

February 5th, 2024

Agenda Item # 2A
4-24 Asphalt Paving Project

Background

The Engineering Department has reviewed and analyzed the bids from Northeast Asphalt and MCC Inc, received on January 31, 2024, at 4:00PM for the 4-24 Asphalt Paving Project. The Engineering Department received two bids this year and also created an engineer's estimate prior to bid opening.

Review

The Engineering Department has compared the two received bids against the engineers estimate. The bids themselves are within \$58,605.44 of each other which is a good indication that they are competitive. The lower bid (Northeast) is under the Engineers Estimate by \$59,394.50 which is another indication that the received bids are reasonable and competitive. Attached is a bid tabulation showing the pricing differences between the received bids.

There is the Alternate A section of this project, which is the relay of storm sewer in the Downtown Second Street Alley. This work would be done in early Spring, so the storm sewer relay does not interfere with other utility work in the Alley.

Recommended Action

Award Project 4-24 Asphalt Paving Units A and B to Northeast Asphalt, Greenville, WI for a total bid price of \$318,455.85. Award Project 4-24 Asphalt Paving Alternate A to Northeast Asphalt Paving for a total bid price of \$129,845.35.
