Subject: Telephone Hill - Please re- prioritize!
Date: Monday, March 20, 2023 12:45:59 PM

Dear HRAC Committee Members (via liason Beth McKibben):

Thank you for working to preserve the inherent richness and beauty of Juneau.

I understand that the houses on Telephone Hill are already on HRAC's worklist to be updated/surveyed for their historical significance and possible inclusion on the Registry. I urge you, and think it important to PRIORITIZE T-Hill on your list at this time due to possible re-development of the entire neighborhood.

Thank you for considering and taking note of the historic and cultural value of these homes, and this neighborhood, including the original the Webster House built in 1883, the Augustus Brown House, among others.

Sincerely,
Shoshana Seligman
