Re: Agenda Item 2f, Authorization to seek bids for replacement of unit #9 the 2012 Chevrolet 1 Ton Dump Truck With Plow Package

Background information:

Truck #9 has been in the Street Department fleet for 13yrs and has 60,300 miles. This truck is out almost daily year-round on miscellaneous maintenance tasks and plays a vital role in our snow removal operations with plowing alleys and parking lots.

Strategic Plan:

To continue providing a high quality of life through services the Street Department must replace older equipment to keep up with demand of a growing city and limit down time.

Budget:

Truck #9 is budgeted for replacement in the 2025 Capital Improvement budget.

Recommended action:

Authorize the Street Superintended to seek bids for the replacement of unit #9 the 2012 Chevrolet 1 Ton Dump Truck With Plow Package.
