

**January 16, 2023**

**Agenda Item # 2e**  
**Authorization to Project #4-23 - 2023 Concrete Street Patch Program**

**Background**

The Engineering Department and Street Department have identified various areas in need of concrete street panel replacement for which we have budgeted funds in the 2023 CIP. The City would also contract with KU to add any winter water main break patches with our larger replacement project in an effort to save money, staff resources, and to simplify project coordination. Due to several high traffic and school-adjacent patches on this project, we intend to seek bids early in 2023, and require contractors to complete any work on STH 55 or near schools, during the summer months.

**Recommended Action**

Motion to authorize the Engineering Department to seek bids for Project #4-23 – 2023 Concrete Street Patch Program.
