BE IT RESOLVED BY THE ASSEMBLY OF THE CITY AND BOROUGH OF JUNEAU, ALASKA:

Section 1. The Tongass National Forest, and sites like the Mendenhall Glacier, are valuable public lands. The United States Forest Service should rehire employees and retain sufficient staff force to provide for visitor safety, consistent visitor experience, sanitation, and adaptive management of commercial use across the Tongass National Forest.

Section 2. The Tongass National Forest, and especially Mendenhall Glacier Recreation Area, should remain a federally managed resource to ensure these public lands are accessible to all.

Section 3. The Mendenhall Glacier and other US Forest Service sites need to be a responsive and adaptive part of CBJ's response to visitor demands. The US Forest Service and the Tribe are essential partners.

Section 4. Effective Date. This resolution shall be effective immediately after its adoption.
