

Trenton,

I got your contact information from Tom Brice and he indicated to me that you are the current Chair of the Juneau Central Labor council.

CBJ Ordinance 44.05.060, relating to the Personnel Board, states that two seats on the Personnel Board shall be designated for members with a background in labor. Rodney Hesson and Cindy Spanyers have occupied the two labor seats on the Personnel Board in the recent past. Cindy's term is expiring and she has reapplied to the Personnel Board. Rodney has resigned from the Personnel Board. The CBJ Ordinance states, "When openings appear for designated labor seats. The Juneau Central Council will be asked to provide an endorsement for three applicants it believes meet the qualification to be designated as having a 'background in labor'..." Applicants that are interested in the two open Labor seats can apply electronically through the process described on the [Boards & Committees – City and Borough of Juneau](#) web page. As the CBJ Clerk's office collects applications for the Assembly to consider appointing, I will check in with you to make sure the Central Labor Council is willing to endorse the applicants for the labor seats. Because Cindy has already applied for reappointment, if you can let me know the CLC's position on her reappointment, that would be helpful.

Thanks,

Dallas
