Agenda Item #2b

Recommendation for award of for Project 10-23R Diesel Back-Up Generator Replacement at Tower Drive Lift Station – Re-Bid

Background

The back-up generator at the Tower Drive Stormwater Lift Station is near the end of its useful life. This project was previously bid and all bids were rejected due to the price of work and the complexity of the options. The project scope has been revised/reduced and we will now seek bids for an outside generator set. The City received two lump sum – base bids for the new generator:

Enterprise Electric Inc	-	\$168,000.00
Elmstar Electric	-	\$184,772.00

Recommended Action

Award Project 10-23R Diesel Back-Up Generator Replacement at Tower Drive Lift Station – Re-Bid to Enterprise Electric, Inc. for total bid price of \$168,000.00.
