

MEMORANDUM

DATE: January 10, 2024

TO: Chair Woll and CBJ Finance Committee

FROM: Denise Koch, Engineering & Public Works Director

SUBJECT: FY2025 Legislative Capital Priorities Ranked

The purpose of this memo is to introduce the Assembly and the public to this year's ranked Legislative Capital Priorities. The attached list is a collation of rankings of all members.

For reference, the PWFC packet from December 18, 2023 (<https://juneau-ak.municodemeetings.com/>) contained back-up information including individual project descriptions as well as recommendations and correspondence from advisory bodies. Following the presentation of the draft FY25 Legislative Capital Priorities at the Dec 18 PWFC meeting, The Partnership provided an update regarding the proposed Capital Civic Center project included in the draft list. A revised project summary is included here with noted changes.

This list will be discussed, including any proposed changes, with members of the State delegation and CBJ Federal Lobbyist, Katie Kachel at the January 25th Legislative Breakfast and formally adopted at a Special Committee of the Whole on January 29th.

Recommendation: Informational Only
