Public Use	Entertainment Space	N/A	
Public Use	I want to learn how to carve totem poles	N/A	
Public Use	Free binocular for public use (to watch the birds)	N/A	
Public Use	Unstructured down channel views for year round use	N/A	
Public Use	The dock being electrified is a must	N/A	
	I would like the public to be able to walk along the waterfront at all times. I have lived in downtown Juneau for 40		
Public Use	years. One of the great joys is to be able to see down the channel throughout the year.	N/A	
Public Use	No building until electricity is available.	N/A	
	Connection of seawalk to rest of the docks, more restrooms open year round, more open space for activities like		
Public Use	Peratrovich Plaza	N/A	
Public Use	We really need a science center in town for all ages	N/A	
Public Use	Educating visitors on Alaska's peoples is always beneficial. MORE	N/A	
Public Use	Seawalk with stores, a park! Benches and trees, pet friendly!	N/A	
Public Use	Build new city hall on site (we need it!)	N/A	
	Will local tour operators be able to sell last minute tours? Will we be able to pick up pre booked guests who booked		
Public Use	outside the cruise lines?	N/A	
	More general public use. Sealaska has wrapped up the indigenous education venues - just a block away from what		
Public Use	Huna Totem would do - too much in too little area of downtown used by all Juneauites.	N/A	
Public Use	Make emphasis on first inhabitants and language of the region. I really want to see activity in the winter months.	N/A	
	More parking for one. I would like to see quaint shops and a place or 2 to eat - and stay open year round. I'm so done		
Public Use	with businesses who station themselves in Juneau just for the summer months. No thank you.	N/A	
	Low, if any, entrance fee for local residents and guests so can bring visitors. Make sure SHI has control over exhibits,		
Public Use	not local emphasis only.	N/A	
Public Use	What about winter activities - skate rink, outdoor fireplaces, etc.	N/A	
Public Use	How about including a much needed new city hall as part of the project? Year-round use & public good!	N/A	
Public Use	There is plenty of indigenous theme in this project. Also its developer is an indigenous entity. Couldn't ask for more!	N/A	
Public Use	The proposed project has sufficient elements and facilities.	N/A	
Public Use	This seems like a way to keep tourists on the docks and not spending money at local vendors and other businesses.	N/A	
Public Use	Just add to the charm of Juneau. A better dock walk.	N/A	
Public Use	More parking off season. Improves traffic flow.	N/A	
	The costs to infrastructure to Juneau's facilities should not be paid by Juneau's residents. Roads, sewer, garbage, &		
Public Use	water should be supported by all users. Wear & tear on roads is immense.	N/A	
	The science/cultural center should be open to, and support, visits from JSD students during school year. All facilities		
Public Use	should be open to the public year-round, including retail space.	N/A	
	I would like to see a purely "marine science" center w/out cultural overlay as envisioned by Bob Janes and others.		
Public Use	Ideally, this would be open year round for educational purposes.	N/A	

		Support/	
Category	Comment	Oppose	Staff Comments
Public Use	I would like to see events happen in this space year-round. Festivals, concerts, markets	N/A	
	Provide better ways to move visitors around downtown Juneau look for ways to incorporate the ideas adopted in the		
Public Use	downtown blueprint document. Walkable spaces. People mover stops throughout downtown.	N/A	
Public Use	Include the many cultures of people who help make Alaska what it is	N/A	
Public Use	Parking, seawalk, mixed retail/exhibition	N/A	
	Planetarium is in Marie Drake building - especially the dome ceiling. CBJ should evaluate long-term plans for that		
Public Use	building including the possibility of the planetarium being moved/built new in the science center.	N/A	
Public Use	Use of zero emission transportation for shore excursions	N/A	
	I don't have any additional ideas for public use other than that the public use areas and rooms would be available		
Public Use	year-round and especially overflow for CBJ Centennial Hall events.	N/A	
	Hands on aquarium, local and visiting artists can display & teach their craft, carving area totems, marble, granite,		
Public Use	limestone	N/A	
Public Use	Music classes, arts like painting, carving, performing arts; boating classes; dance classes; fitness classes	N/A	
Public Use	Amphitheater for events & performances. Waterpark/fountain for summer play. Skating rink for winter.	N/A	
	Lots of benches, public bathrooms, could you have sleeping cells for people experiencing homelessness? Yes. How		
Public Use	can we think outside the box.	N/A	
	Have sign/display that attempt to explain how tribes/kwanns, corps regional & village and other cultural government		
Public Use	laws intersect. Yes this is a huge ask.	N/A	
Public Use	The commitment has made to keep it open year round and work with local school groups is enough.	N/A	
	I'd like to see the creation and nurturing of "third places" and foster as walkable of a downtown environment as		
Public Use	possible. Less space wasted on parking lots! People friendly, not car friendly, infrastructure!	N/A	
	Partnering with other tribal non-profits for cultural content - placed based & CRE. Partner w/SHI to add to JSD cultural		
Public Use	CRE programming. Use correct lingit spelling of cultural content & on materials.	N/A	
Public Use	Dog Park?	N/A	
Public Use	Cultural training for community & businesses	N/A	
Public Use	Open to all cultural events and open to available community events	N/A	
Public Use	Educational programs year round, cultural classes for community	N/A	
Public Use	Having indigenous science center participate in all cultural events and being part of the community	N/A	
Public Use	Year round use opportunities, open space programmed w/ events	N/A	
Public Use	Allow non congesting use by vendors. Pick clear restrooms. Crack down on panhandling.	N/A	
	An honest portrayal of where the native actually lived - Auke Bay and Taku River and how those were superior places		
Public Use	compared to downtown Juneau	N/A	
	Partnership with culture w/ community education like: smoking fish, crab, weaving, beading, carving, dance groups		
Public Use	Tlingit Haida, etc.	N/A	
Public Use	Consider adding additional public/CBJ docks adjacent to this project near gold creek	N/A	
Public Use	Use this space for public events: Brewfest, folk fest, maritime fest, ATIA, winter market, farmers market	N/A	
Public Use	Make bike and pedestrian friendly. We want facilities accessible year round.	N/A	
Public Use	Small local businesses and restaurants	N/A	
	The development may benefit the tourist trade, but I think as a resident, we have reached the saturation point with the		
	summer influx of the shipborne passengers. I suspect the shops mentioned will only support tourists buying		
Public Use	souvenirs and trinkets.	oppose	
Public Use	I would like this facility to not be built	oppose	

		Support/	
Category	Comment	Oppose	Staff Comments
	1. current docks can accommodate all permitted vessels. No more! 2. CBJ committed years ago in the debate on		
	16B, to build on this site so as not to block the down channel view. Keep the commitment. 3. Do not allow electrical		
Public Use	infrastructure until ready to use	oppose	
	Would be an excellent location for a performing arts venue with outdoor and indoor capacity. Please don't waste our		
Public Use	precious waterfront on yet another tourism-oriented facility and yet another cruise ship!	oppose	
Public Use	The seawalk is great. No growth of cruise ship tourism. 5 ships a day is too many.	oppose	
Public Use	I want no project. No new docks. No more cruise ship tourism. Stop the growth!	oppose	
	No new dock. The center is a great idea somewhere else. No more traffic problems downtown. No more cruise ships		
Public Use	downtown.	oppose	
	Public use with extended seawalk to whale sculpture. We don't need another dock. No lease of tidelands. Allow		
Public Use	development of uplands.	oppose	
	Move all the toxic emissions from the hundreds of tour bus trips a day out of the downtown area. The valley now is		
Public Use	filled with the toxic emissions as well as all the trips to and from the glacier.	oppose	
Public Use	A private facility providing public benefit is a plus. CBJ should invest in it!	support	
	The IKSCC will be an incredible investment and asset for the community. I hope we can share its space with		
Public Use	allinclusive	support	
	I LOVE the design and depictions of what could happen!! It will be such an improvement to the waterfront and		
Public Use	derelict facilities currently in place.	support	
Public Use	Fabulous safety answer - get those vessels to dock and move passengers to shore.	support	
	I think this project is so important to developing our waterfront and making it accessible and enjoyable for all. I		
Public Use	encourage strong, quick, approval of the lease!	support	
	The whale park and seawalk is unique and highly used by my family. Small kids love this area and I'd like to see more		
Public Use	improvements to this area like seawalk extension and development of the Huna Totem dock.	support	
	The development of this property, as I understand, would provide bus parking. Anything that will help the traffic		
Public Use	congestion that occurs in the summer months is welcomed!	support	
	Like having more parking + less bus congestion + more seawalk, more program space for tribal partners SHI, T&H,		
Public Use	Goldbelt, etc. More meeting space! Exhibits, art + concerts	support	
	I am very supportive of this project. It will reduce congestion downtown. It will also increase economic activity at a		
Public Use	time when Juneau needs it. When ships are docked people spend more time and money on shore.	support	
	Huge benefit based on its ability to absorb passenger (cruise) traffic out of the stressed areas in this community. Side		
Public Use	benefit if the community has access to some of the facilities created.	support	
Public Use	Wonderful opportunity to strengthen/revitalize the Aak'w Kwáan Village district	support	
	Very supportive of the year round business, allowing for more employment in the winter & activities for locals. Wake		
Public Use	up downtown in the winter!	support	
	I love the idea of buses/cars parking underground. I love the greatly reduced emissions and water traffic. I love the		
Public Use	idea of an education/culture center year round.	support

Waterfronts	Roof top bar	N/A	
Waterfronts	There should be a method of making money for the CBJ from docking fees.	N/A	
	Year round business, traffic mitigation including pedestrian traffic, a view of the waterfront even when ships are		
Waterfronts	docked.	N/A	
	Paying respect and recognizing the indigenous people of the area with totems and local art represented is powerful. It		
Waterfronts	has the ability to impact millions of people.	N/A	
Waterfronts	There should be a covered walkway. With the amount of rain we receive, it should be covered.	N/A	
			HTC has agreed to build the
			Seawalk on its property. Any off-
	I enjoy the seawalk often as a downtown resident. Unlike other private docks, I'm really impressed by the agreement		site connections would be CBJ's
Waterfronts	to use HT funds, not CBJ or passenger fees, to extend the seawalk.	N/A	responsibility
	Seawalk very important. Good lighting along length. Extend seawalk to AJ Dock in front of fuel tanks. Police Marine		
Waterfronts	Park area better to control disruptive and rude people (drunk). Community service officer funding.	N/A	
Waterfronts	My family enjoys the seawalk and we are SO EXCITED that this project can make an extension possible.	support	
	I am a recreational day sailor. We have already been displaced from sailing in the harbor. This new proposed dock		
Waterfronts	cause future reduction in the available area to recreate close to downtown.	N/A	
Waterfronts	A great view from Douglas	N/A	
Waterfronts	Rather not host food trucks on or near the seawalk. Encourage interior restaurant with optional outdoor area.	N/A	
	Access to the waterfront that connects through to downtown/existing docks. Access to include biking and walking		
Waterfronts	paths.	N/A	
Waterfronts	Open/covered areas, public showers, water park	N/A	
	1. Working boat harbor 2. more harbor space. A community cold storage. 3. take a ship out of the channel and		
Waterfronts	eliminate the lightering of passengers.	N/A	
	1. The view 2. the oceanfront walk and whale park. 3. the opportunity for locals to enjoy Juneau's small town		
Waterfronts	atmosphere 4. quiet 5. peace 6. fewer, not more, tourist shops	N/A	
	Seawalk, moving or alleviating traffic from downtown, additional retail and meeting spaces, jobs - construction of and		
	then year-round, highlight and feature additional master and world class Tlingit art to add to that recently created		
Waterfronts	downtown.	N/A	
	Public kayak dock & place to lock kayak during the day. I live in Douglas and work downtown and would love to		
Waterfronts	commute via kayak, but there is nowhere to leave the kayak. This would be so cool!	N/A	
Waterfronts	Complete seawalk to whale park, will be a step towards completing this	N/A	
	Spreading out the current "mass" of congestion will be a huge benefit. Allowing businesses further down the line to		
Waterfronts	get more engaged tourists.	N/A	
Waterfronts	Looking forward to a more complete seawalk that locals can access year-round.	N/A	
	Ships shouldn't be emitting toxic diesel into the air. Known carcinogens are not just bad for Alaska's marine		
Waterfronts	environment but Juneau residents have a right to clean air.	N/A	
	Unstructured down channel view. The project does not contribute. We do not need more downtown crowds and		
Waterfronts	buses.	oppose	
Waterfronts	I love the long view down the channel. I would not like to see any additional development in this area.	oppose	
Waterfronts	Do it somewhere else. Downtown does not need another dock. The traffic will be terrible.	oppose	
Waterfronts	Extend the seawalk but no tidelands permit for a dock.	oppose	

		Support/	
Category	Comment	Oppose	Staff Comments
	The CBJ has contributed a great deal of cooperation with the cruise ship industry and not quite enough to the		
	downtown area and Thane residents who are highly impacted by the in my opinion "over tourism". Most residents of		
	Juneau who do not live downtown or Thane don't visit downtown in the summer because of the presence of tourists. I		
	am very opposed to a dock and additional development at the waterfront especially for a NCL mega tour ship which		
	would occlude the view of the water for everyone. The notion of having a dock that is 90 degrees to the walkway as		
Waterfronts	opposed to broadside is not a solution. I would encourage the City to continue the Seawalk and call it good.	oppose	
Waterfronts	Facilities of mooring for visitors. This projects adds to the lifeblood of the Juneau economy.	support	
	I enjoy seeing people visit our community, especially the folks that otherwise might not make it here (most cruise ship		
Waterfronts	tourists). Infrastructure development helps make this work. Please approve the project/lease.	support	
	All activity I enjoy on the waterfront - walking on the dock even on rainy days, seeing the bustling of activity. CBJ has a		
	poor history of its native people and I want to think that is no more, and embrace this opportunity that Huna Totem is		
Waterfronts	offering.	support	
	Aak'w dock will reduce congestion in the rest of the tourist zone downtown, help traffic flow and improve the		
Waterfronts	waterfront and town by extension. Build it now!	support	
	Revenue generation is significant. Waterfront development have the ability to offer a catalyst to business and income		
	(revenue for our residents). Multiple range of business endeavors could be considered - startup, significant, family		
Waterfronts	owned, established, etc. Great benefit to Juneau and region.	support	
	This project wills substantially improve downtown waterfront appearance and experience. It eliminates a large tract		
	of vacant bare waterfront land without additional CBJ expenditures. Please approve this excellent and much needed		
	project. It will substantially benefit that portion of the CBJ harbor waterfront making Juneau more attractive to		
Waterfronts	visitors.	support	
			The Conditional Use Permit has
			been granted and the
What Else Would You Like to	I believe that the long range waterfront plan has a height limit of 35'. An ordinance passed in 2022 said height will be		development conforms to Title 49
	addressed in the Conditional Use Permit. What is the status of this	N/A	and the Land Use Code
What Else Would You Like to			
	Who is paying for the AEL&P power hook up for ships?	N/A	
	My main concern is pedestrian and vehicle traffic. How will this affect flow of traffic through downtown. Will crossing		
	guards be needed to manage pedestrians crossing Egan if they jay walk or don't use the light? Mainly, please consider		
Tell Us?	how to keep pedestrians out of the street.	N/A	
What Else Would You Like to			
	What about pollution? Smoke, noise, sound. This dock is close to many residential areas. Flats, West Juneau, Etc.	N/A	
What Else Would You Like to			
	Maintain ship and passenger limits (thank you for those!)	N/A	
	Please make sure dock electrification is set up and ready before any cruise ships. I'm concerned about it getting		
Tell Us?	pushed back if not set initially.	N/A	
	The city is doing a good job of mitigating impacts while allowing forward thinking projects that create economic		
Tell Us?	opportunity and tax revenue.	N/A

What Else Would You Like to			
Tell Us?	Excited for growth in Juneau! Need to bring back younger folks so business can survive!	N/A	
What Else Would You Like to			
Tell Us?	No west Douglas cruise ship dock development! Save our open spaces!	N/A	
What Else Would You Like to	The business relationship between Huna Totem and NCL should be required to be fully disclosed as part of the lease		
Tell Us?	arrangement. This would benefit the public and decision makers.	N/A	
What Else Would You Like to	Should focus on what the facility would offer for the October-April time. Don't need more vacant closed downtown		
Tell Us?	buildings.	N/A	
What Else Would You Like to	The applicant should pay the cost of getting the electrical to the site - this should not fall, ultimately, on other rate		
Tell Us?	payers.	N/A	
What Else Would You Like to	Please address this project and the proposed North Douglas dock project as part of the same big picture. Say NO to		
Tell Us?	Goldbelt docks. Keep downtown our business district.	N/A	
What Else Would You Like to			
Tell Us?	Please design in such a way as to facilitate foot traffic across the street (to) the JAHC and Museum.	N/A	
What Else Would You Like to	The tidelands lease should conform to other tidelands leases the city has granted. Franklin Dock & AJ Dock example.		
Tell Us?	Shore power should be paid by head tax fees. Franklin Dock used head tax fees.	N/A	
	Navigation study is critical PRIOR to design. Involvement of pilots and captains to collaborate on viability is critical so		
	success. Data collection for environmental conditions at the specific location (maybe a buoy in the harbor) should be		
What Else Would You Like to	required. Simulation work (could be UAS Ketchikan) is a viable option. City should insist on SEAPA involvement for		SEAPA is the marine pilots'
Tell Us?	expertise.	N/A	organization
	Rationally, this project is well designed. However, we have too much tourism in Juneau. All guest experiences are		
What Else Would You Like to	being degraded due to high volume. #1 worry: do not impede coast guard use or expansion of their future or present		
Tell Us?	uses.	N/A	
	1. The lessee is fully responsible for all insurance requirements, risk, loss, and liability. The municipality is not		
	responsible for lessee's choices on how to permit, construct, operate, maintain or otherwise occupy the property. 2.		
	The lease may be amended by the Assembly at any time for its own reasons and purposes including future citizen		
	initiatives, litigation, and comprehensive port management. 3. No option for purchase. 4. Lessee acknowledges that		
	the uniform building code and the uniform fire code apply to the property. The Coast Guard may have its own		
	regulation, they do not supersede the UBC or UFC, as adopted by the municipality. 5. There is not financial support		
	from the municipality for this project, for construction or maintenance. 6. Expect marine passenger fee program to be		
	repealed by citizens during the design life of this project. Anticipate how that will play into ongoing operations such as		
	security, sanitation, and other operational needs. 7. If, for an unforeseen reason, funding from the municipality or		
	MPF is used, all shoreside commercial tour operations will be limited to 8am - 6pm. 8. Lease the property at market		
What Else Would You Like to	rate and provide an annual rent increase table inclusive of CPI. If rent adjustments are needed, the CBJ may waive		
Tell Us?	rent as otherwise required by federal law. 9. Apply this to all leases.	N/A	
NA/1 . E1 . NA/			
	It should be a condition of the lease that no cruise ships can berth at the dock before the dock has electricity to	l	
Tell Us?	support the ship. No electrification, no ship.	N/A	

		Support/	
Category	Comment	Oppose	Staff Comments
	I would like to see language regarding the electrification of the "new dock" firmed up to require electrification before		
Tell Us?	approving. As it reads there is nothing to compel AEL&P to provide infrastructure so Huna can electrify.	N/A	
			The Long Range Waterfront Plan,
			as amended, considers the
	Juneau should develop a comprehensive waterfront plan instead of this piecemeal approach. 2 docks back of		downtown waterfront, but does
	Douglas, 5 docks downtown if Huna Corp's dock is approved, 1 icebreaker dock for coast guard = 8 docks. We need a		not take any future development
Tell Us?	plan before any of this happens.	N/A	on Douglas into consideration.
What Else Would You Like to	Shore power is a long lead infrastructure project. Condition "commission/first use" such that this project is		,
Tell Us?	operational on day one.	N/A	
	1. There is no room for the additional vehicular and pedestrian traffic period. 2. There is no means of providing		
	electricity at the docks. Use of ship generators at dock creates more air and sound pollution. Don't build a dock		The MOAs between CBJ and the
	without a power source. 3. Is the limit on the number of tourists being considered? Goldbelt's 2 new docks will raise #		cruise industry apply to the entire
	of visitors to limit this project will exceed the limit.	N/A	borough.
	Publicize this comment period better and the comment periods in the future. Many people did not know about this		
	chance to communicate with the city and planning.	N/A	
	Partnership of helping with congestion of traffic location of all guest congregate to exit town to activities. Ship access		
	to electrify/charge ship. Emission reasons/sound etc	N/A	
	The lease term should be limited to 5 years so that CBJ retains control over the waterfront. Renewal should be readily		
	granted but conditioned on public approval.	N/A	
	I work down by the bridge and I & several locals use the seawalk regularly. Extending the seawalk with private		
What Else Would You Like to	investment is wonderful, more foot traffic of visitors close to downtown businesses, another possible venue for public		
Tell Us?	and community events.	N/A	
What Else Would You Like to	Downtown is largely a dead zone for much of the year. There is a need to diversify the economy and revitalize the		
Tell Us?	downtown area. Moving more into tourism makes Juneau a one trick pony and is not beneficial.	oppose	
What Else Would You Like to			
Tell Us?	Not in support of the project	oppose	
What Else Would You Like to	The current docks were supported public with the idea that a shared view would be kept open on the property. Keep		difficult to read writing - may
Tell Us?	the promise!	oppose	include transcription errors
	Please find ways to actually benefit the residents of downtown Juneau. Affordable housing would be a great start, my		
What Else Would You Like to	preference is to not have the intertidal area disrupted, Juneau seems past the capacity for cruise ships, why add		
Tell Us?	more?	oppose	

		Support/	
Category	Comment	Oppose	Staff Comments
	This causes too much congestion closer to the bridge. When folks list congestion as a high priority it means they want		
	fewer tourists, not spreading congestion over greater areas, Juneau needs housing, Huna can afford to subsidize		
	housing for the privilege of increasing tourism congestion closer to the bridge. Juneau residents should not foot the		
	bill for AEL&P to get power to the "landing". Juneau is the crown jewel of cruise destinations. We provide a massive		
What Else Would You Like to	pipeline of revenue to this industry. The tidelands lease is where we have control. We need to clearly specify the		
Tell Us?	needs of our residents and stand firm against exploitation. They will not quit coming if we demand what we need.	oppose	
What Else Would You Like to			
Tell Us?	I'm pro tourism in moderation. I say no to this project as we don't need more stand alone cruise facilities in this city	oppose	
What Else Would You Like to	We are maxed out on cruise ships. We are barely addressing the issues, but want to add another dock? It's like		
Tell Us?	turning the water higher on an overflowing tub. Please stop.	oppose	
What Else Would You Like to			
Tell Us?	Please no further tourist development downtown	oppose	
	·		
	This is an excellent, well thought out and well planned project. This moves one ship's passenger load some 1/2 mile		
	from the core of downtown Juneau. It will reduce congestion in the downtown core area by at least 20% with fewer		
What Else Would You Like to	passengers disembarking in the core area and reduce bus traffic as well. This project should be give the assembly's		
Tell Us?	blessing to allow construction to move forward asap.	support	
What Else Would You Like to	This is a great project and needs to get moving. The notion that the lease will take a year is unacceptable. This		
Tell Us?	provides property taxes, parking, open space, facilities for community use.	support	
What Else Would You Like to	I'd like to see more action electrifying buses and right sizing bus transportation to the number of visitors in town each		
Tell Us?	day. Otherwise supportive of the project at the Huna Totem dock.	support with co	onditions
What Else Would You Like to			
Tell Us?	CBJ should approve without conditions!	support	
What Else Would You Like to	We need job opportunities in Juneau. Our economy is based on Gov, tourism, and mining. Please move this project		
Tell Us?	forward to create jobs.	support	
What Else Would You Like to			
Tell Us?	Please approve lease. Juneau's economy direly needs this project.	support	
What Else Would You Like to			
Tell Us?	I like the project. Let's proceed ASAP.	support	
	This is a very rare opportunity for a large scale project and investment in Juneau. CBJ should do everything possible to		
What Else Would You Like to	allow and encourage development with minimal incumbrancers and requirements outside what the developer and		
Tell Us?	CBJ can negotiate for what fits in their business planning.	support	
What Else Would You Like to	I would like to express my full, and complete support for the Huna Totem/NCL project. Please agree to a tidelands		
Tell Us?	lease ASAP so the project can create jobs and open in 2027! Thank you!	support	
	The CPI should approve all long term and renewable leases necessary to bring this excellent project to finition as		
	The CBJ should approve all long-term and renewable leases necessary to bring this excellent project to fruition as		
What Floo Would You Like to	quickly as possible. Not only will this project favorable impact Juneau's short-term and long-term economy, it will project a substantial additional property toy base, as well as year round sales taxes. Very barry that it will reduce		
	provide a substantial additional property tax base, as well as year-round sales taxes. Very happy that it will reduce	aunnt

Tell Us?	Totally support the 5th dock project	support	
What Else Would You Like to	The State of the S		
Tell Us?	I want the dock!	support	
	The Juneau Chamber supports the 5th dock. We believe it will be a benefit to Juneau. Tourism is vital to our economy		
What Else Would You Like to	providing jobs, supporting locals. Additional the added infrastructure creates construction jobs and moves traffic		
Tell Us?	around downtown.	support	
What Else Would You Like to			
Tell Us?	Project is private funds! Economic benefit to Juneau! Private sector employment!	support	
	Good jobs in construction phase, good jobs upon completion, honors 5 ship limit, does not increase # of ships,		
What Else Would You Like to	honors pax capacity limit beginning 2026, reduces traffic on S Franklin, eliminates ships at anchor, close to		
Tell Us?	downtown, easy walking distance.	support	
What Else Would You Like to			
Tell Us?	Amazing project and can't wait!	support	
What Else Would You Like to	This project will improve the visitor experience by removing lightering. Great investment! This will balance out visitors		
	to Juneau across a little more space and across more local businesses!	support	
	Kudos to HTC for all the community engagement. The concerns have been taken into consideration and it shows!		
	Doesn't increase tourism, reduce congestion, 365 businesses.	support	
	CBJ should approve this project. It is an obvious economic benefit it will enhance the visitor experience and relieve		
	congestion. If CBJ denies it, the conflict of interest is quite obvious and the city should expect a lawsuit. The prior City		
What Else Would You Like to	Manager put CBJ in a bad position when he cautioned prospective property bidder against bidding against CBJ for the		
Tell Us?	property.	support	
			•
	 My only problem with how the CBJ deals with cruise tourism is that it seems to acquiesce and prioritize the needs of		
	the cruise corporations and business owners before the needs of the community. I think the Huna Totem dock can be		
	a good idea as long as it fosters real growth in our community. More people, more meeting places, more good paying		
What Fise Would You like to	jobs. This plan is FAR superior to the Goldbelt dock on North Douglas, we must oppose that at all costs for reasons I

100000	aon thave chough space on this paper.	Support With Co	
	Where does Huna make money from this project? Do they get a fee from each ship/passenger, or are they making		
	their money (planning to) by selling tickets? If they are getting a fee from the ships, CBJ should get a percentage of the		
Your Great Idea	fee. Put that in the lease.	N/A	
	Require ships that dock not to use exhaust scrubbers anywhere in Alaska waters if they are going to use the dock.		
Your Great Idea	Stop creating scrubber pollution!	N/A	
	Radar set on 60 ft tower, with display & control scope in the "science" building, for visitor up close viewing, maybe		
	even limited controls interaction. I have the original radar from AMHS "Columbia" bought from State of AK surplus,		
	plus a 60 ft tower. I will donate all. If it's a success, you can buy a more modern one to replace it. The rotating bar on		
	the tower top is "Free advertising" Beacon" "mommy, what's that? " "Let's go see, Wilbur." Off they go. Radar has been		
	very important to Alaska's success and safety. We only need anchor bolts and electric conduit installed somewhere		
Your Great Idea	on the site. Rest of installation is easy. Need an indoor site for the scope, controls console.	N/A

Your Great Idea	Do not cut off locals' access to area (except for actual dock security) CBJ agreement with Huna Totem.	N/A	
Your Great Idea	Allow only ships that do not have scrubbers to use this dock.	N/A	
	Hold firm on current (or lower) passenger and ship limits and expand limits to cover the whole City and Borough of		
Your Great Idea	Juneau so covers all of our community.	N/A	
	Businesses that operate year round. Most all businesses in downtown Juneau LEAVE for the winter. Huna Totem can		
Your Great Idea	make this happen.	N/A	
	Please require any ship using dock to meet highest clean fuel standards - no scrubbers present on any ships using		
Your Great Idea	dock!	N/A	
Your Great Idea	It will be no problem to get power to the docks	N/A	
Your Great Idea	Prioritized use for operators (tour companies) who are locals and contracted with NCL	N/A	
Your Great Idea	Partner with CBJ to create amphitheater style gathering space for events, concerts, etc.	N/A	
	Extend landing - make bigger to support all of Juneau services to be a location of enter or an exit. Hoonah Totem Hit		
Your Great Idea	survey line. Use all land (fill). City add more land to partnership.	N/A	
Your Great Idea	Hopefully something like the ocean center that Bob Janes proposed.	N/A	
Your Great Idea	Juneau's greatest need is housing. Assembly members had mentioned this as an important use for the land. With the valley being a flood zone and getting worse Juneau would benefit from having more housing.	N/A	
Your Great Idea	No dock. Juneau needs a master waterfront plan before approving the Huna Totem Dock	oppose	
Tour Great Idea	Not in support. It might be beneficial for the tourist trade, but I don't think that as a resident I can support more traffic	oppose	
Your Great Idea	downtown.	onnoco	
Your Great Idea	My great idea is to leave the property alone	oppose	
Tour Great luea	1-1y great idea is to teave the property atome	oppose	
Your Great Idea	This project should not be connected to a dock. We are being manipulated by NCL. Don't sell the tidelands. I'm am not in favor of this project. I also would take more control of the "head tax" or the CBJ should have an additional head tax for the amount of pounding our town's infrastructure take, roads, trails, hospital, facilities.	onnoco	
Your Great Idea	Build it now!	oppose	
Your Great luea	Yes to dock on all counts: traffic is shifted from downtown, vacant waterfront is beautified and developed per master	support	
	plan. Tourist impacts spread out more. Parking is enhanced, native culture is shared with all. Lightering is eliminated		
Vour Croot Idoo	and shore power is possible. All good!! Build the dock.	aum nort	
Your Great Idea Your Great Idea	Approve expeditiously. City can make this happen. We need jobs.	support	
Tour Great luea		support	
Value Ora at lala a	The best idea is for CBJ Assembly to expedite approval of all necessary leases and permits to get this project done		
Your Great Idea	ASAP! Thanks! Six years in the making: let's start construction in 2025!	support	
V On	The best thing to do is issue the tidelands lease as quickly as possible. The Huna Totem dock is a fantastic		
Your Great Idea	community asset and needs to be built. CBJ must complete this step by April 2025.	support
