Move Ke Mell's report to the beginning of Unfinished Business

Bylaws discussion next

Move Item C from Manager's Report to Unfinished Business

Chris Peloso moved approval of the agenda as amended. The motion passed by unanimous consent.

E. **PUBLIC PARTICIPATION ON NON-AGENDA ITEMS:** None.

F. **UNFINISHED BUSINESS:**

2. **Airport Projects Report - Ke Mell:** Project Manager Ke Mell said she had no changes to her report. Ms. Wahto noted the close out of the tank removal from behind the old shop. There were no major issues, and the Airport received a clean bill of health

from the DEC (Alaska Department of Environmental Conservation) and so it is closed out.

Ms. Mell noted a couple of options had been reviewed for the ground transportation extended canopy. She looked into a couple of options and asked the Board to weigh in with their thoughts as to the preferred option. Ms. Wahto suggested moving this to Unfinished Business at the October meeting. Mr. Custer noted that one of the options is a parking garage in the next decade or so. He thought this was needed and should be planning and designing for now. He said he was a fan of building the second thing first. If more parking is needed and a garage is on the horizon, he thought this should be planned and developed along those lines. Board Member Chris Peloso agreed with Mr. Custer. Ms. Mell said the parking garage is being looked at for the 10- to 20-year timeframe.

3. Airport Board Bylaws: City Clerk Beth McEwen apologized she sent her changes (see Attachment #3) to the Board this evening on Bylaws amendments. She said that a process to standardize all rules and procedures for all various different CBJ (City & Borough of Juneau) boards, commissions, committees and the Assembly rules of procedure began in 2004. At that time, the Assembly decided to carve out the advisory board rules of procedure but exempt the empowered boards from having the same standardized rules of procedure. They did say they wanted the empowered boards to follow the Assembly's rules of procedure as much as possible. Since that time, various bylaw changes have happened from various empowered boards. The Clerk's office has tried to chase down each one of those as they come about to try to review and, as much as possible, try to keep them standard while still allowing for the unique needs and situations for each empowered body. As such, she sent a memo, along with some proposed changes taking in the edits that are in tonight's packet and then made some additional recommendations. The foundational basis for this is to provide consistent uniform rules of procedure across all CBJ boards to the greatest extent possible while staying in compliance with the CBJ Charter, Code, Open Meetings Act and public notice requirements and also addressing the unique needs of the individual bodies. Using that as the foundation from which they look at the bylaws for the different empowered boards, there are mostly procedural changes in her suggested bylaw changes that pretty much align the Airport Board's bylaws with those of the Assembly rules of procedure and/or similar rules and bylaws used by the other empowered boards.

The main substantive change that the Board might want to address at this meeting or an additional meeting is the proposed change under "Officers", which has a clause of "There shall be a two one-year term limit for the Chair." She suggested that would hamstring the board and make it go very sideways very quick in the event of mid-term vacancies. Organically, the Board can decide how many times you want a chair or other officer to serve in any given position during their three three-year terms. Organically these positions are elected once a year and those decisions can be made without imposing

restrictive language and hamstringing the board. When it comes to a mid-term vacancy where an officer steps down, as the bylaws currently stand in the packet, it does not address what to do in the instance of a mid-term vacancy. Does this mean that someone filling an unexpired portion of that one-year term, does it count toward the term as one of their two years or does it not? She suggested if it was left in, additional language should be added to clarify what happens in the event of a vacancy mid-term, or just take that out and care for it organically when the nominations and election process occurs. The other changes are streamlined in accordance with the Assembly's rules of procedure. All of the bylaws are generally approved by the Assembly by resolution. The Airport is one of the few that have never been adopted by resolution. The most recently signed version was from 2004.

Ms. McEwen said these are her comments as the Municipal Clerk. They manage all of the boards and commissions on behalf of the Assembly in that they have to provide board training, answer questions from individual board members and members of the public. They are the ones responsible for insuring that all of the public notice requirements are met, that people understand what the Open Meetings Act and the Assembly rules of procedures are. This is being provided as public comment during the public comment period. Whatever is done should then be forwarded to the Assembly for adoption through resolution. Her recommendation was to take a look at her suggestions and take them up at the next meeting. That way, anyone from the public that wanted to see the changes would have an opportunity to see them in advance of the meeting. *Chris Peloso moved to push this issue until the next board meeting. The motion passed by unanimous consent.*

4. Tenant/User Insurance Requirements Policy Change: Ms. Wahto said the Operations Committee met on this item and asked for more information from Risk Management. There was proposed information that was submitted to the Airport Board and was discussed before the Operations Committee. In talking with the City Manager's Office, as well as Risk Management, these are not up for discussion. The minimums are as stated. Although they are hefty increases, they are not at the highest level that was suggested. This was not just from the Risk Manager, but also from CHUBB Insurance who does the audits. There is a lot of work that goes into looking at the insurance rates. Therefore, staff has been told by the Manager's Office they are set to protect the Airport and the City. Trying to phase them in or make changes that were set by the Risk Manager will not be something that is done. This should be going into the leases and agreements. The biggest one is the general liability going up to \$1M from the \$250K current requirement. Ms. Swick had stated that this is at the lowest end of general liability. Ms. Wahto is letting the Board know that this is coming down from the City. Chair Bedford said one of his concerns was what was happening to the other tenants. Ms. Wahto said the information from Risk Management has been sent and this can go directly into the minimum standards document that outlines in the appendix what those are. When you get away from general aviation and get into commercial use, the rates and

types of insurance change. Ms. Wahto said this will be distributed and put in the minimum standards document. She said they were not concerned with the large carriers. The biggest issue was the rates were not changed with the general aviation. This will come back to the Board for the minimum standards.

5. Aviation Worker Screening (AWS) Requirements: Deputy Airport Manager Paul Khera said the deadline is September 25. TSA (Transportation Security Administration) is concerned with aviation workers smuggling guns and drugs onto the airplanes. They are worried about insider threat, terrorist threat or threat to security and they are moving towards screening of aviation workers. Right now, it is random so that an employee going to work has a reasonable expectation that they may be screened that day. Staff is walking them over to the TSA checkpoint. Eventually, the Airport will have to make their own checkpoints by buying the equipment and have a minimum of two screeners when people are being screened. He said the Airport needs to hire at least two people because there are not enough staff. These two people will be working off hours. As this spools up, it will be 100% workers screening. For every place they can get in, the employees will be screened. It may be expanded. The additional employees can also manage the traffic control outside the front curb after hours. There is also a directive for random vehicle inspections on the secured area. Right now, the Police do that. There are random identification checks, which is also done by the Police. There are occasionally door alarms, fire alarms, etc., and they could be the first to respond to these. They can station at bag claim to prevent theft; do perimeter checks, etc. They can have a rudimentary idea of how to troubleshoot problems or get the correct people there instead of calling the Airport Manager.

Mr. Custer asked how long it would take to hire new employees. Ms. Khera said it could be as long as one year. Fairbanks and Anchorage got a grant from the Governor to hire new people. Mr. Custer asked how long it would take to get the funding source? Ms. Wahto said the whole thing is getting a position description – what will this position be called. There are vacancies, temporary short-term people can be hired. She said the fees would be security screening fees, since this is related to those areas that the airlines have access to. This is specifically for Alaska Airlines, Delta Air Lines and a few contractors. This would be a regulation process. They are very aware of this mandate. It would take a few months to get through that. Mr. Custer suggested this cost should be submitted to the State, as well. Ms. Wahto said the cost of these positions is unknown at this time. It also depends on how much time is assigned to these positions. She said the next component that has to be in place by April 2026 is to have the ability to screen for explosives and metals at these alternate doors. Some of this equipment will take retrofitting of the building. Ms. Wahto said the Airport had looked at contracting this out and the cost was well over a few hundred thousand dollars, which would be far higher than hiring in-house. This is informational only.

G. **NEW BUSINESS:**

6. Federal Aviation Administration (FAA) Grant Award – Master Plan Update:

The last federal grant for the federal fiscal year 2024 is for a Master Plan Update. As this was reviewed, the FAA increased the scope of work by one item – the obstruction survey that is required. They immediately increased the grant and issued a grant in the amount of \$911,897. A little more than \$34K of Sales Tax has been appropriated. An additional \$26,427 match will need to be pulled from the revolving account to match this grant and make the project whole. The Airport received one proposal from Baker and they are ready to move forward as soon as this goes through the Assembly. This update will provide a much larger approach corridor at the ends of each runway due to the required navigation procedures (RNP) used by Alaska Airlines, Delta Air Lines and some of the small carriers. *Chris Peloso moved to approve the appropriation of the FAA AIP grant award in the amount \$911,897, and additional Airport Revolving Account local match funds in the amount of \$26,427 for Master Plan Update Project. The entire local match will be reimbursed through future PFC collections. The motion passed by unanimous consent.*

7. Airport Manager's Report:

a. CHUBB Insurance Audit. The CHUBB insurance audit will be taking place again this year on September 25 and 26. This helps the Airport to look at any deficiencies. They also look at things from the FAA point of view for anything that could affect the FAA certification. A detailed report is provided every year.

b. Parking Lot Upgrades. Ms. Wahto met with Martin Klein and the Regional Republic Parking Manager who stated there were some delays with some switches. They are expected to arrive soon, and it will hopefully be completed the week of the 23rd. A public service announcement will be issued on how to use the system. There will also be a few other things before the gates go down and it comes online.

c. Airport Staffing. The Airport has had a setback in staffing. Eight people have been lost on the Airfield crew, with most of them in the last few weeks. They are going to federal or other jobs. This is half of the Airfield staff and all winter crew. This hasn't been an easy choice for those who have left, but money talks.

d. Airport Fund Balance and Capital Revolving Account Balance. There has been no change to the Airport Fund Balance. The Capital Revolving Account has been updated to reflect the money used for the Master Plan Update.

e. Hot Topics. The following is a list of on-going topics that staff is working on in addition to the regular Project Reports:

AIRPORT BOARD MEETING

September 12, 2024

Page 6

- *Aviation Worker Screening (AWS) and Litigation Update.* Oral arguments in the litigation case have been set for October 17, 2024. This begins at 5:00 a.m. Alaska time.
- *Juneau Douglas North Crossing Project.* A letter was forwarded with information and updating the “What’s New” on the <https://www.jdnorthcrossing.com/> web page. For anyone that wants to look at the Level 2 screening, the GIS maps are now out.
- *Flying Squirrel Status.* Ms. Wahto said a corrected insurance has just been received. Staff is waiting for the information to submit to the FAA. It has not been resolved. The insurance was just the preliminary piece. Paralleling this is the whole process to look at their agreement but to also submit what they are doing and what their process was to get a concessionaire in there, and what the fees are. This has not been provided yet and this request has been sent to their attorney. When asked about the timeline, Ms. Wahto felt the FAA would turn this around quite quickly, ask the questions or tell them what it takes to be in compliance. Ms. Wahto wants it resolved as soon as possible. This has to go back and forth. Mr. Custer said the FAA has a voluntary mediation process that can be elected to be used if any issues get high-centered. They have used those processes with other federal aviation. He asked if this would be something that could be used. Ms. Wahto said the City is waiting for the submittals. Since it is the FAA looking at this for compliance, she did not know that anything further would have to be done with the process at this time.

8. **Airport Projects Report – Mike Greene.** Project Manager Mike Greene said his primary project is the *Rehabilitate Part 121/135 Apron & Remain Overnight (RON) Parking Apron*. The contractor is finishing up the area outside of Alaska Seaplanes and Gate 1. There are two structures that need to be finished around area drains. On Saturday, the new marking will be painted. The area will be opened up to Alaska Seaplanes. The Contractor then wants to move over to the Phase 7 work area. With fall approaching and bad weather on our heels, he is holding them to one area or the other without having to wait for a weather window. They will fall back and place aircraft tie downs. Then punch list items and items that were introduced into the contract by Requests for Proposal will be done. If winter approaches, there is still a completion date of 2026. He anticipated that this project would be finished up in the spring. It will still be done well within the anticipated completion date.

H. **CORRESPONDENCE:** None.

I. **COMMITTEE REPORTS:**

9. **Finance Committee:** Committee Chair Jason Custer said a meeting was held on September 4. He circulated minutes to the Board (Attachment #4). He said the

AIRPORT BOARD MEETING

September 12, 2024

Page 7

committee preselected dates for upcoming meetings in January, February, April and July. This will have regular meetings, predictable and everyone can plan their schedules well in advance.

10. Operations Committee: Committee Chair Dennis Bedford said they had a productive meeting about taxiway paving. The area between what the FAA will pave and what the tenants have to take care of. He wished that during COVID funds, that everyone could have gotten on an equal basis, but that didn't happen. He reminded everyone that several years ago, the Lease Policy was changed, which made it clear they were responsible. One of the things that was loud and clear to him is their costs due to competitive bidding are quite a bit higher.

Jet blast was discussed. Aero Services will work on this. Transient helicopter parking was also discussed, and it was decided to use an area on the east side.

11. Committee of the Whole: Committee Chair Chris Peloso said he met with the Airport Manager last week, at which time they discussed the goals of this committee. It is to make sure that if there are openings or vacancies that happen at the higher levels, they do not lose everything and everything gets covered. He thought there needed to be some generalized recommendations on how transitions should occur. A meeting of the Board will be held to discuss this.

J. **ASSEMBLY LIAISON COMMENTS:** None.

K. **PUBLIC PARTICIPATION ON NON-AGENDA ITEMS:** None.

L. **BOARD MEMBER COMMENTS:**

12. Jason Custer said he was traveling through the airport recently and when he got in at 7:41 a.m., there was a sign up at Tailwind that they were closed until 8:50 a.m. There were four or five people working that that he saw stationed there. They were turning people away but continued to serve some of the airline personnel who were coming through. He thought their lease said they had to be open certain hours and available to travelers. He was disappointed to see people turned away like that. He did not think it was very fair or equitable. He thought it left a bad impression of the airport, too. Ms. Wahto said staff was advised of this. Tailwind staff does restocking of items and there was a sign posted. The Airport is aware of their timing. They have a huge volume in the morning that they have to restock. They do try to take care of airline personnel who are also having some down time, too. This is done as a courtesy. In their contract, their operations are in serving the public at least one hour prior to the scheduled first departure each morning until at least 7:30 p.m. in the evening or earlier closing in the winter may be negotiated. They also have the ability to talk with the Administration to adjust things. They have been doing this one-hour closure probably since they took over the contract.

Mr. Custer said it was 7:41a.m. when he got there and the sign said 8:50, which is more than an hour. When he asked them why they were closed, they said they needed a break.

13. Eve Soutiere said she will not be attending next month's meeting as she will be out of the country.

M. **ANNOUNCEMENTS:** None.

OFFICE OF THE MUNICIPAL CLERK/ ELECTION OFFICIAL

City and Borough of Juneau (CBJ)
155 Heritage Way, Juneau, Alaska 99801
Phone: (907)586-5278 x4175 Fax: (907)586-4552
email: Beth.McEwen@juneau.gov

TO: Airport Board
DATE: September 12, 2024
FROM: Beth McEwen, Municipal Clerk
RE: Proposed Airport Bylaw Changes

The Clerk's office has been working with the Assembly and our various CBJ Boards to provide an overarching goal to:

Provide consistent, uniform rules of procedure across all CBJ bodies to the greatest extent possible while staying in compliance with the CBJ Charter, Code, Open Meetings Act, and Public Notice requirements, and also addressing the unique needs of the individual bodies.

In an attempt to standardize the various rules of procedure used by all our CBJ elected and appointed bodies we start from the Assembly Rules of Procedure (adopted by Resolution which is amended from time to time) as the base layer upon which to build all other board rules of procedure. Using this framework, I have reviewed the draft Airport Bylaws as found in the September 12, 2024 Airport Board Packet and have provided a marked up revised version for consideration by the Airport Board.

Most of the changes that I suggest are incorporating practices already in place both at the Assembly and at the Airport Board levels but are now memorializing them within the bylaws document. The main substantive change that the Board may want to discuss has to do with the flexibility or rigidity of the language in the current bylaw amendment proposed in the Sept. 12 meeting packet as highlighted below:

The officers of the Board shall consist of a Chair, Vice Chair, and Secretary. Officers shall hold offices for one year or until their successors are elected. There shall be a two-year (two one-year terms) limit for the Chair.

The changing of officers is entirely up to the board each year during the election of officers. If the board in general wants to limit officers to a certain number of years in any given office, they can do that organically just by the manner in which the nominations and elections take place. However, having more restrictive language, such as that highlighted above, provides for a very complicated process whenever there is a mid-term vacancy on the board. Since this language doesn't address mid-term vacancies, I would suggest leaving it out entirely or if you do chose to leave it in, incorporate appropriate language to provide clarity on how this language affects a member who is elected to serve less than a full one-year term.

I'm happy to discuss any of the other suggested changes with the board at this meeting or at a future date.

RESOLUTION OF THE CITY AND BOROUGH OF JUNEAU, ALASKA

Serial No. 2986

A Resolution Repealing and Reestablishing the Assembly Rules of Procedure.

WHEREAS, the Assembly relies on its committees to generate, review, and mature policies for later consideration by the Assembly, including committees that include all nine Assemblymembers; and

WHEREAS, the scope of Assembly committee power and the binding effect of votes taken by committees with all nine Assemblymembers is complicated because of Robert's Rules of Order; and

WHEREAS, the following general rule of parliamentary law is expressed in various Robert's Rules: "During the session in which the Assembly has decided a question, another main motion raising the same or substantially same question cannot be introduced." (136:26-28); and

WHEREAS, Robert's Rule 52, as applied to a body with less than 50 members like the Assembly, considers a vote taken at a Committee of the Whole a formal decision of the Assembly that is not voted on again (531:2-4); and

WHEREAS, while Robert's Rule 52 clearly applies to the Committee of the Whole, it does not explicitly apply to the other nine-member committees like the Finance Committee; and

WHEREAS, application of Robert's Rule 52 creates unnecessary complexities because the City and Borough of Juneau Charter 5.3(a) requires public comment opportunities when an ordinance is up for public hearing, which can be late in the development of a policy and public comment can enlighten a policy issue that necessitates amendments or renewal of previously decided motions without going through the cumbersome process to suspend the Assembly Rules or other procedural escape valves; and

ATTACHMENT #3

WHEREAS, upon balancing the timing of public comment and the Assembly's scarce meeting time, the Assembly amends the Assembly Rules of Order to reconcile the unnecessary complexities created by Robert's Rule 52 on the Committee of the Whole and any other nine-member Assembly committee with the public comment requirement of Charter 5.3(a) while recognizing occasionally a motion previously decided by a committee may be renewed at the Assembly without being treated as dilatory; and

WHEREAS, the following additional amendments would clarify the rules and make necessary changes to maximize public engagement, public body deliberations, and meeting efficiency.

NOW, THEREFORE, BE IT RESOLVED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

Section 1. Rules of Procedure. The following rules of procedure are adopted:

RULE 1. AGENDA.

B. Procedure. Upon presentation of an ordinance, any member may move that it be introduced and set for public hearing, referred to committee, deferred, or rejected as provided in Charter section 5.3. If the motion is for referral to committee, the Mayor shall refer the ordinance to the appropriate committee. The Mayor's referral may be changed by a majority vote of the members of the Assembly. If the motion is for introduction, the motion shall set a date for the public hearing. All such motions may be amended.

4. Committee of the Whole. The Committee of the Whole may take up those issues within the jurisdiction of multiple committees and those warranting detailed review prior to consideration by the Assembly. The Mayor and all Assemblymembers shall serve as members of the Committee of the Whole. Generally, the rules of the Assembly shall be followed in the Committee of the Whole, provided that, at the discretion of the chair, the rules may be relaxed and the rules relating to participation by the presiding officer and the number of times a member may speak shall not be in effect unless otherwise ordered by a majority of the committee. In preparing the committee agenda the chair shall consult with the Mayor.

5. Lands, Housing, and Economic Development Committee. The Lands, Housing, and Economic Development Committee may take up issues relevant to the lands, housing, economic development, water or air within the City and Borough. 285 chair position of each special committee shall be made by the Mayor, and shall
286 be subject to ratification by the Assembly. In making nominations for special
287 committee appointments, the Mayor shall strive to ensure, to the extent
288 reasonably possible, that there is a balance of opinion, viewpoints, and
289 perspective among the Assemblymembers nominated for committee
290 membership, and that there is at least one Assemblymember nominated for
291 appointment to each such committee who has expertise in the areas assigned to
292 the committee. All members shall serve at the pleasure of the Assembly.

293 D. Scope of Committees. Committees, including the Committee of the Whole and the
294 Finance Committee, are empowered to only make recommendations. No vote taken at an
295 Assembly committee, including at the Committee of the Whole or at the Finance Committee,
296 is binding on the Assembly. At the Assembly, an Assemblymember is free to move the
297 Assembly to amend a prior adopted motion and renew a failed motion from a committee, and
298 such motions can pass by five votes in favor.

299 E. Quorum of Committees. For the Committee of the Whole and the Finance
300 Committee, a majority of the membership shall constitute a quorum. For committees with
301 seven or eight members, four of the membership shall constitute a quorum, for committees
302 with four, five, or six members, three of the membership shall constitute a quorum.

303 F. Voting. The minimum vote required to take official action shall be the same as that
304 constituting a quorum; provided, however, that in the case of a tie vote, the action fails.

305 G. Role of Board Liaison. Board liaisons shall be recommended by the board to the
306 Assembly for approval. Any board liaison to an Assembly committee should sit with the
307 committee at all times. A board liaison may have the right to participate in committee
308 discussions at the pleasure of the chair of the Assembly committee except that Assembly
309 members of the committee shall have priority in obtaining the floor. Only Assembly
310 members on the committee may vote.

311
312 **RULE 6. ASSEMBLY LIAISONS TO BOARDS AND COMMISSIONS.**

313 A. Appointment of Liaisons. The Mayor shall nominate one member of the Assembly
314 to serve as the liaison to each of the following City and Borough boards and commissions:

315 Planning Commission
316 Hospital Board
317 Docks and Harbors Board
318 Airport Board
319 School Board
320 Ski Area Board

321 The nominations shall be subject to ratification by the Assembly. Liaisons to other entities
322 may be appointed from time to time.

ATTACHMENT #3

B. Role of Assembly Liaison. Assembly liaisons serve as a link between the Assembly and the board or commission to establish and maintain communication between the bodies on issues, projects, and other matters of mutual concern and interest. Assembly liaisons should regularly attend appointed board or commission meetings. Assembly liaisons shall not have the power to vote on the board or commission and are not to be counted in determining whether a quorum of the board or commission is present, unless specifically identified as voting members in the governing legislation of a particular board. An Assembly liaison may participate in board or commission discussions when invited by the board chair.

C. Other Meetings. The Assembly encourages its members to attend meetings of other boards, commissions, and citizen groups and inform the Assembly on the activities of those bodies and the issues before them, as appropriate.

RULE 7. DEBATE.

A. Speaking on the Question. A member or the Manager may speak more than once to the same question at the same stage of proceedings provided that priority of access to the floor shall be given to members who have not spoken on the question. Members shall endeavor to provide the body with relevant facts and arguments and shall strive to avoid redundancy.

B. Asking Questions. After obtaining recognition from the chair, a member may ask direct questions of another member of the Assembly or to a person appearing before the Assembly. The questions should not be argumentative.

C. Decorum. Members shall not question the motives, competency, or integrity of any person except as necessary to decide an appeal, personnel evaluation, contract award, or other matter in which such issues are clearly relevant. The chair shall admonish any member violating this rule and if violations are severe or repeated, may without a vote declare a recess not to exceed ten minutes.

RULE 8. RULES OF PUBLIC PARTICIPATION.

When permitted by Rule 14, public participation during hearings on ordinances and matters other than appeals will be conducted according to the following rules, which will be posted in the Assembly Chambers and at www.juneau.gov:

A. The hearing will be conducted by the Mayor as chair.

B. The Mayor will open the hearing by summarizing its purposes and reemphasizing the rules of procedure.

C. The Mayor may set a time limit for public testimony, for individual speakers, or both if it appears necessary to gain maximum participation and conserve time, and may for the same reason disallow all questions from the Assembly to members of the public. The time limit may be extended by a majority of the Assembly. The time limit for individual speakers shall be uniform for all speakers, and shall be strictly enforced. Speakers shall not have the right to transfer their unused time to other speakers, but the Mayor may grant additional time to a person speaking on behalf of a group.

ATTACHMENT #3

364 D. People are encouraged to submit written presentations and exhibits to the
365 Municipal Clerk and the Assembly via email (boroughassembly@juneau.gov).

366 E. The Mayor will set forth the item or subject to be discussed and will rule non-
367 germane speech out of order. A member of the public may not be stopped for speaking
368 because of the viewpoint being expressed. However, a person may be stopped for disrupting,
369 disturbing, or impeding the meeting when speaking longer than the time limit, when being
370 unduly repetitious, or when discussing or presenting irrelevant matters. Such non-germane
371 speech disrupts, disturbs, or impedes public meetings when the Assembly is prevented from
372 accomplishing its business in a reasonably efficient manner or when the speech interferes
373 with the rights of other speakers. A person stopped for non-germane speech during a
374 meeting is welcome to submit a writing, presentation, recording, and exhibit to the
375 Municipal Clerk and to the Assembly via email (boroughassembly@juneau.gov).

376 F. All speakers, members of the public and members of the Assembly, will be
377 recognized by the chair by surname.

378 G. Members of the public will precede their remarks by stating their names and,
379 unless otherwise allowed by the Mayor, the area of town in which they reside.

380 H. Members of the Assembly will not direct questions to each other or to the chair
381 during public participation except as to the conduct of the hearing.

382 I. Members of the Assembly may direct questions to members of the public only to
383 obtain clarification of the material presented. The questions should not be argumentative,
384 nor may they have the purpose or effect of unreasonably extending any time limit applicable
385 to public speakers.

386 J. The public may direct questions to the Assembly or the administration.

387 K. The public may direct questions to the chair only as it pertains to the conduct of the
388 hearing.

389 L. The Manager may participate in the same manner as the members of the Assembly.

390 M. There shall be an opportunity for public participation on non-agenda items at each
391 regular meeting of the Assembly. Such public participation shall be limited to no more than
392 20 minutes, with each speaker limited to a length of time set by the Mayor not to exceed
393 three minutes. Assemblymembers may ask questions of the speaker but should not
394 deliberate at that time on matters raised or answer questions directed to the members.

395 N. Members of the public that want to provide oral public comment via remote
396 participation must notify the Municipal Clerk prior to the meeting (i.e. call the Municipal
397 Clerk Office or register online, when available). A person is not required to notify the
398 Municipal Clerk prior to the meeting when providing in-person oral public comments.

399 O. Reasonable accommodations are available upon request. To the extent allowed by
400 law (i.e. A.S. 15.13.040 and A.S.15.13.145), a spokesperson designated by a person with a
401 disability wishing to provide oral public testimony should advise the Municipal Clerk.
402 Please contact the Clerk's office prior to any meeting, preferably 36 hours ahead, so
403 arrangements can be made if other accommodation requests like closed captioning or sign

language interpreter services are desired. The Clerk's office telephone number is 586-5278, TDD 586-5351, e-mail: city.clerk@juneau.gov.

RULE 9. MOTIONS.

A. Seconds. Seconds to motions are not required.

B. Renewal of Defeated Motions. Defeated motions may be renewed only under suspension of the rules.

C. Priority of Privileged Motions. Privileged motions shall have the following priority:

1. Fix time to adjourn
2. Give notice of reconsideration
3. Adjourn
4. Recess
5. Question of privilege of the body
6. Question of personal privilege

RULE 10. CLERICAL ERRORS.

Clerical errors that do not affect the substance of an ordinance or resolution, such as errors in numbering or errors in spelling, may be corrected by the Attorney upon discovery of the error.

RULE 11. VOTE REQUIRED.

The affirmative vote of five members of the Assembly shall be sufficient to take any action except as otherwise provided by Charter or ordinance and except in the following instances, which require the affirmative vote of at least six members:

- A. Limiting, extending, or closing debates
- B. Suspension of the rules
- C. Setting of or postponement of special orders
- D. Objection to consideration of question
- E. Motion for immediate vote (previous question)
- F. Rescind
- G. To take up a motion for reconsideration at the meeting at which the action to be reconsidered was taken

RULE 12. PARLIAMENTARIAN.

The Attorney shall act as the parliamentarian with the Municipal Clerk to act as parliamentarian in the absence of the Attorney.

RULE 13. SESSIONS.

Each regular or special meeting of the Assembly constitutes a session for purposes of the rules.

RULE 14. PUBLIC PARTICIPATION.

A. Public participation shall be permitted on all items on the agenda, except public participation is not allowed on the following:

- i. for committee meetings advertised as work sessions only;
- ii. items before the body for information purposes only;
- iii. quasi-judicial items (i.e. appeals) after the body decided to accept the quasi-judicial item for further consideration (CBJC 01.50.030(e)(1)). Public participation—including by named parties—is authorized to aid the body in deciding whether to accept an appeal, but public participation—including by parties—is prohibited after the body makes the acceptance decision. This limited public participation rule is necessary to protect the due process rights of the parties.

B. Despite the prohibitions in Rule 14.A, the committee chair or majority of the body may authorize public participation on a specific agenda item when in the best interest of the community.

C. Public participation shall be permitted on a motion to recess into executive session prior to the vote on such a motion.

D. When public participation is provided, public participation is confined to that agenda item. No person except a member or the Manager may participate in Assembly proceedings except as provided in the agenda item for public participation. However, the Attorney or Municipal Clerk may comment on professional or procedural aspects.

RULE 15. RECONSIDERATION.

A. What May Be Reconsidered. Main motions, amendments to main motions, privileged motions involving substantive questions, and appeals are subject to reconsideration. Procedural motions may not be reconsidered.

B. Who May Reconsider. Any member, whether or not that member voted on the prevailing side, may give notice of or move for reconsideration.

C. Effect of Notice. The effect of giving notice of reconsideration is to suspend all action on the subject of the notice until a motion for reconsideration is made and acted upon

ATTACHMENT #3

or until the time within which the motion for reconsideration may be made and acted upon has expired.

D. Time in Which Notice Must Be Taken Up. A notice of reconsideration expires unless a motion for reconsideration is made and acted upon prior to adjournment of the next regular meeting succeeding the meeting at which the action to be reconsidered occurred.

E. Successive Reconsideration. There may be only one reconsideration even though the action of the Assembly after reconsideration is opposite from the action of the Assembly before reconsideration.

F. Precedence. A motion for reconsideration has precedence over every main motion and may be taken up at any time during the meeting when there is no other motion on the floor.

G. Effect. A motion for reconsideration completely cancels the previous vote on the question to be reconsidered as though the previous vote had never been taken.

RULE 16. REMOTE PARTICIPATION.

When a meeting is conducted entirely remotely (i.e. video conferencing technology), then all members are expected to attend remotely. The following apply to meetings that are held completely in-person or as a hybrid (partially in-person and partially remotely):

A. A member may participate remotely in an Assembly meeting, or an Assembly Committee meeting, if the member declares that circumstances prevent physical attendance at the meeting. If the Mayor chooses to participate remotely, the Deputy Mayor shall preside. If a committee chair chooses to participate remotely, they should designate an alternative committee member to chair the meeting unless the entire meeting is held remotely.

B. Reserved.

C. The member shall notify the Clerk and the presiding officer, if reasonably practicable, at least four hours in advance of a meeting which the member proposes to attend remotely by and shall provide the physical address of the location, the telephone number, and any available facsimile, email, or other document transmission service.

D. At the meeting, the Clerk shall establish the remote connection technology when the call to order is imminent.

E. A member participating remotely shall be counted as present for purposes of quorum, discussion, and voting.

F. The member participating remotely shall make every effort to participate in the entire meeting and must have video turned on except during breaks. From time to time during the meeting the presiding officer shall confirm the connection.

G. The member participating remotely may ask to be recognized by the presiding officer to the same extent as any other member.

H. To the extent reasonably practicable, the Clerk shall provide backup materials to members participating remotely.

ATTACHMENT #3

I. If the remote technology connection cannot be made or is made then lost, the meeting shall commence or continue as scheduled and the Clerk shall attempt to establish or restore the connection, provided that if the member participating remotely is necessary to achieve a quorum, the meeting shall be at ease, recess, or adjourn as necessary until the remote connection is established or restored.

J. Meeting times shall be expressed in Alaska time regardless of the time at the location of any member participating remotely.

K. Participation remotely shall be allowed for regular, special, and committee meetings of the Assembly.

L. Remarks by members participating remotely shall be transmitted so as to be audible by all members and the public in attendance at the meeting, provided that in executive session the remarks shall be audible only to those included in the executive session.

M. Any member of the public present with the member participating remotely shall be allowed to speak to the same extent the person was physically present at the meeting.

N. As used in these rules, "remote" means any system for synchronous two-way voice communication (i.e. telephone) or video conferencing technology. If a member needs to participate remotely, video conferencing technology is preferred. "Mayor" includes the Acting Mayor or any other member serving as chair of the meeting.

O. Regular and special meetings of the following entities must be recorded and live broadcast in a manner that is reasonably calculated to provide meaningful remote public observance and participation, when allowed, of the public meeting:

- i. Assembly
- ii. Assembly Standing Committees
- iii. Planning Commission
- iv. Hospital Board
- v. Docks and Harbors Board
- vi. Airport Board
- vii. Ski Area Board
- viii. Systemic Racism Review Committee

Any other board, commission, or committee meeting with anticipated substantial public interest should be recorded and live broadcast in a manner that is reasonably calculated to provide meaningful remote public observance and participation, when allowed, of the public meeting.

RULE 17. ADOPTION OF ROBERT'S RULES OF ORDER.

The conduct of the meetings of Assembly shall be governed by the Mayor according to the current edition of Robert's Rules of Order, except as otherwise provided by Charter, law, or these rules.

ATTACHMENT #4

1. **Standing Item – Review of Financial Statements** at each meeting. Current financial statements are needed.
2. **Standing Item – Review of Transactions** so that they can be approved by the board as a consent calendar-type item. Custer noted the airport board requested a process of this type.
