

MEMO

DEPARTMENT OF PUBLIC WORKS

To: Board of Public Works
From: Jake Van Gompel, Street Superintendent
Date: March 17, 2025
Re: Agenda Item 2e, Authorization to seek bids for replacement of unit #212, 2008 Single Axel Dump Truck with plow package.

Background information:

Truck 212 is a 2008 International Work Star. Current engine hours are 3,500 with 30,700 miles. Plowing snow and hauling brush have been this unit's primary functions. The last few single axel dump truck replacements have been replaced with trucks with a larger load capacity to accommodate the amount of material hauled from the disposal site and to help with weather emergencies when multiple trucks are needed to haul material. This unit's replacement would be with the exact dimensions to help with loading from smaller equipment, and maneuverability on tight job sites.

Strategic Plan:

To continue providing a high quality of life through services the Street Department must replace older equipment to keep up with demand of a growing city and limit down time.

Budget:

The dump truck replacement is budgeted for in the 2025 Capital Approval Budget.

Recommended action:

Authorize the Street Superintendent to seek bids for the replacement of unit #212 the 2008 Single Axel Dump Truck with plow package.
