

Agenda Item 2e
RFP – Jonen Park Pavilion

Background

Jonen Park was developed in 2008 with possible additions/amenities discussed. One such amenity was a future pavilion. Due to recent increases in park use, the project is in demand. Engineering Department would work with the Community Enrichment Service Director and Street/Park Departments to seek proposals for the design of the pavilion. We would anticipate being able to return to this board in summer 2022 with construction plans, in order to seek bids. This pavilion is a budgeted item for 2022 capital improvements.

Recommended Action

Direct Engineering to seek proposals and complete the design of Jonen Park Pavilion.
