Re: Tax Bill Breakdown Widget

Reminder: Please direct property owners to the Tax Bill Breakdown widget available at the link listed below.

This widget enables users to input any address or parcel number within the City of Kaukauna and receive a detailed breakdown of their tax bill. It provides a clear view of tax allocations across each taxing jurisdiction and offers an in-depth look at how the city's portion of tax dollars is distributed across various services.

This visual tool enhances public understanding of property tax details and fosters transparency in the use of tax dollars. It also allows residents to engage in the process by identifying services they prioritize, encouraging active input where additional support may be beneficial.

Note: The widget will be updated with 2025 budget figures once tax bills are printed mid December.
