Re: Personnel Updates

An offer was made to Bethany Neuman for the Adult Services Librarian II position. Bethany is currently the Assistant Supervisor of Materials Management at Appleton Public Library. Bethany has been working in libraries in Florida and Wisconsin since 2017 and has a wide array of experience including branch supervisor, librarian with the department of corrections, reference librarian, and materials management. Bethany is a nature enthusiast and is excited to be able to work with our local nature center on adult programming. Bethany will start on April 6.

On-Call Library Assistant Tyler Hodkiewicz has submitted his resignation. Tyler has accepted a position which involves more travel than he currently does and he would like to focus on his new position. His last day is March 18.

We will likely need to post for additional On-Call staff; however, I have not yet decided on the timeline for this as we have had a lot of staffing changes in the first quarter of this year. One On-Call staff member has let us know that they will be officially retiring when the new ILS software goes live, so we anticipate being two On-Call short before August.
