Agenda Item #2f

Authorization to seek bids for replacement of Truck 213

Background

This truck and plow equipment is one of the oldest five-yard dump trucks in our fleet at 15 years old. Its main uses have been snow removal, leaf collection and brush collection. This truck has a ten-foot bed which we would like to replace with a larger twelve-foot bed to help our operations having a larger capacity.

Recommended Action

Motion to Authorize the Street Department to seek bids for a 2023 or newer single axel dump truck with plow equipment.
