Presented By: Manager Drafted By: Finance

Department/Division: Engineering Lead Staff Contact: Jeanne Rynne/Katie Koester

Purpose of Legislation (background/summary of intent):

This request would provide up to \$500,000 in funding for the Downtown and Glacier Fire Stations Mechanical and Electrical Upgrades CIP to replace the heating plant system at the Glacier Fire Station and the emergency generators at both Glacier and the Downton Fire Stations. The project estimate has increased as a result of inflation, supply chain issues, and other economic factors. The proposed transfer is reallocating funds from the Deferred Building Maintenance CIP, an ongoing project that will retain sufficient funding to cover remaining project work.

Connection to existing legislation:

As a supplemental appropriation, this ordinance amends CBJ FY23 Budget Ordinance 2022-06(b).

Connection to adopted planning documents:
