## **Exhibit B: Monetary Incentive Disbursement Schedule**

The monetary incentive will be paid out within 30 days of successfully passing each of the inspection points listed in the table below at the percentage listed.

Inspection Points	Percentage	
Foundation Inspection	50%	
Final Occupancy Inspection	50%	

### Exhibit C: PILOT Payment Formula and Example

PILOT Formula: (A-B=C)/1,000\*D=E

Example: For tax bills that will be received in December 2024 for the 2024 levy, let's assume the actual assessed value that is valued as of January 1, 2024 comes in at \$2,600,000 and the total mill rate on the 2024 tax bill calculates to be \$18.50. The formula will then take the difference of the Guarantee Assessed value outlined in 3.01(C) and the actual to find the difference. In this example that is \$200,000. That \$200,000 is what the PILOT will be based on. That \$200,000 is then converted to 1,000's and multiplied by the mill rate on subject tax bill, in this example \$18.50. A PILOT payment of \$3,700 would be due within 30 days of receipt.

Year	Guarantee Assessment	Actual Assessed value	Assessed Difference	Current Year Mill Rate	PILOT
	(A)	(B)	(C)	(D)	(E)
2024	\$2,800,000	\$2,600,000	\$200,000	\$18.50	\$3,700
