Re: Recommended No Parking on east side of Brill Road from 140' south of 7th Street to 9th Street.

Background information:

Due to concerns raised by residents and staff, and in conjunction with the upcoming re-paving of Brill Road, we are proposing to update 7.12 Parking Regulations section of municipal code.

The existing 7.12(1)(h) restricts parking "on the west side of the street from Seventh Street to Tenth Street". Due to a narrow section of road (24-27' wide) between W 9th and W 8th Streets, we are recommending restricting parking along the east side of the road in this area also. The road will not be widened during construction due to the abutting ravine. The proposed road does widen back to full width (33' wide) about 140' south of W 7th Street and south of W. 9th Street.

Strategic Plan:

This recommendation is for the safety and wellbeing of pedestrians and traffic navigating the area.

Budget: Minor expenses for paint and signage.

Staff Recommended Action:

Direct staff and City Attorney to draft an update to section 7.12 of the municipal code to restrict parking along the east side of Brill Road from a point approximately 140' south of W 7th Street to W 9th Street and forward to Legislative Committee for consideration.
