City of Kaukauna Police Department 2023 Annual Report

From the Office of the Chief of Police

On behalf of the professional women and men of the Kaukauna Police Department, I am very pleased to present our 2023 Annual Report. In this report, you will see many of the faces and names of those who have chosen Kaukauna Police as their destination department and have chosen Kaukauna as the community in which they want to serve. We are proud of this team and hope this report will add to your pride in those who are here to serve you.

The City of Kaukauna continues to be popular for both residential and business development. Growth creates both challenges and opportunities for the department. We continue to see an increase in calls for service, and we are always looking for more efficient ways to better serve our community.

Building a strong, effective relationship built on mutual respect and trust remains a top priority for the Kaukauna Police Department. The department staff participates in our efforts to build trust through community and problem oriented policing. We continued to hold our Department Open House which allowed us to have positive interactions with the community. We also continued to participate in the "Lights of Christmas" Program, which benefits less fortunate citizens in our community. Officers also participated in several school presentations, Trunk or Treat, Family Fun Night at school, and were able to chat with community members during many community events.

As we have witnessed, the landscape of policing is continuously evolving. The Kaukauna Police Department is dedicated to analyzing ways to utilize technology, training, outreach, and partnerships to serve more effectively and efficiently. In 2023, the police department incorporated automated license plate readers at several locations in the City of Kaukauna to help investigate complaints. Officers also transitioned to new handguns with red dot sights to help with accuracy. In 2023, the police department also explored an employee wellness program, and we are excited to start this program in 2024.

The men and women of the Kaukauna Police Department work tirelessly every day to serve our community with compassion, integrity and professionalism. With that said, 2023 has been an especially challenging time for law enforcement, but our team has persevered and proudly continued this tradition of service. Thanks to their hard work, I am confident our city is a safe place to live, play and work.

Jamie Graff
Chief of Police

THE LAW ENFORCEMENT CODE OF ETHICS

AS A LAW ENFORCEMENT OFFICER,

My fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.

I WILL,

Keep my private life unsullied as an example to all; maintain courageous calm in the face of danger; scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided in me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL,

Never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE,

The badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself to my chosen profession.....law enforcement.

The Assistant Chief of Police works closely with the Chief of Police in the management of the Kaukauna Police Department. The Chief and his staff are responsible for the direction and management of 44 employees, including 27 sworn officers. This includes two Detectives, three School Resource Officers, one Drug Officer, one K9 Unit and one Community Service Officer. The Chief and Assistant Chief work closely with the city officials to ensure the safety of our residents. The Assistant Chief works directly with daily operations including scheduling, planning, organizing, staffing and budgetary issues.

One of the responsibilities of the Assistant Chief of Police is to provide training to all of the officers in the department to give them the skills they need to help the public in a professional manner. Every officer attends annual and bi-annual trainings that include: legal update, firearms, defense and arrest tactics (DAAT), CPR and emergency vehicle operations and control (EVOC). Most of these annual trainings we are able to conduct in-house, which means we need to keep several of our officers as certified instructors. Our department currently has two DAAT/Firearms instructors, but we were able to certify two more officers in instructor development in 2023 with the anticipation of certifying them as DAAT and Firearms instructors in 2024. We also currently have four EVOC instructors and one vehicle contacts instructor. Beyond the annual and bi-annual training, this past year we continued our mental health training with several of our officers. We currently have three officers that are certified in Cellebrite, which is a computer program used for the forensic download of cellphones. We also sent all four of our Patrol Sergeants to a tactical leadership and decision-making training.

In 2024, the Kaukauna Police Department will continue to strive for excellence, and we resolve to make an even more significant and positive impact in our community. In 2023, we responded to just under 13,000 calls for service. In every one of those calls, we recognize an opportunity exists to have a positive impact in the lives of people in our community. Your trust and support of local law enforcement is vitally important to our success as a police department. We will work diligently every day to earn your trust and support by carrying out our work with integrity, accountability, professionalism and respect.

Brad Sanderfoot
Assistant Chief of Police

Investigations

Det. Tyler Romenesko

Lt. Thomas P. Bartolazzi

Det. Kory Krueger

The Lieutenant Investigator is a member of the management team and assists the Chief and Assistant Chief on day-to-day operations. The Lieutenant Investigator is the direct supervisor for two detectives, three school resource officers, and one drug investigator who is assigned to the Lake Winnebago Area Metropolitan Enforcement Group.

The Lieutenant Investigator assists and manages all the investigations that are initiated for patrol officers and the investigative team.

The Kaukauna Police Department had a busy year in 2023 investigating violent crimes and property crimes. Investigators are continually working on past and incoming crimes to insure justice for crime victims. The following are just a portion of the crimes investigated by Kaukauna Police Officers in 2023:

- Homicides
- Drug Overdoses
- Sexual Assaults
- Child Abuse
- Fraud
- Theft
- Internet Crimes Against Children
- Other Various Scams

These crimes consume a substantial amount of our time and resources. As technology continues to improve, crimes are more technical and time consuming to investigate. Some of the crimes can create challenges to law enforcement as they often result in suspects that are out of the state or the country.

The first detective position was created in 2015 and a second detective was added to our investigation team in 2023. Detectives have the availability to spend more time on serious crimes and conducting follow-up, which leads to a higher close out rate on investigations.

The detective works closely with other investigators in surrounding agencies on major incidents. The detective is able to interview witnesses, interrogate suspects, and collect evidence that may have not been able to be collected when an incident occurred. The detective also works with patrol officers and assists with drafting search warrants, subpoenas, and conducting follow-up interviews. With the detective's assistance, this allows the patrol officers to spend more time on the road and be available to handle the day-to-day calls.

Our current focus is on increasing training to keep up with the ever-evolving technology and crimes associated with it and to continue improving our accountability to the victims.

School Resource Officers (SROs) work in cooperation with the schools in a proactive manner to deal with youth concerns before they become youth problems. Beyond the family, the school is the primary institution that has the opportunity to affect the ideas and activities of our children. Police working in partnership with the schools provides the opportunity to implement programs aimed primarily at prevention of delinquent behavior through education, communication, and understanding among the school, youth, police, and the community. Statistics show that reaching children in this age group can lead to lowering juvenile delinquency by giving them the skills needed to make positive decisions.

School Resource Officers:

- Serve as a liaison between juveniles and/or their parents, service organizations, school personnel, and the community.
- Work with school administrators and the District Office of Kaukauna Schools on developing policies and procedures to keep schools safe.
- ALICE (Alert-Lockdown-Inform-Counter-Evacuate) instructors. SROs work closely with the school and local businesses in training to prepare individuals in the event of an active shooter emergency.
- Give classroom and other instructions and presentations.
- Teach children about crime, leadership, and citizenship.
- Teach children about drug prevention, internet safety, and sexting.
- Provide training for KASD Staff in areas of drug prevention, crime prevention, and school safety.
- Are a friend, counselor, and listener to youth with personal issues, or to those who want to share stories of their life.
- Work closely with families, students, and school staff to assist with accessing mental health services.
- Investigate crimes where juveniles are either victims or perpetrators and enforce applicable laws.
- Conduct sensitive crime investigations involving both adults and juveniles.
- Work closely with Child Protection Services, Social Services, Juvenile Intake, and the District Attorney's Office.
- Share information with school administrators about the conduct of students in the community.
- Provide training to other police officers on the special needs and concerns of youth.
- Serve on a variety of committees and task forces working to improve services available for juveniles.
- Provide early intervention to keep small problems from becoming large ones. This diverts students from the juvenile justice system when appropriate.
- Participate in Internet Crimes Against Children (ICAC) Investigations.

K9 Rocko

In August 2023, K9 Rocko transitioned from a working patrol K9 into retirement and a new role. He has since been making appearances in the community and in Kaukauna Area School District Schools with his handler, Lucas Meyer, who is now the Elementary School Resource Officer.

In 2023 through August, Rocko logged:

- 32 deployments which accounted for numerous arrests, the seizures of various drugs, to include methamphetamine, and one illegally possessed handgun.

K9 Rocko started his career as Kaukauna's first police K9 in 2015 when he and Officer Meyer began their journey together training in the mountains of Albuquerque, New Mexico. Rocko, who is now over ten years old, and Officer Meyer have served the City of Kaukauna for the past nine years together working patrol, as well as conducting countless community presentations.

Throughout their career together, Rocko and Officer Meyer had nearly 800 career deployments resulting in the seizure of large sums of illegal narcotics, to include pounds of methamphetamine, as well as 14 illegally possessed firearms.

Rocko now makes occasional visits into school classrooms where students can see and interact with him.

SRO Meyer and some of our younger friends enjoying time with one another and our "forever" friend, Rocko

City of Kaukauna Police Evidence Unit

Evidence: “something (as testimony, writings, or objects) presented at a judicial or administrative proceeding for the purpose of establishing the truth or falsity of an alleged matter of fact”

Overview of Evidence

The evidence and property room of the City of Kaukauna Police Department is responsible for maintaining recovered property and evidence from crimes in the city. We work together with investigators, the District Attorney’s Office, and state and federal crime laboratories.

Four officers served as evidence technicians in 2023. Sgt. Momberg and Officers Vosters, Schaefer and Lau being the main evidence and property technicians, and Lt. Bartolazzi was the investigations supervisor but still had a role in evidence and could process scenes. The technicians are called out to examine, document, collect, and preserve evidence at various crime scenes including death scenes, sexual assaults, burglaries, thefts, and crash scenes. The evidence technicians also photograph and record property collected at those scenes. We currently use a fully marked Dodge Durango as our main evidence vehicle to hold, and transport, most of our crime scene supplies. We must use additional vehicles to get other supplies when needed.

All the main technicians are members of the Wisconsin Association for Identification (WAI). Their mission is to provide educational seminars to members of the law enforcement community, to disseminate useful information related to all the disciplines of the forensic sciences, to provide local administration in the State of Wisconsin for the international professional certification programs of the International Association for Identification (IAI), and to encourage the highest ethical standards in the collection, preservation, and examination of evidence. Sgt. Momberg and Officer Schaefer are on an Evidence and Property Committee working with the WAI.

Sgt Robert Momberg

Officer Charlie Vosters

Officer Brian Schaefer

Officer Tim Lau

City of Kaukauna Police Evidence Unit

Evidence and Property Room

During **2023**, about **790** items of evidence and property were collected and recorded in the property room, with about **260** drug related items. We take in,

on a yearly basis, several items of found personal property such as wallets, cell phones, tools, CDs, yard items, and several bikes. Many of the unclaimed bikes and property are donated or disposed of.

Laws require us to maintain custody of evidence for extended periods. This could be a few months, years, or even for the incarcerated individual's lifetime or sentence duration. Many of these laws are related

specifically to items in which DNA was collected or could be collected. The picture on the left shows our

secure safes for money, jewelry and other high valuables. The upper right picture is our drug evidence storage, and the bottom right is the general storage area.

***The darker columns in the chart depict the total number of items logged into the evidence room each year. The lighter columns depict the number of drug items (drugs and drug paraphernalia) included in the total items logged for that year.

City of Kaukauna Police Evidence Unit

Evidence and Property Tracking

Since about mid-year 2016, we have been utilizing the Crime Fighter **BEAST** (Bar coded Evidence Analysis Statistics & Tracking) software from Porter Lee Corporation. Tracking and moving evidence and property is much easier now and takes a lot less time. A lot of time was spent inventorying evidence from the old system and either purging or entering it into the BEAST. It is still an ongoing process. BEAST utilizes barcodes to speed information transfer with a high level of data integrity and security. Conventional barcodes printed on labels identify individual items and allow for quick and simple handling and tracking.

Digital Evidence

Most of our evidence collection consists of digital files. Many crimes, including retail thefts, burglaries and other property crimes involve the collecting of video files from homes or businesses from their security systems. Computers and cell phones are collected on many investigations and information from those are also collected in a digital format. Fraud and other crimes may constitute the collection of bank and other records, often provided in a digital format, rather than on paper. If we receive a CD, DVD or a flash drive, the contents are copied, and the disc or drive may be saved as well. In **2023**, we collected over **62,000** digital files (**almost 1 terabyte**) to include photos, videos, audio files, and documents from about **852** incidents.

In the beginning of 2021, the police department began using body worn cameras. They have been instrumental in helping in documenting incidents and in protecting officers and citizens. It also added to the amount of evidence we collect, especially digital evidence. The evidence techs are responsible for providing copies of all digital evidence obtained during an investigation to anyone who requests it. Mainly this is the District Attorney's Office, defense attorneys or civil attorneys. Sometimes citizens and other groups also request copies of the evidence. Evidence techs must sift through the digital photos, videos, and documents to be sure we are complying with all release of records laws and privacy laws. This is very time-consuming at times spending hours watching videos and redacting information.

City of Kaukauna Police Evidence Unit

Drug Take Back

In **2023**, we hosted drug take back events in April and October. We turned over about **641 lbs.** of prescription and non-prescription medications to the Department of Justice for disposal. We have a permanent drug drop box installed in the lobby of the police department available during office hours. In **2023**, we collected about **290 lbs.** of material from the drop box alone. For answers to your questions about drug take back, go to the website doseofrealitywi.gov or contact Sgt. Robert Momberg or Officer Brian Schaefer.

Digital Media

Since early 2019, the police department has been utilizing forensic computer software to analyze digital media such as cell phones and tablets. Officers Tim Lau and Mike Lambie are currently trained in using the software. The software, Cellebrite, allows investigators to extract a lot of information like photos and videos from a piece of media that may not be apparent just by first looking at the item. This software can be utilized during any investigation in which a phone or tablet could contain useful information for the case including drug cases, sexual assaults, child pornography investigations, burglaries, thefts, frauds, and serious crash investigations.

Since early 2019, several dozen forensic extractions have been performed on devices. As with any search, we would need permission from the owner to perform one of these extractions, or we need to get a search warrant. In some cases, different forensic software may be needed. In those instances, we would transfer the media to a different agency such as the Department of Criminal Investigations.

- 2019 – 15 investigations
- 2020 – 9 investigations
- 2021 – 13 investigations
- 2022 – 10 investigations
- 2023 – 11 investigations (24 phones)

City of Kaukauna Police Evidence Unit

Evidence Photography

Photography is a very important aspect of evidence. Supplementing police reports with photographs and video can answer questions that arise during and after incidents by creating an accurate representation of the scene as it was at the time of the incident, whether it was injuries to a victim, damage to property, or photos at a crash scene. Many defendants are quick to plea to criminal charges after they see photographs and other documentation of a scene. Photos of crash scenes can help officers in filling out reports and answering questions later. Documenting damage and injuries can aid insurance companies with proper claim processing, the auto industry in making safer automobiles, and the Department of Transportation in making roads safer.

Each squad car is equipped with a digital camera and a smart phone. Both can be used to take photographs of scenes. Officers can adjust settings as they see fit based on their scene and their knowledge of the camera. For serious cases, in which evidence technicians may be called, the more advanced digital SLR cameras would be used. We currently utilize Canon brand DSLRs to include the Rebel T3i and Rebel T6. Along with the camera bodies, the techs have the availability of external flashes and other lenses to record the evidence and crime scenes.

Training in 2023

From March 21-24, 2023, Sgt. Momberg and Officers Vosters, Schaefer and Lau were able to attend the WAI educational conference in Appleton, Wisconsin. Training at these events usually consists of case study presentations and breakout training sessions related to the collection and preservation of evidence. One full day is an update for evidence and property managers to update them on changing laws and to share ideas on storage and guidelines regarding evidence.

Emergency Vehicle Operation and Control

Overview

Like many aspects of law enforcement, Emergency Vehicle Operation and Control (EVOC) is always an evolving area. Many factors figure into this. Changing types of vehicles, changes to vehicle operation laws, legal issues, liability, as well as decision making.

EVOC, specifically pursuit driving, has long been a very closely monitored area in law enforcement. Specific data of each pursuit is collected, documented and reviewed with great scrutiny. A pursuit can be defined as:

An active attempt by a law enforcement officer, on-duty in an authorized law enforcement vehicle to apprehend one or more occupants of a moving motor vehicle, provided the driver of such vehicle is aware of the attempt and is resisting apprehension by maintaining or increasing his or her speed or by ignoring the law enforcement officer's attempt to stop him or her.

The reason for the pursuit, liability concerns and general attitudes toward pursuits weigh heavily in the decision making process regarding when to pursue a suspected criminal. Many departments are going to very restrictive pursuit policies. This topic has been discussed nationwide for many years now, although no national consensus on the topic is in place. Every department follows their own policies and procedures, which can vary greatly from jurisdiction to jurisdiction. We share a county-wide pursuit policy with other agencies in Outagamie County, but individual departments can make them more restrictive.

The most important aspect of emergency vehicle operations is officer and citizen safety. Vehicle crashes have become the number one cause of line-of-duty deaths for law enforcement officers across the country. This underscores the need for quality, recurring training. We constantly stress officer use of seat belts, headlamps, wearing of body armor and being aware of one's surroundings.

Training

Officer Ryan Geenen and Officer Thayen Thao both completed the 4-day instructor development course before completing a 5-day EVOC instructor training course. With the completion of the instructor courses, both Officer Geenen and Officer Thao are certified to conduct some of this training in the classroom, as well as out on the EVOC track. With the construction of Fox Valley Technical College's Public Safety Training Center (PSTC), we now have a state-of-the-art center to conduct our training. We train in several pursuit termination techniques including boxing in, channeling, roadblock techniques, and all squad cars are equipped with tire deflation devices (TDDs). Officer Geenen and Officer Thao are the main EVOC instructors for our department.

Emergency Vehicle Operation and Control

Some of the skills taught were emergency driving, pursuit driving, decision making, legal issues and even parking. Officers need to show proficiency in these skill areas every two years by participating in at least 4 hours of training as set by the Wisconsin Law Enforcement Training and Standards Board. This includes about 2 hours of classroom material and typically includes about 2 hours of hands-on training out on the driving range with all topics set by the Training and Standards Board. Emergency vehicle operation and control is a critical area for officers to train in; not only to keep their skills sharp but to also learn new driving and safety techniques.

In 2022, we conducted the biennial 4-hour training in September 2022 at the PSTC. Training focused on the use of techniques used to stop fleeing vehicles in addition to the use of our tire deflation devices and communications during pursuits. Officers participated in controlled pursuit scenarios while utilizing these techniques.

Documentation of Pursuits

All pursuits engaged in by Kaukauna police officers must be reported and transmitted electronically to the Wisconsin State Patrol via the TraCS computer program (Traffic and Criminal Software). Certain statistics are gathered such as distance, speeds, locations, damages, injuries, and all violations encountered. The State Patrol is required, by state statute, to submit an annual report to the state legislature summarizing statewide pursuits.

In 2023 there were a total of three (3) pursuits reported by the City of Kaukauna. Two (2) of the pursuits ended with the driver being apprehended immediately at the end of the pursuit or shortly after. The one (1) other pursuit did not result in the suspect being apprehended or identified, but enforcement was taken against the vehicle owner. The longest pursuit in 2023 was 6.6 miles, and the shortest was 1.3 miles. One (1) of the pursuits ended in property damage, involving the suspect vehicle and a police squad. No

one was injured during any of the pursuits.

The reasons drivers flee cover a wide range, from just not having a valid license, being intoxicated, having a warrant for their arrest, or even just not wanting to stop due to their own attitude. Again, the safety of everyone, including the occupants of the fleeing vehicle, is our main concern.

The table below shows the number of pursuits our agency has been involved in. Officers are making smart decisions, during a very stressful time, when involved in the pursuits. Most pursuits are voluntarily terminated by the officer.

Emergency Vehicle Operation and Control

Year	Pursuits	Total Distance (miles)
2023	3	10.8
2022	7	14.5
2021	11	45.7
2020	10	46.7
2019	9	26.6
2018	5	3.5
2017	6	13.8
2016	7	13.1

The average pursuit was about 3.7 miles

VICTIM CRISIS RESPONSE (VCR) PROGRAM

VCR stands for **Victim Crisis Response**. The VCR program is a resource available to local Fox Valley Law Enforcement agencies and victims. VCRs assist local law enforcement in various ways. Their main priority is to assist law enforcement at the scene of crimes and tragic events, whether it be domestic violence, suicide, burglary, auto-theft, child abuse or many other types of calls. VCRs can provide a buffer between law enforcement and victims/families at the scene, while law enforcement officers are performing investigative duties.

VCRs are volunteers who are willing to take time away from their families to help other people going through various types of crisis. They are on call 24 hours a day, 365 days a year. Many VCR requests are made in the middle of the night at the scene of various types of calls. VCRs go through a rigorous background check and training program before being allowed to respond to calls.

VCRs are requested by officers on scene to provide emotional support, crisis intervention, immediate needs assessments, education on crisis, trauma and grief, help make phone calls to family members, as well as help victims plan for the future. VCRs are also available to assist with low level follow up. For example, VCRs may follow up with citizens who have called in damage complaints which have been classified as inactive. VCRs will call these citizens and ask if they have any more information regarding their case.

The Fox Cities VCR Team is a 501c3, non-profit organization. They are funded by both the Wisconsin Department of Justice Victims of Crime Act (VOCA grant) and donations. Much of their ability to continue to do the work they do in the Fox Cities relies on donations from citizens, groups and businesses.

They have many free resources to offer victims through the Crime Victim Compensation application. Although Marsy's Law has made the VCR's job a bit more difficult, they have come together with partnering agencies to overcome the adversity and continue to help those victims in need. VCRs have become an invaluable resource for Fox Cities Law Enforcement. The program started over 20 years ago at the Appleton Police Department and has spread throughout the Fox Valley to include all departments in Outagamie County, as well as various Winnebago County Agencies.

In 2023, there were a total of 1,170 hours spent on scene helping 1,264 community members in need. There were numerous victims and citizens served within the communities, including residents of Kaukauna.

**Officer Stephanie Maas
Kaukauna Police
Department Liaison**

Unified Tactics Training

In a typical calendar year, we schedule four training days; one 4 hour day and three 8 hour days. This gives our officers a total of 28 hours of training annually. Of the 28 training hours, 16 hours are specific to firearms training and 12 hours of Defense and Arrest Tactics (DAAT) training. In 2023, however, we had an adjusted training schedule for a couple of reasons. First, our officers transitioned to a new model of handguns with the option to purchase a red dot optic sight. Along with the handgun transition, our officers needed to adjust to a new model of holster. Second, in 2023 officers throughout the state saw a shift in tactics used during high risk vehicle contacts. Due to these two significant changes, we added several hours of training to our regular training schedule. In 2023, our officers had a total of 20 hours of firearms training, 8 of which was dedicated to our handgun transition. We then held a total of 16 hours of DAAT training, 8 hours of that was dedicated to learn the new tactics for the state-wide transition with high risk vehicle contacts.

In addition to learning new tactics, our department was able to purchase two new tools to help ensure our officer's safety when responding to higher risk calls. Late in 2023, we purchased a new ballistic shield. The ballistic level of the shield is a NIJ Level III. This means the shield will stop handgun rounds and some rifle rounds. In addition to a new shield, we purchased a restraint tool called The Wrap. The Wrap is a tool that our officers can utilize when taking

uncooperative/combative individuals into custody. The Wrap has several different applications, but when used to its full extent, can fully, safely secure an individual's ankles, legs, arms, and upper torso. Securing a combative individual to this extent can prevent injury to themselves and our officers in addition to preventing potential property damage.

As tactics instructors, we continue to include de-escalation and communication into our training and scenario-based training days. We continued to make this a priority in our yearly training schedule. By including scenarios that stress the importance of communication, we ensure that our officers are well balanced and won't be quick to resort to using force to solve conflicts. We have and continue to urge our officers to engage in communication, non-verbal communication, and to explore alternative options whenever possible as a way to de-escalate certain situations. We incorporate these principles into all of our Defense and Arrest Tactics training sessions. We accomplish these types of training in scenario-based training, case review training, and open discussions of applicable incidents.

Pictures show Kaukauna Police Department Officers during training sessions.

Kaukauna Police Department
Unified Tactics Instructors are:

- Matt Kohl
- Lucas Meyer

Community Service Officer

CSO Ada Schaefer

The Kaukauna Police Department has one part-time Community Service Officer (CSO) serving the community through a variety of duties.

- Vacation house checks are provided for city residents who are away from home. The CSO will go and check for any suspicious activity while a resident is on vacation. If you would like a house check done on your home while you are on vacation, please stop by the police department to fill out the appropriate paperwork.
- We also provide vehicle lockout service to our residents. The CSO will perform this service when on duty to keep the officers free for other calls and emergencies.
- The CSO also helps with traffic control at accidents, parades, and other special events. They may even fill in for a crossing guard every so often.
- The Community Service Officer also reports any junk vehicles found in the city. Junk vehicles cannot only have a disorderly appearance in the city but can be a health and safety issue.
- The CSO picks up stray animals in the city and brings them back to the police station. They are kept 24 hours for someone to claim. If not claimed, the CSO transports them to the Fox Valley Humane Association.

Administrative Support

Inge Murphy
Admin. Supervisor

Tammie Borin
Records Assistant

TJ Domek
Records Assistant

Melody Lankey
Records Assistant

Brenda Hufschmid
Records Assistant

The Administrative staff is an integral part of the Kaukauna Police Department. Tammie, Melody, TJ and Brenda are the first contact our citizens have when they come into the police department. When a citizen comes into the police department, it can be to file a complaint, fill out a vacation check form, obtain an alcohol permit or pay a parking ticket, among other things. The majority of the time, people are friendly, kind and thankful for the service our officers and staff provide.

Inge oversees the office happenings as the Administrative Services Supervisor. She works closely with office staff to streamline processes and keep things running smoothly for the officers.

She also trains and works with our crossing guards. There are two meetings per year she coordinates with the crossing guards. Additionally, she addresses any issues our crossing guards are having on their respective corners. If you have an opportunity, stop and thank our crossing guards for a job well done. The Kaukauna Police Department is always looking to add Crossing Guards to our group; if you, or someone you know, might be interested in assisting as a Crossing Guard, please call 920-766-6333.

One of the biggest responsibilities of the Administrative Services Supervisor is to fulfill records requests from citizens, other agencies and insurance companies. Before a record can be released, it must be reviewed to make sure it can be released. There are various reasons a report is unable to be released. If a report is able to be released, it must then be decided if anything in the report should be redacted, such as juvenile names. This process can take some time depending upon the individuals involved, severity of the case, as well as other factors.

Crossing Guards

Marie Soffa

Vicky Vandenberg

Diane Mashuda

Dennis Bruhn

Juli Hartzheim

Mike Schmidt

Sue Hagens

Not Shown: Alliceson Kruemmelbein and Courtney Griffin

The City of Kaukauna School Crossing Guard Program provides uniformed adult supervision at five school intersections where the majority of the students cross within the city. The crossing guards assist students, bikers and pedestrians when they are crossing the intersections to and from their classes. This service is provided between the hours of 6:45 and 8:00 A.M. and from 3:00 through 4:00 P.M.

During three weeks in June, some of the Crossing Guards are involved in the Safety Town Program that is designed to teach safety habits to the children who are entering school. It has evolved into a comprehensive program covering everything from crossing the street, to playground behavior, littering, avoiding poisons, stranger danger, call 911 and fire prevention. Police Officers and Firemen also participate as guest speakers.

The crossing guards are a vital part of our children's safety. This is a position that our guards take great pride in, and we are always looking to add more crossing guards to our group. *If you are interested in joining this amazing group, please contact Inge Murphy at the Kaukauna Police Department, 920-766-6333.*

Kaukauna Police Department Programs

- **Abatement Program**
The Kaukauna Police Department assists landlords with eliminating problem tenants involved in disturbances, gang and drug activity.
- **Bicycle Licensing**
License bicycles for locating and returning bicycles to owner.
- **Bicycle Safety**
Provide bicycle safety guidelines, teach bicycle laws, and promote bicycle helmet use, helmet giveaways and ice cream rewards for good bicycle obedience.
- **Business Security**
Perform routine business checks looking for open doors or suspicious activity.
- **Crime Prevention**
Give safety and crime prevention talks, provide and train individuals with information on detection and prevention of crime, and proper methods of reporting crime and what to look for.
- **Crime Stoppers**
Crime Stoppers is a Police Community program geared toward the fight against crime. It involves the public, media and the police working together.
- **McGruff Program**
The McGruff program has many different functions. We are currently using McGruff for discussion and appearances, along with educating children.
- **Police Lights of Christmas**
The Lights of Christmas program provides support for people in need. Funds are raised throughout the year, and the monies are turned into gift cards for officers to disperse to people in need they come in contact with while on patrol.
- **Safety Town**
Teach children how to obey stop signs, traffic lights, crossing the streets and being safe. Also teach how to use 911 for emergencies.
- **School Resource Program**
The School Resource Officers (SROs) work in cooperation with the schools, parents and police. Provide early intervention. Work with delinquent behavior, promote positive decision making, teach conflict resolution and responsibility. Give presentations, provide education and services available for juveniles.
- **Vacation House Checks**
Provide house checks for residents on vacation.
- **Vehicle Lock Outs**
Provide vehicle lock out service to residents free of charge.
- **Victim Crisis Response**
The Victim Crisis Response program (VCRs) is a resource available for law enforcement and victims to assist in tragic events. Volunteers assist any time of day or night wherever needed.

Police Lights of Christmas

From 2 departments in 2016 to 82 departments in 2023 - the 8th year of the Police Lights of Christmas program is continuing to show tremendous growth and community excitement. Annual fundraising events like the Law Enforcement "Ride With the Lights" motorcycle rally and "Cops@Culver's Day" not only present fun opportunities to hang out with your local officers, but all funds raised from events (and sponsors) get turned into gift cards and then stocked in area squad cars and on duty belts for officers to use to help people in need that they come into contact with while on patrol. In 2022 \$175,000 was handed off to 55 police departments. With over 80 law enforcement agencies participating for the 2023 season, the program has added one more FUN-raiser - a state-wide Photo COPetition between all of the agencies! Each department (or several collaborating together) was assigned a 'neighborly' theme to capture a photo of; a picture of an officer doing normal, random things you'd see everyday neighbors doing - because these officers ARE our neighbors! Communities across the state had an opportunity beginning September 1st to see all of the submitted photos and to VOTE for their favorite! Every dollar donated towards each photo equals 1 vote. The winning photo (department) earned an extra \$2000 in gift cards for their community courtesy of Kolosso Toyota (\$1000 for 2nd place; \$500 for 3rd). Plus each department gets to keep all of the donations earned from their photo during voting! In November all the departments were invited to the Johnsonville Tailgate Village at Lambeau Field to assemble backpacks and learn the winners of the Photo COPetition. Special guest and Green Bay Packer, Jordan Love, stopped by and had a photo opp with any of the officers.

This truly is a win for each community - meeting officers at these events, forging those relationships - all while raising money for those in need. And the benefit to each department, to each officer, as they are able to utilize these gift cards in some of the toughest situations... Strong, tight knit communities come from working together. That's what those POLICE LIGHTS truly represent to each of us - hope.

Our officers and school resource officers deal with juvenile calls on a daily basis all year long. The nature of these calls include: apprehension requests, battery, curfew, disorderly conduct, drugs, harassment, resisting, runaways, theft, truancy, trespassing and vaping, among many others.

In 2023, our officers dealt with **503 calls involving juveniles in our city**. This is comparable to 300 calls involving juveniles in 2022.

In 2022, there were 904 municipal citations issued by the Kaukauna Police Department. **In 2023, our officers issued 1163 municipal citations.**

Statistics

Kaukauna Police Department has 27 full-time sworn officers.

Officers cover all areas of the city and are not assigned to a specific district. This provides all the officers familiarity with the entire city not just a specific range. Officers not only handle the traffic and accident calls on the road but also manage an array of incidents that come in daily, as are listed on the right. In addition, officers handle over 450 serious crimes that are referred to the District Attorney's Office.

The School Resource Officers handle calls that occur at the schools, and patrol may be called to juvenile calls that occur at home or in the city. Juvenile calls may include thefts, runaway, truancy, disturbances, smoking, drugs/alcohol, and damage to property.

Police need to be cross-trained to handle any situation at any given time. They also need to be able to switch from handling one diverse call after another.

Officers cover the following specialty areas:

- School Resource Officer (SRO)
- Crime Prevention
- DAAT Training
- Evidence Technicians
- Emergency Response Team (ERT/SWAT)
- MEG Unit (Drugs)
- K9 Unit
- Emergency Vehicle Operation Control (EVOC)
- Victim Crisis Response (VCR)

PARKING

Our officers continue to monitor the parking according to the City Ordinance Traffic Code Chapter 7.12. Most of our parking violations come from our winter parking restrictions from December 1 through March 31 in which:

No vehicle shall be parked or standing unattended on any public street of the City of Kaukauna between the hours of 2:00 a.m. and 6:00 a.m.

Our officers have also continued to monitor our business district where we have 15, 30 and 90 minute parking stalls, also with the no parking restriction from 2:00 a.m. to 6:00 a.m.

PROMOTIONS

Mike Frank was promoted to Sergeant.

Tyler Romenesko was promoted to Detective.

Lucas Meyer was promoted to School Resource Officer.
