

Tlingit Culture, Language and Literacy Program

ABOUT TCLL

The Tlingit Culture, Language and Literacy (TCLL) Program is a place-based, cultural-based optional program in the Juneau School District where the Tlingit language and culture are celebrated, respected, and integral to daily instruction of state standards. It is housed in Harborview Elementary School and operated in partnership with Sealaska Heritage Institute. TCLL is free and open to students of all races, nationalities, and abilities in kindergarten up to the 7th grade.

ELDER BIRTH SPEAKER SUPPORT

Fluent Elder Birth Speakers support each classroom by guiding daily instruction of Tlingit language, culture, world-view, and values.

BILITERACY INSTRUCTION & PROGRAMMING

TCLL's teaching staff continues to work toward integrating biliteracy instruction and traditional knowledge into academic content in both Tlingit and English.

EXPERIENTIAL LEARNING

TCLL builds strong learning communities, creating future leaders and caretakers of our land through hands-on learning experiences.

FAMILY COMMITMENT

TCLL families are committed to supporting Tlingit language learning not only at school but also in the home.

FAMILY-CENTERED APPROACH

Peers, teachers, and Elders develop relationships built on the foundation of Tlingit values that extend beyond the classroom.

Applications for the 2023-2024
school year are available
March 14 – April 21
