Re: MSB and SPAR Building Operations Survey Results

Background information:

During the Legislative Committee meeting on August 18, 2025, Mayor presented a proposed change in structuring the operation hours for the Municipal Services Building (MSB) and the Street, Parks and Recreation (SPAR) Building.

From that discussion, staff were asked to survey the public. The Marketing and Communications Manager put together a survey to better understand how people are accessing city services at MSB and SPAR so the city can better service their needs. The goal was to not only inform building operation hours, but to also understand how people are accessing city services (online, in person, over the phone) and for what reasons (taxes, elections, etc.). The survey ran from September 10, 2025 – October 10, 2025. It was posted to social media and the city's website. It was also displayed on the lobby monitors at MSB and SPAR, and paper copies were distributed at MSB, SPAR, and the Kaukauna Public Library. The survey was also shared in the city's quarterly external newsletter.

Results from the survey are included in this memo, however there were some specific items I wanted to point out:

- The two largest reasons people visit MSB are for elections and taxes, which makes sense when most people are visiting yearly.
- Lunch period (throughout the week) is the least visited time for both MSB and SPAR
- The largest reason people visit SPAR are to renew their disposal site card something that can be done completely online
- Fridays are the least visited day for both MSB and SPAR
 - Of those visiting MSB on Friday afternoons (24 in total), 3 indicated they visit monthly, 21 indicated they visit yearly.

- Of those visiting SPAR on Friday afternoons (17 in total), 1 indicated they visit weekly, 1 indicated they visit monthly, and 15 indicated they visit yearly.
- Tuesday is the most visited day for MSB, Wednesday is the most visited day for SPAR
- 51 people indicated they prefer to do city business in person ONLY (ages range from 35-55+)
- 58 people indicated they prefer to do city business online ONLY (ages range from 18-55+)
- 23 people indicated they prefer to do city business online AND in person (ages range from 18-55+)

Staff also took record of how many people visited the windows at MSB and SPAR over the course of the same month. The results are also included in this document.

Strategic Plan:

The results of this survey can help inform the city of how to better assist the public.

Budget: N/A

Staff Recommended Action:

There is no recommended action on my part, just sharing the information and opening the floor for discussion.

Mayor's recommended action from the previous meeting was to move to year-round office/business hours of 8am-4:30pm M-TH and Friday 8am12pm, Doors and windows close to the public at Noon on Friday, staff have prep/quiet work time from 12-1:30pm. To accommodate reduced Friday hours, reduce lunches to 30-minute M-TH, Friday no lunch break.

INSTRUCTIONS:

Please utilize this sheet to track your unscheduled window and phone traffic.

From Sept 4 traffic should be tracked daily from 8:00am - 4:30pm

Please make sure to record all relevant information including time and reason for visit

You may track via a sheet by your window if you prefer, but data from any written sheets needs to be entered onto this shared tracking sheet at least once per week.
