Re: Certificate of Appropriateness- Outagamie County Public Health Mural

Outagamie County Public Health (OCPH) has been looking for an area to place a mural in the northern fox valley to promote Mental Health Resources/wellbeing. A location has been found on the side of 142 E Third street. The mural would go on the side adjacent to the ongoing alley project. See below image for greater detail:

Attached is a rendering of the proposed Mural as well. This Mural will be a good addition to the downtown and add to the alley project.

Recommendation:

To Grant a Certificate of Appropriateness to this Mural layout.
