Re: Permit Number: **AKR06NE-A0311 v1.0**

This letter acknowledges that you have submitted a complete No Exposure Certification for exclusion from the APDES industrial storm water permitting requirements. This facility has been granted exclusion from permitting under the terms and conditions imposed by the DEC's Storm water Multi-Sector General Permit (MSGP)(AKR060000). Exclusion for this site began on **01/24/2023**.

As stated above, this letter acknowledges receipt of a complete No Exposure Certification. However, it is not a DEC determination of the validity of the information you provided. Your eligibility for exclusion is based on the validity of the certification you provided. Your signature on the No Exposure Certification form certifies that you have read, understood, and are implementing all of the applicable requirements. An important aspect of this certification requires that you correctly determine whether you are eligible for exclusion.

Please note that a complete No Exposure Certificate must be submitted once every five years. If conditions change resulting in the exposure of materials and activities to storm water, you must obtain coverage under an APDES storm water permit immediately.

An electronic copy of the MSGP and additional storm water guidance material can be viewed and downloaded on the Alaska DEC's storm water website at <http://dec.alaska.gov/water/wastewater/stormwater/multisector/>

If you have any questions regarding your No Exposure Certification or other questions concerning the Multi-Sector General Permit, please call 907-269-6285.
