Re: **Agenda Item #2a:** Authorization to seek bids for Project #2-25 – Sanitary Sewer and Water Main Joint Utility Project

Background information:

The Engineering Department is completing plans for our annual utility relay project with Kaukauna Utilities. The proposed project will consist of two parts. Part A is in the Tobacnoir Street to Delanglade Street neighborhoods between Lawe Street and the Rail Road Tracks. This part of the project will include replacement of sanitary sewer, water mains, private laterals from the main to the homes, temporary asphalt overlay, and restoration of the affected areas. Part B is in the Industrial Park area. This part of the project will include replacement of water mains, private water services from the main to the Right of Way, concrete roadway replacement where necessary, and restoration of the affected areas. A map depicting these two work locations is shown on the following page.

Strategic Plan:

N/A

Budget:

Funds will be taken from the 602 – Sanitary Account. City spending estimated to be near \$1 Million, with the remaining costs being recouped from Kaukauna Utilities. Total project cost estimated to be near \$4 Million

Staff Recommended Action:

Motion to authorize the Engineering Department to seek bids for Project #2-25, Sanitary Sewer and Water Main Joint Utility Project
