SITE PLAN REVIEW PROCEDURE

The plan review process is required for all new commercial, industrial, or multifamily buildings, as well as for building expansions/additions to structures.

Early in the process, consult the site application checklist shown below for a complete list of plan requirements and contact staff in the Planning and Community Development Department for initial direction and assistance. In addition, it is your responsibility to notify utility companies regarding your proposed development.

Completed site plans must be submitted 14 business days prior to the intended Plan Commission meeting. Those plans will be distributed amongst various city departments for an initial review. After review, questions, comments, and requested revisions will be returned to the applicant in advance of the Plan Commission meeting.

SITE PLAN CHECKLIST

- ✓ Completed site plan application
- ✓ Completed erosion control and stormwater management permit application and necessary fees
- ✓ Calculations for sanitary sewer and water
- ✓ Calculations for storm sewer design
- ✓ Site plan set to include:
 - Site plan layout and streets, including designated fire lanes
 - Utilities, grading, and drainage plan
 - Erosion control plan
 - Landscape and lighting plan
 - Architectural elevation and construction details
 - Floor plan set
 - Any other plans or information deemed necessary by the Planning and Community Development Department
