From: John Neumeier, Director of Public Works/City Engineer  
Date: 7/6/2026  
Re: State/Municipal Financial Agreements for I-41 Corridor Projects

### Background information:

Wisconsin Department of Transportation (WisDOT) is completing several projects improving the I-41 corridor through Outagamie County. City of Kaukauna will have some minor shared financial responsibility for improvements, including a nominal aggregate quantity, adjusting manhole rims, and Community Sensitive Design (CSD) elements. The CSD elements are contained within the project 1130-66-71 – I-41 Mainline, Holland – CTH N agreement and include a cost-share for concrete staining enhancements on the Maloney Road and STH 55 bridges.

WisDOT is providing four State/Municipal Financial Agreements (SMFA) for the various projects within the City limits. Please review the included documents and let me know if you have any questions.

**Strategic Plan:** Collaboration with State, County, and Local entities to create a safe and aesthetically pleasing highway corridor through our communities.

**Budget:** Funds will be from 2025 Capital Borrowing for I-41 Corridor improvements. Current estimates for City funds are \$5,075.54 total for all four projects.

### Staff Recommended Action:

Authorize the Director of Public Works to execute the State/Municipal Financial agreements for:

- 1) WisDOT project 1130-66-71 – I-41 Mainline, Holland – CTH N
- 2) WisDOT project 1130-66-72 – I-41 Mainline, CTH N – CTH JJ
- 3) WisDOT project 1130-66-77 – STH 55 Interchange
- 4) WisDOT project 1130-66-84 – Maloney Road
